Sunraysia Solar Farm – Head Contract

- R1 connection registration granted in December 2020; Solar farm is in commissioning phase (currently Hold point 3 stage testing – being the final stage)
- Dispute concerns claims for extensions of time, variations, payment of liquidated damages, return and reinstatement of security and claims concerning alleged defects; Decmil claims the deduction of liquidated damages, recourse to security and set-off is wrongful
- Arbitration proceedings progressed, with a current stay of proceedings, pending substantial completion of works by 30-Nov-21

Sunraysia Solar Farm – Supply Contract

- Decmil appointed Schneider under a Supply Contract to supply invertors necessary for the performance of the works under the Head Contract
