Investor Webinar Presentations

- **Thursday 9 September 2021:** Nanoveu to participate in the Broker Briefing – Tech and Biotech Investor Webinar
- **Friday 10 September 2021:** Nanoveu will present its FY2021 Half-year Results and its Placement and Entitlement Issue

Nanoveu Limited (**Nanoveu** or the **Company**) is pleased to announce its upcoming Investor Webinars.

Broker Briefing – Tech and Biotech Investor Webinar:

Nanoveu is pleased to announce its participation in the Broker Briefing – Tech and Biotech Investor Webinar, Thursday 9 September from 11:00am AEST / 09:00am AWST.

The Company's CEO Alfred Chong will provide an overview of the Company's operations and will provide viewers the opportunity to hear from, and engage with, a range of ASX-listed leading tech and biotech companies.

To access further details of the event and to register at no cost, please copy and paste the following link into your internet browser:

https://zoom.us/webinar/register/5716269109204/WN_CvohbgPISfOEz1d2hdaQzg

A recorded copy of the webinar will be made available following the event.

Attendees will be able to submit questions through the panel during the Investor Webinar, however, we encourage questions to be sent through beforehand to info@brokerbriefing.com

FY2021 Half-year Results and its Placement and Entitlement Issue:

Nanoveu will hold its FY2021 half-year results presentation Friday 10 September from 10:30am AEST / 08:30 AWST.

The Company's CEO, Alfred Chong, will provide an overview of the Company's half-year results for the period ending 30 June 2021.

Nanoveu will also talk to its recent announcement of its placement to sophisticated and professional investors to raise \$1,350,000 (before costs) through the issue of 30,000,000 fully paid ordinary shares ('shares') in the Company ('Placement') with 1 free attaching option exercisable at \$0.058 on or before the second anniversary of the issue of the Placement shares for every 2 shares issued, subject to shareholder approval which the Company aims to seek in October 2021.

This webinar is able to be viewed live via Zoom and will provide viewers the opportunity to hear from and engage with Nanoveu directly. If investors would like to submit questions ahead of the webinars please email: info@nanoveu.com

About Nanoveu Limited

We are technology innovators who specialize in modern, cutting-edge nanotechnology that improve the way we live, from reducing contagious transmissions on high touch points to immersive vision-based entertainment. <https://www.nanoveu.com/>

Nanoshield - is a film which uses a patented polymer of Cuprous embedded film to self-disinfect surfaces. Nanoshield antiviral protection which is available in a variety of shapes and forms, from mobile screen covers, to mobile phone cases and as a PVC commercial film, capable of being applied to a number of surfaces such as doorhandles and push panels. The perfectly clear plastic film contains a layer of charged copper nanoparticles which have antiviral and antimicrobial properties. This technology is also being applied to fabric applications targeting use in the personal protective equipment sector.

EyeFly3D - is a film applied to digital displays that allowed users to experience 3D without the need for glasses on everyday mobile handheld devices.

Customskins - are vending machines capable of precisely applying screen covers to mobile phones with an alignment accuracy of 150 microns.

EyeFyx - currently in research and development stage, EyeFyx is a vision correction solution using hardware and software to manipulate screen output addressing long-sightedness without the need to wear reading glasses.
