#### **Review of operations**

For the half-year ended 30 June 2021, the revenue experienced a decline of 70.14% compared to the previous half-year to AUD\$1,074,124 from AUD\$3,597,985.

The decline in revenue is primarily due to the global pandemic COVID-19 which has impact the core business income stream of software activation, license rights and program fee from the sign up of new affiliates. The imposed Movement Control Order (MCO) in countries which the Group is operating in has further affected business activities of training and affiliate events which decreased new affiliates sign up.

Despite the performance observed above, the Group has taken the offensive and introduced an economic stimulus package for key stakeholders of affiliates, advertisers and users. Majority of the business activities have been moved online with automation of processes. This strategy is significant in managing expenses during this uncertain time while continuing to stimulate the market. This resulted in the Group's profit after taxation to AUD\$144,184 from loss after taxation AUD\$807,628 in the previous corresponding half-year. The Management has been optimistic that the Group's products and services are well-placed for acceptance more than ever and would contribute positively for the time coming.

- (i) giving a true and fair view of the Group's financial position as at 30 June 2021 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### Auditor's Responsibility for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
