Directors' Report .....	4
Auditor's Independence Declaration .....	6
Interim statement of comprehensive income.....	7
Interim statement of financial position .....	8
Interim statement of changes in equity.....	9
Interim statement of cash flows.....	10
Notes to the interim financial statements .....	11
Directors Declaration.....	14
Independent auditor's review report to the members .....	15
Appendix 4D.....	17

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the Annual Report for the year ended 31 December 2020 and any public announcements made by Kula Gold Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

## **Directors' Report**

Your directors present their report on Kula Gold Limited (“Kula” or the “Company”) for the half-year ended 30 June 2021.

### **Directors**

The following persons were directors of Kula Gold Limited during the whole of the half-year and up to the date of this report unless noted otherwise:

Mark Stowell  
Mark Bojanjac  
Simon Adams  
John Hannaford

### **Review of operations**

Kula has continued with its mineral exploration activities in Western Australia. Applications have been filed with DMIRS for twelve exploration licenses (EL) so far in 2021. A further six EL's were granted during 2021 up to 30 June 2021. Exploration programs are ongoing across multiple projects which includes the recent Kaolin discovery at the Boomerang prospect (Southern Cross WA).

#### **Airfield Gold Project (Southern Cross WA) 100%**

The Airfield gold project is located 5km east of the town of Marvel Loch, a major gold mining centre in Western Australia. This locality has a number of current and historical mining operations nearby which provides valuable infrastructure and services for potential future development. This region has seen over 15Moz of historical gold production and the Marvel Loch mine and mill continue production under the ownership of Minjar Gold.

A 1,823m AC/RC drill program was completed during April 2021, this RC drilling discovered large areas of previously unmapped nor recognised amphibolite/BIF (greenstone) in the Airfield Gold Project. The Company has recognised a geophysical signature associated with the results and has identified numerous repeats of similar greenstone prospects in the region so Kula has applied for new applications adding to Airfield covering 570km<sup>2</sup>.

1,253 Auger holes have been completed to date with confirmed bedrock gold. An upcoming orientation diamond drill program will test previously defined gold targets.

#### **Boomerang Kaolin Prospect (Southern Cross WA) 100%**

RC drilling at the Marvel Loch discovered +42m vertical thickness high quality Kaolin clays near the surface with over a 300m drilled length. Drillhole 21BMRC001 intersected 10m @ 7% Halloysite from 40m depth downhole (8.8m true thickness) within an intersection of 55m of kaolin downhole.

Follow up drilling on this discovery is planned during the second half of 2021, this will determine the size and grade of this Kaolin discovery.

#### **Brunswick Cu-Au and Ni-PGE Project (South West WA) 100%**

Kula has large land holdings covering over 300km<sup>2</sup>, in the prospective Western Gneiss terrain which hosts Chalice Gold Mines, 'Julimar Ni-Cu-PGE-Au Project' to the North, and the Boddington Cu-Au Mine to the NE. Fieldwork successfully recognised chalcopyrite-pyrite+-pyrrhotite-sphalerite mineralisation at one location and readings up to 0.18%Ni in altered Ultramafics in another location. This may be the first recorded Ultramafic in this under-explored district. The Brunswick Project is also prospective for Lithium bearing pegmatites. 840 hand collected geochemical samples have been taken in H1 2021 with follow-up work on finalisation of assays.

Exploration programs on the project will be ongoing throughout the remainder of 2021.

### **Westonia Gold Project (Southern Cross WA) 100%**

Kula has secured tenement applications covering 357km<sup>2</sup> around the Edna May Gold Mine at Westonia WA. Gravity and magnetic targets have been identified by Kula from reprocessing publicly available data. Previous surface sampling has been interpreted to be ineffective due to the presence of transported cover in the area. Kula will employ deeper auger geochemical sampling techniques with a low cost first pass exploration method.

### **Rankin Dome Gold Project (Southern Cross WA) 100%**

The Rankin Dome Gold Project covers over 160km<sup>2</sup> located 10km west of Southern Cross. Landowner agreement has been secured over a significant portion of the licence including the area with amphibolite. Exploration activities will commence once the relevant approvals are obtained.

### **Kula-Lake Rebecca Gold Project – NE of Kalgoorlie (100%)**

This 190km sq gold exploration project is located 150km ENE of Kalgoorlie, south of Lake Rebecca, and adjacent to Apollo Consolidated landholding which hosts the recent discovery of the 1moz Gold Lake Rebecca Gold project. Adjacent to the West is E79 Gold Mines, an upcoming IPO. The expenditure commitment for DMIRS has been met for this year's licence term. Further programs including auger geochem are approved POW and scheduled for 2022.

### **Corporate**

In March 2021 the Company completed a placement which raised \$0.93m (before costs).

### **Significant matters relating to the ongoing viability of operations**

At the balance date of this report (30 June) the Company has a cash and cash equivalents balance of \$1,238,473.

After the balance date of this report, a placement was successfully completed which raised \$1.8 million (before costs).

The Directors are satisfied that the company has sufficient working capital to meet commitments and cover operating costs, and thus it is appropriate to prepare the financial statements on a going concern basis.

### **Events occurring after the report period**

A successful capital raise was completed on 29<sup>th</sup> July 2021 which raised approximately \$1.8 million (before costs).

### **Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 6.

### **Rounding of amounts**

The Company is of a kind referred to in ASIC Corporations (Rounding in Financial / Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Instrument, amounts in the financial report and Directors' Report have been rounded off to the nearest dollar unless otherwise indicated.

This report is made in accordance with a resolution of directors.

**Chairman  
Perth**

**13 September 2021**

## Auditor's Independence Declaration

To those charged with the governance of Kula Gold Limited

I declare that, to the best of my knowledge and belief, during the half-year ended 30 June 2021 there have been no contraventions of:

- the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the review; and
- any applicable code of professional conduct in relation to the review.

## **1. Basis of preparation of half-year report**

This interim financial report for the half-year reporting period ended 30 June 2021 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 December 2020 and any public announcements made by Kula Gold Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the adoption of new standards and interpretations as of 1 January, 2021. Newly adopted standards and interpretations have not had a material impact on the interim financial report.

The following additional accounting policies have been applied during the half-year.

### **(a) Significant matters relating to ongoing viability of operations**

The entity recorded a loss of \$808,302 for the six months ended 30 June 2021 (2020: loss of \$151,336) and the company had a net cash inflow from operating, investing and financing activities of \$49,516 for the six months ended 30 June 2021 (2020: outflow \$9,894). The entity had cash and cash equivalents at 30 June 2021 of \$1,238,473.

In July 2021, the Company successfully raised \$1.8m from a placement for the purpose of providing working capital for future exploration activity, and thus it is appropriate to prepare the financial statements on a going concern basis. The Directors consider the basis of going concern to be appropriate for the following reasons:

- the Company's market capitalisation and the underlying prospects enable the Company to be able to raise further funds from the capital markets;
- the fact that future exploration and evaluation expenditure is generally discretionary in nature (i.e. at the discretion of the Directors having regard to an assessment of the Company's eligible expenditure to date and the timing and quantum of its remaining earn-in expenditure requirements). Subject to meeting certain minimum expenditure commitments, further exploration activities may be slowed or suspended as part of the management of the Company's working capital.

The cashflow forecast for the period ending 31 August 2022 reflects that the Group has sufficient working capital to enable it to continue to fund its ongoing expenditure requirements.

**2. Related party transactions**

The Company leases premises at 20 Howard Street, Perth from an entity that is controlled by Mark Stowell (Chairman). The terms of this lease are set at a rate that is considered to be arms length for comparable premises. The rental income paid for this premises during the half yearly period ending 30 June 2021 was \$14,380.85 (2020 - \$9,485).

The Company hired specialised XRF equipment from an entity that is controlled by Mark Stowell on commercial arm's length terms. The hire fees paid for this equipment during the half year ending 30 June 2021 was \$6,000 (2020 - \$2,400).

Other than above, the Company had no related party transactions for the half year ended 30 June 2021.

<b>(i) Share-based payments reserve</b>		
The share-based payments reserve is used to recognise the grant date fair value of options issued.		
<b>(ii) Consolidation reserve</b>		
This reserve represents the difference between the minority interest recognised and the equity contributions received from Geopacific Resources Ltd.		

**7. Events occurring after the report period**

Capital of \$1.8 million (before costs) was raised through a placement that was completed on 29<sup>th</sup> July 2021.

**8. Segment reporting**

The Company operates in only one segment being mineral exploration in Western Australia.

**9. Share Based Payments**

In May 2021, Kula resolved to issue, with shareholder approval at the Company's Annual General Meeting, unlisted options to Key Management Personal under an employee incentive scheme. The options were issued on the 28 June 2021 with an exercise price of \$0.06 and an expiry of 1 July 2026. 50% of the options vested to employees immediately and the remaining 50% vest in 12 months from issue. The fair value of the unlisted options on the date of issue is approximately \$90,264 using a Black-Scholes option valuation methodology. The criteria for the valuation were as follows:

Risk free rate –	0.79%
Stock volatility –	108%
Market price at issue -	\$0.04
Exercise Price -	\$0.06

**Directors Declaration**

In accordance with a resolution of the directors of Kula Gold Limited, I state that:

In the opinion of the directors:

- a) the financial statements and notes of Kula Gold Limited for the half-year ended 30 June 2021 are in accordance with the *Corporations Act 2001*, including:
- b) giving a true and fair view of the entity's financial position as at 30 June 2021 and of its performance for the half-year ended on that date; and
- c) complying with Accounting Standards and the *Corporations Regulations 2001*; and
- d) subject to achieving the matters set out in note 1(a), there are reasonable grounds to believe that Kula Gold Limited will be able to pay its debts as and when they become due and payable.

On behalf of the board

Director  
Perth

13 September 2021

# ELDERTON

AUDIT PTY LTD

## Independent Auditor's Review Report

To the members of Kula Gold Limited

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Kula Gold Limited, which comprises the condensed statement of financial position as at 30 June 2021, the condensed statement of profit or loss, the condensed statement of comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

### Directors' Responsibility for the Half-Year Financial Report

The directors of Kula Gold Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of Kula Gold Limited's financial position as at 30 June 2021 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*. As the auditor of Kula Gold Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Kula Gold Limited would be in the same terms if given to the directors as at the time of this auditor's review report

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Kula Gold Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of Kula Gold Limited's financial position as at 30 June 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
