

Copper-Gold Exploration in Western Australia

Corporate Presentation - 2021

Disclosures and Disclaimers

This investor presentation (Presentation) has been prepared by Kingfisher Mining Limited ACN 629 675 216 (Kingfisher or Company). The following disclaimer applies to this Presentation and any information provided regarding the information contained in this Presentation, and you are therefore advised to read this carefully before reading or making any other use of this Presentation or any information contained in this Presentation. By accepting this Presentation, you represent and warrant that you are entitled to receive the Presentation in accordance with the below restrictions and agree to be bound by the limitations contained herein.

Summary Information

This Presentation contains summary information about Kingfisher and its activities which is current as at the date of this Presentation. The information in this Presentation is of a general nature and does not purport to be complete nor does it contain all the information which a prospective investor may require in evaluating a possible investment in Kingfisher or that would be required in a prospectus prepared in accordance with the requirements of the Corporations Act. This Presentation should be read in conjunction with Kingfisher's other periodic and continuous disclosure announcements which are available at www.asx.com.au. Unless otherwise specified, statements in this Presentation are made only as at the date of this Presentation and the information in this Presentation remains subject to change without notice. The Company may in its absolute discretion, but without being under any obligation to do so, update or supplement this Presentation.

Not A Disclosure Document

This Presentation is for information purposes only and is not a disclosure document, product disclosure statement or other offering document or contract under Australian law or any other law (and will not be lodged with ASIC). This Presentation and its contents must not be distributed, transmitted or viewed by any person in any jurisdiction where the distribution, transmission or viewing of this document would be unlawful under the securities or other laws of that or any other jurisdiction, including the United States. Not Financial Product Advice. This Presentation does not constitute financial product or investment advice or a recommendation to acquire securities in Kingfisher. The information in this Presentation does not take into account the investment objectives, financial situation or particular needs of any recipient and should not be relied on in considering the merits of any particular transaction. You may wish to seek independent legal, financial, regulatory and taxation advice before making any decision in respect of this Presentation. Neither the Company nor any of its related bodies corporate is licensed to provide financial product advice in respect of the Company's securities or any other financial products.

Forward Looking Statements

This Presentation contains forward looking statements with regard to the financial condition, results of operations and business of Kingfisher and certain plans, strategies and objectives of the management of Kingfisher. Forwards looking statements can generally be identified by use of words such as "may", "should", "could", "foresee", "plan", "aim", "will", "expect", "intend", "project", "estimate", "anticipate", "believe", "or" or similar expressions.

To the extent that certain statements contained in this Presentation may constitute forward looking statements or statements about future matters, the information reflects Kingfisher's intent, belief or expectations at the date of this Presentation. Any forward-looking statements, including projections, guidance on future revenues, earnings and estimates, are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Forward looking statements involve known and unknown risks, uncertainties and other factors that may cause Kingfisher's actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements.

Any forward-looking statements, opinions and estimates in this Presentation are based on assumptions and contingencies which are subject to change without notice.

Past Performance

Information on past performance and pro forma historical financial information in the Presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance. Actual results could differ materially from those referred to in this Presentation.

Disclaimer

No representation or warranty, express or implied, is made as to the accuracy, adequacy, completeness or reliability of any statements, estimates or opinions or other information, including forward looking statements, contained in this Presentation. To the maximum extent permitted by law, each of Kingfisher and its subsidiaries, and their respective directors, officers, employees, contractors, agents and advisers including the Lead Manager disclaims any responsibility or liability for the accuracy, fairness, sufficiency, timeliness or completeness of the material contained in this Presentation, or any opinions or beliefs contained in it, and excludes all liability whatsoever for any loss or damage (whether foreseeable or not and whether direct, indirect or consequential) which may be suffered by any person as a consequence of any information in this Presentation or any error in or omission from it, whether the loss or damage arises in tort (including negligence), contract, statute or otherwise.

- ii. Paulsens Gold Mine resources: ASX Announcement "Production set to increase 30% over next two years and costs to fall 10%" released 13 August 2020. <https://www.nsr ltd.com/wp-content/uploads/2020/08/Resources-and-Reserves-Production-and-Cost-Guidance-Update-ex-KCGM-13-08-2020.pdf>
- iii. Mt Clement resources: Artemis Resources Limited Annual Report to Shareholders for year ended 30 June 2019.

Competent Persons Statement

The information in this Presentation that relates to Exploration Results is based on information compiled by Mr James Farrell, a geologist and Executive Director / CEO employed by Kingfisher Mining Limited. Mr Farrell is a Member of the Australian Institute of Geoscientists and has sufficient experience that is relevant to this style of mineralisation and type of deposit under consideration and to the activity that is being reported on to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Farrell consents to the inclusion in the Presentation of the matters in the form and context in which it appears.

Kingfisher is a mineral exploration company committed to increasing shareholder wealth through the acquisition, exploration and development of copper and gold projects throughout Western Australia.

Investment Fundamentals

Growth opportunity

Established projects with exciting new drill targets.

Large tenement holding

Significant generative opportunities from 1,406km² of tenure on targeted geology and structures in emerging Ashburton and Gascoyne provinces.

Experienced board and management team

STRONG background in COPPER, GOLD and BASE METALS EXPLORATION, project development and mining operations.

Fully Funded

Exploration and future projects funded until end 2022.

Board of Directors

WARREN HALLAM

Non-Executive Chairman

Mr Hallam is a Metallurgist and a Mineral Economist and holds a Graduate Diploma in Finance. Mr Hallam has considerable technical, managerial and financial experience across a broad range of commodities being predominantly copper, nickel, tin, gold and iron ore. Mr Hallam has held numerous board positions including Directorships with Westgold Resources Limited, Aziana Limited and was the Managing Director of Metals Exploration Limited and Metals X Limited.

JAMES FARRELL

Executive Director and CEO

Mr Farrell is an exploration and resource development geologist with 20 years' experience in the resource industry in Australia, Africa and Asia. Mr Farrell has significant experience with project generation, multidisciplinary project development studies, project development strategy and technical due diligence for company mergers, project acquisition and project divestment.

SCOTT HUFFADINE

Non-Executive Director

Mr Huffadine holds a Bachelor of Science with Honours. Mr Huffadine is a Geologist with more than 20 years' experience in the resource industry, specifically project management, geology and executive management. Mr Huffadine has held several key management positions ranging from operational start-ups involving open pit and underground mining projects, through to large integrated operations in gold and base metals. He was previously Managing Director of Kingsrose Mining Limited, an Executive Director of Metals X Limited and Managing Director of Westgold Resources Limited. He is also a Director of Pantoro (PNR:ASX).

ADAM SCHOFIELD

Non-Executive Director

Mr Schofield is a mining company executive with over 20 years experience in the resources sector in Australia and Africa. He has significant experience in conducting feasibility studies and taking projects from feasibility stage into operations. He has extensive experience in Gold, Copper, Mineral Sands and Iron Ore. He is also a Director of Nelson Resources Limited (NES:ASX) and Heavy Minerals Limited (HVY:ASX).

Exploration Projects

Known mineralisation and significant pipeline of generative opportunities in underexplored areas

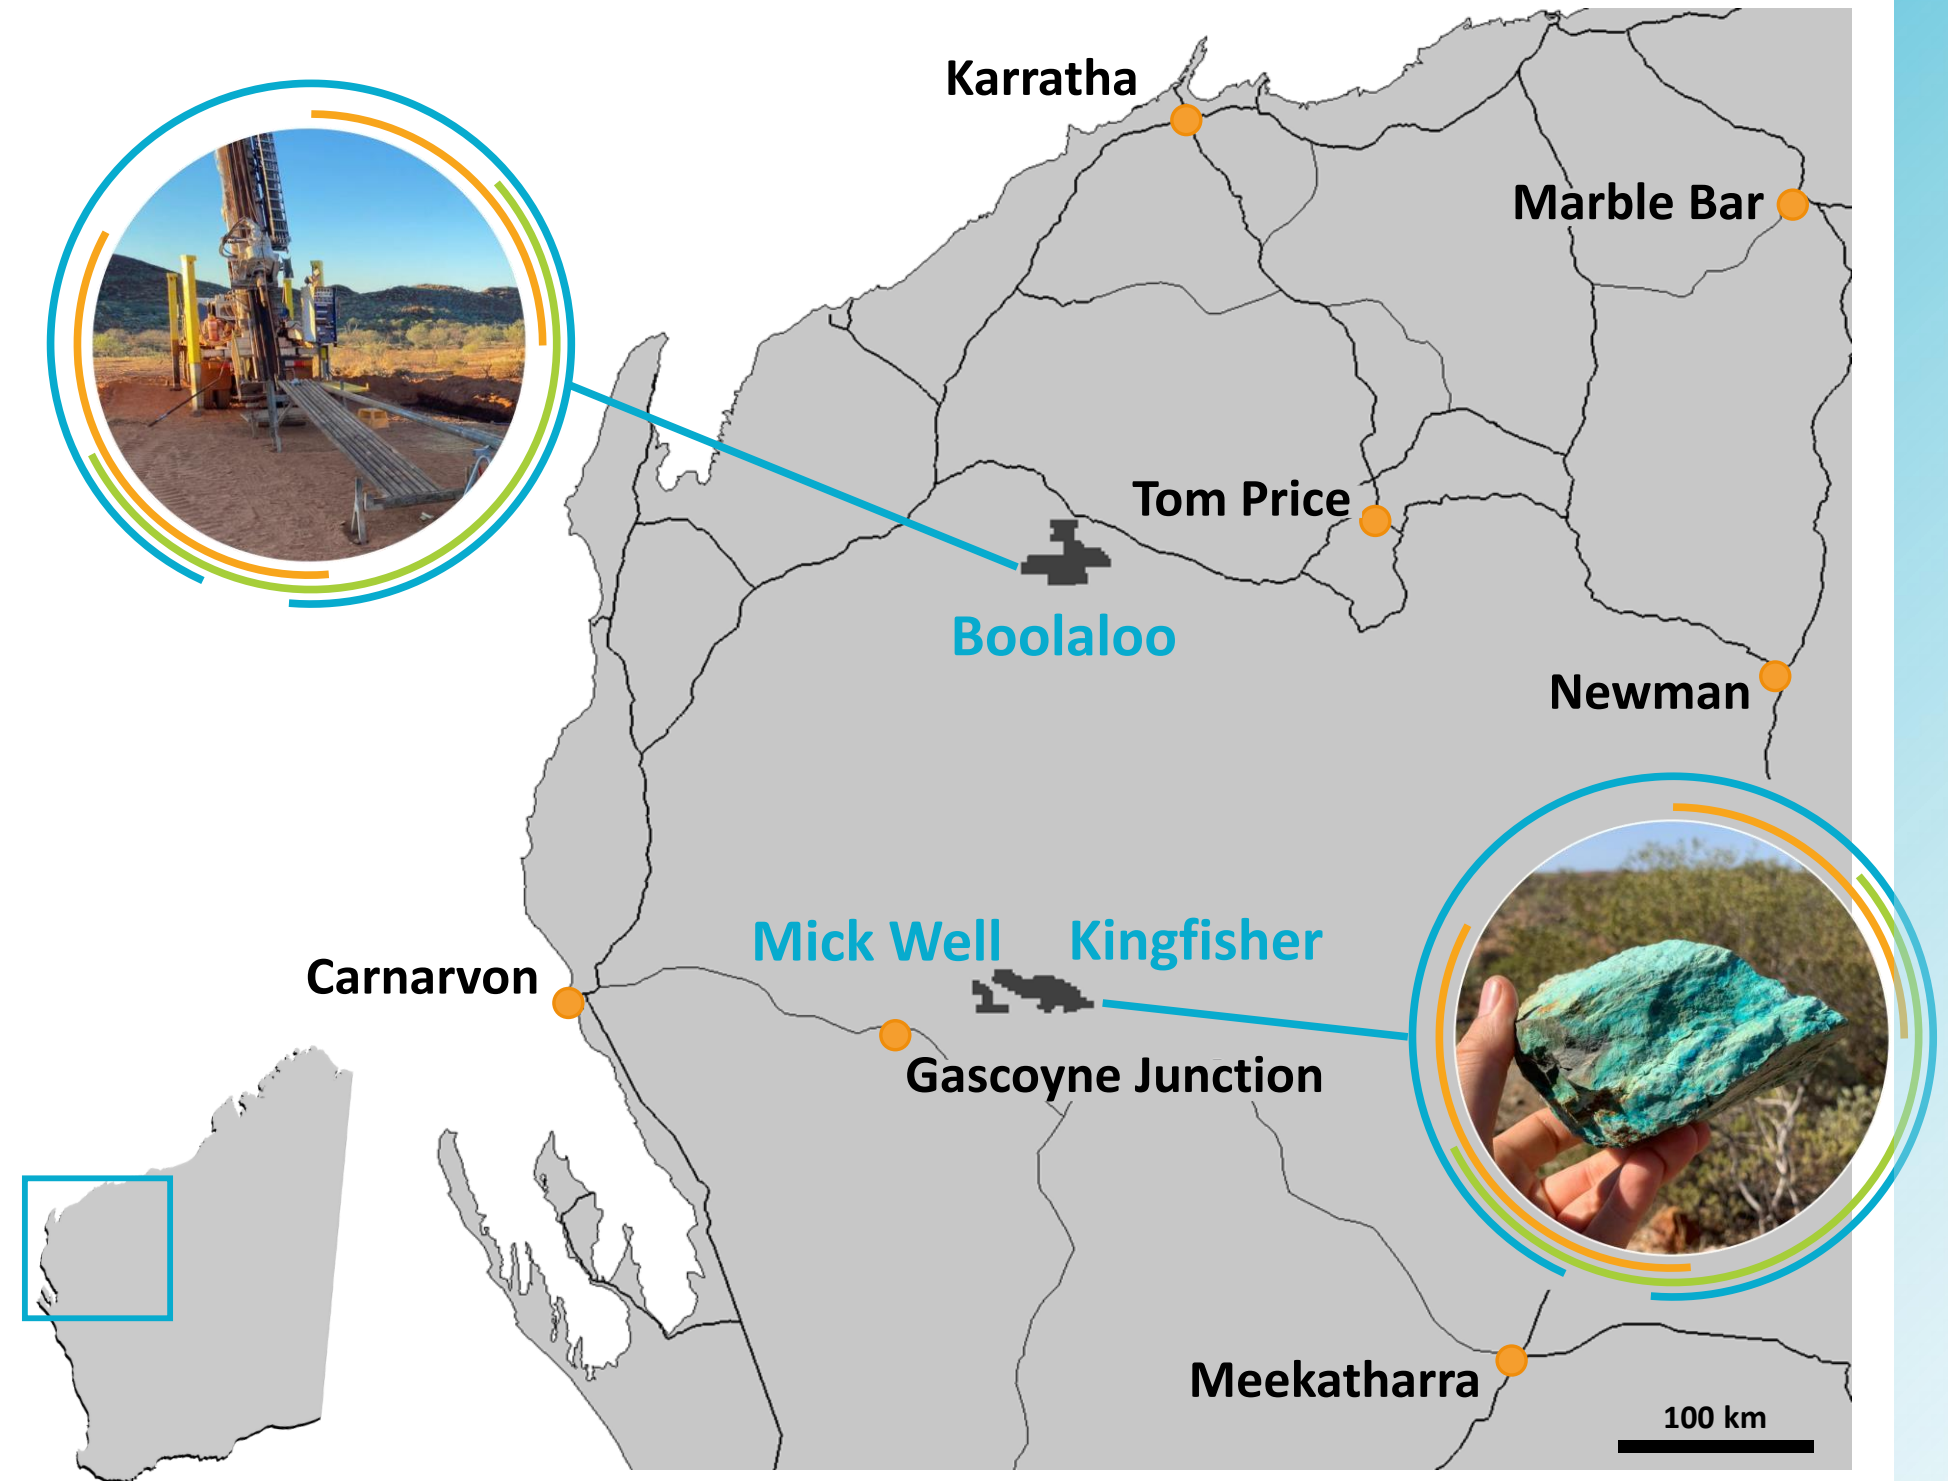

GASCOYNE MINERAL FIELD

- Three 100% owned projects
- VMS targets

ASHBURTON MINERAL FIELD

- Highly prospective mineral province
- New discoveries
- Historic copper mines

Boolaloo

Demonstrated copper-gold mineralisation and large landholding in an emerging region

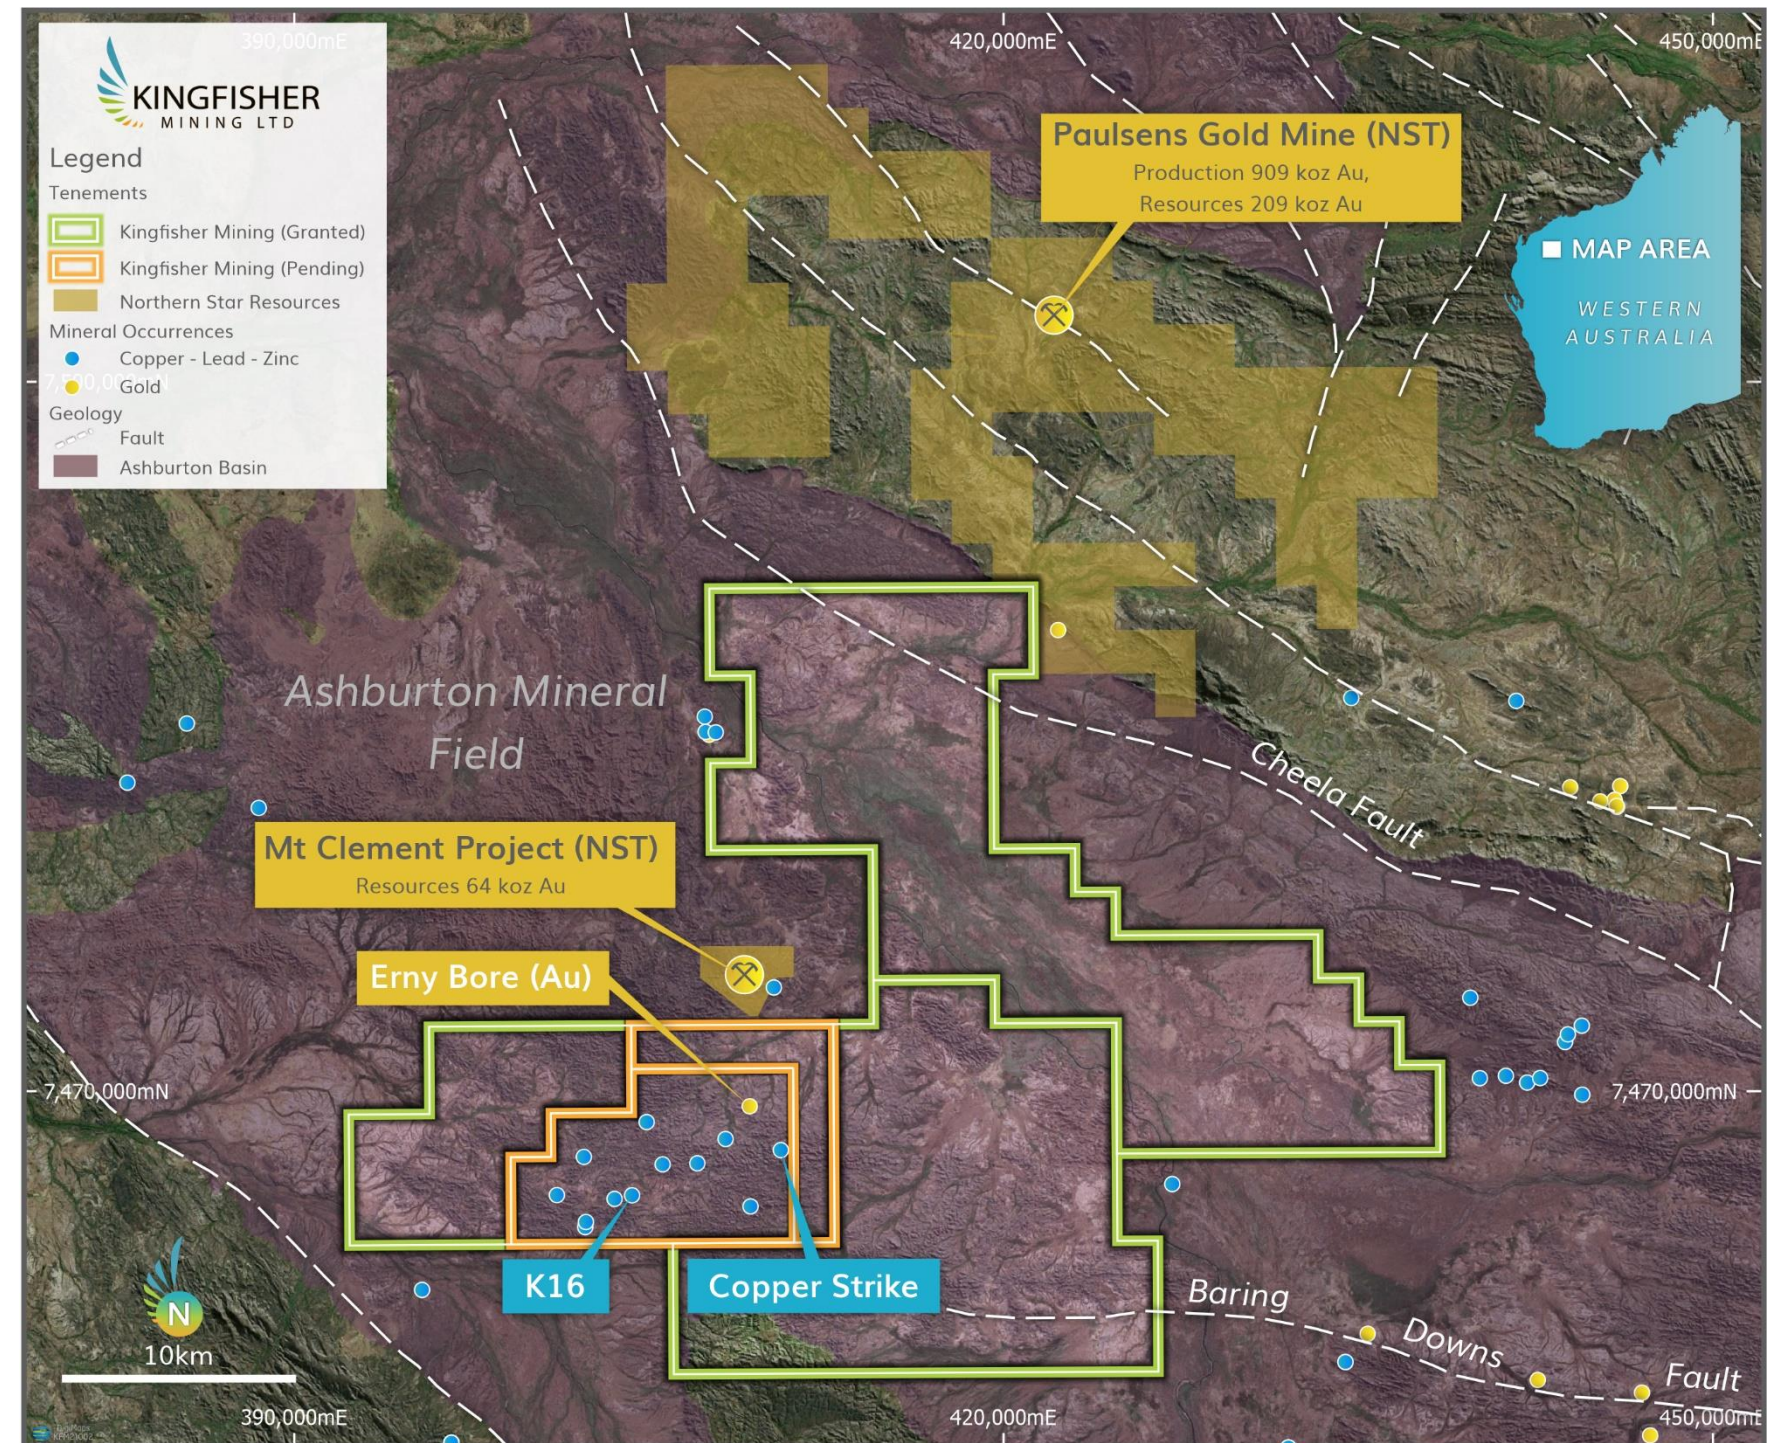

160km west of Paraburdoo
35km southwest of the Paulsens gold mine
in the Ashburton Mineral Field.

Underexplored and prospective for
sediment-hosted and shear-associated
Cu, Cu-Au and Au mineralisation.

Significant tenement holding, with the
recent application for E08/3317 immediately
adjacent to the Company's existing tenure
expanding its holding to 713km².

Refer to disclosures slide for past productionⁱ and resourcesⁱⁱ of Paulsens Gold Mine and Mt Clement Projectⁱⁱⁱ.

Boolaloo - Defined Targets

New discoveries and known mineralisation from past exploration success

35 RC holes drilled for 4,340m

3 follow-up diamond drill holes for 405m

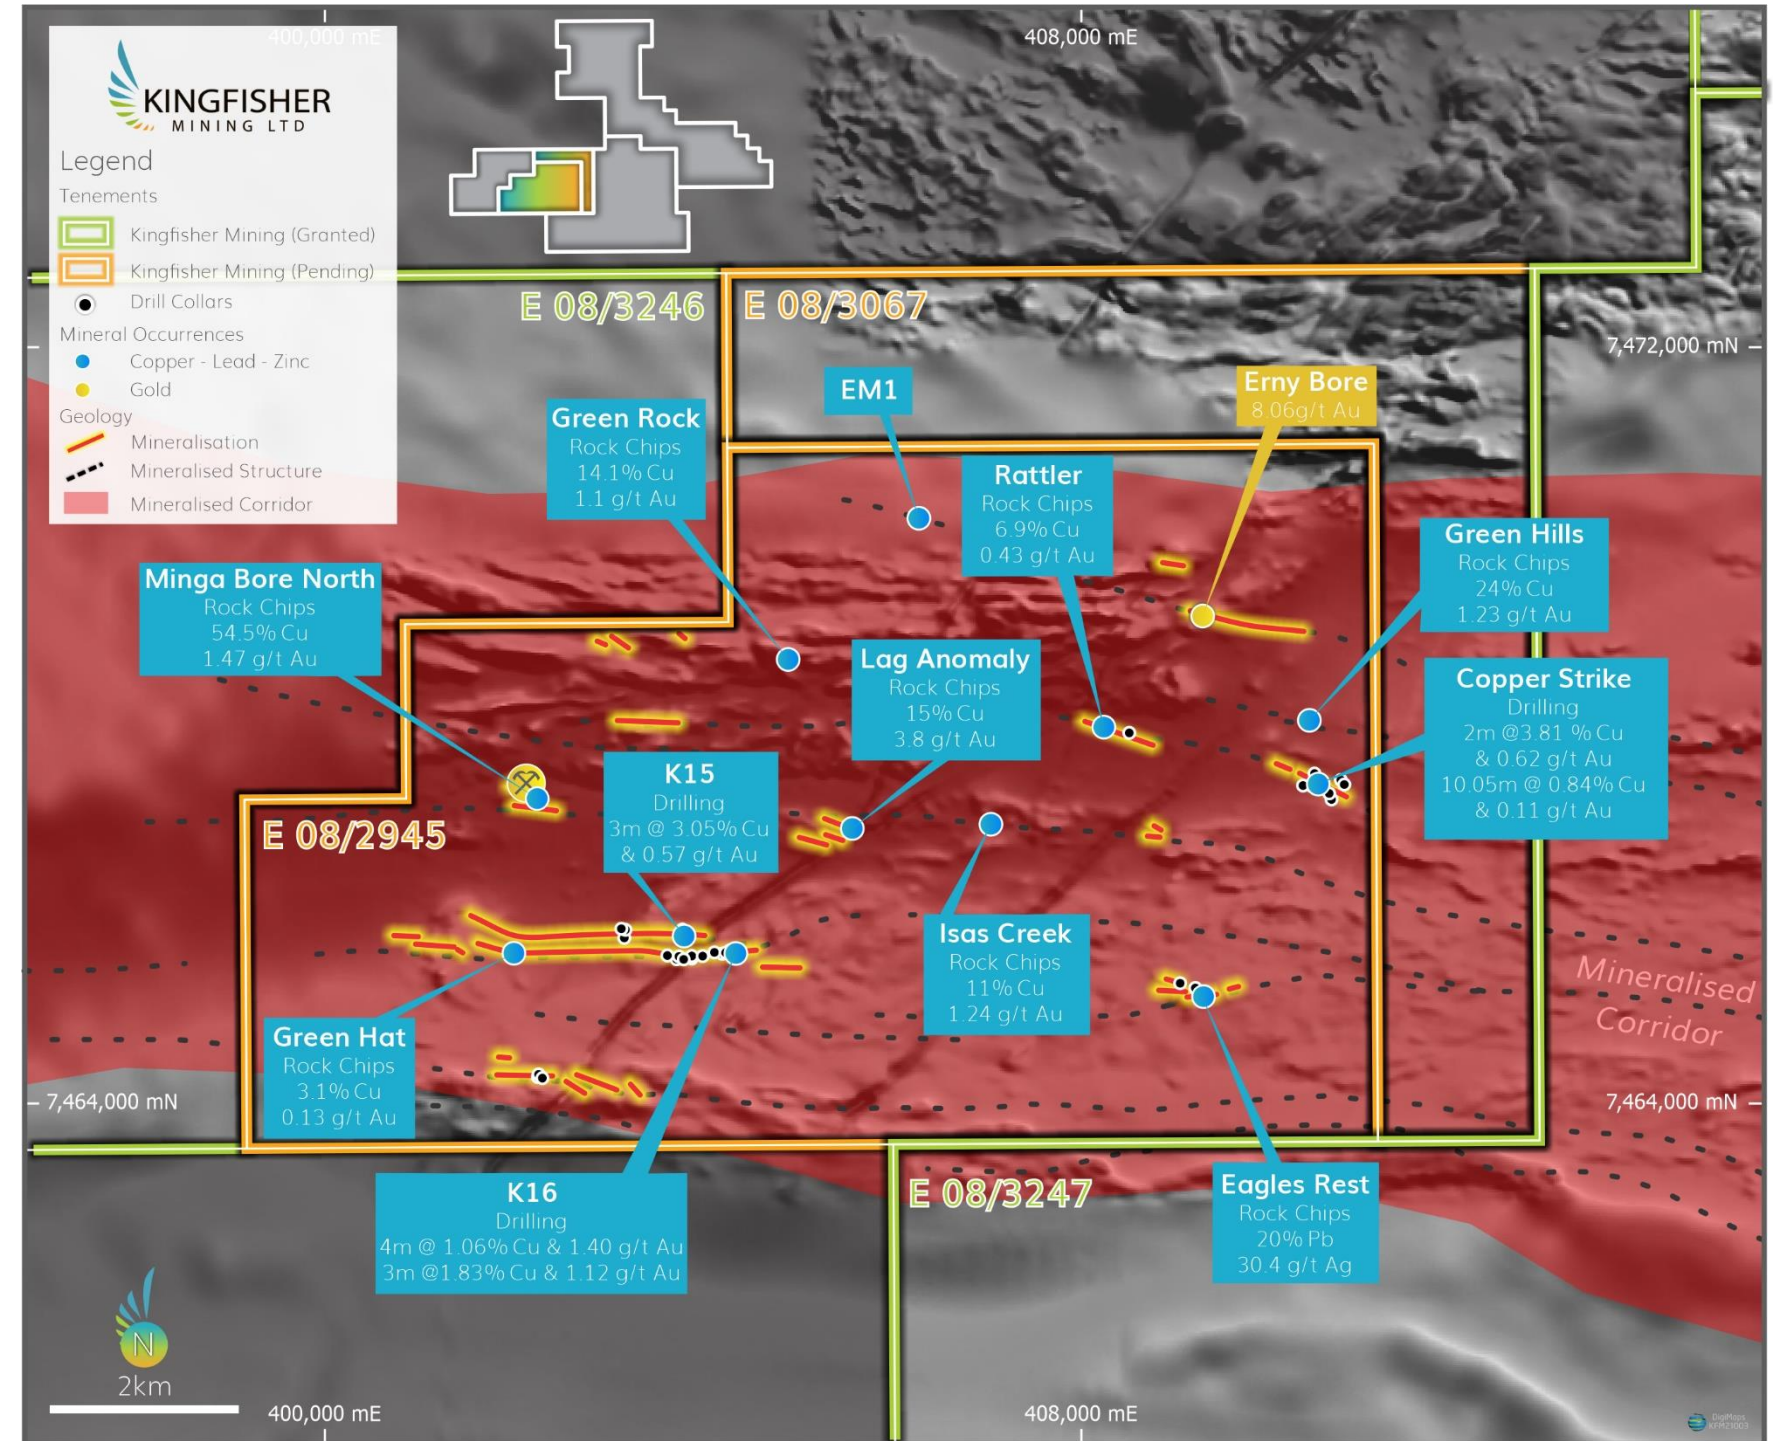

Significant strike lengths of mineralisation over 1.5km at K15 and K16

900 line VTEM Survey flown in 2021
4 new targets

First-pass drilling at Erny Bore and new Green Hills discovery in Q3 and Q4 2021

Boolaloo - Significant Exploration Potential

Greenfields pipeline with discovery potential

Strike length of 30km of Boolaloo target structures and stratigraphy.

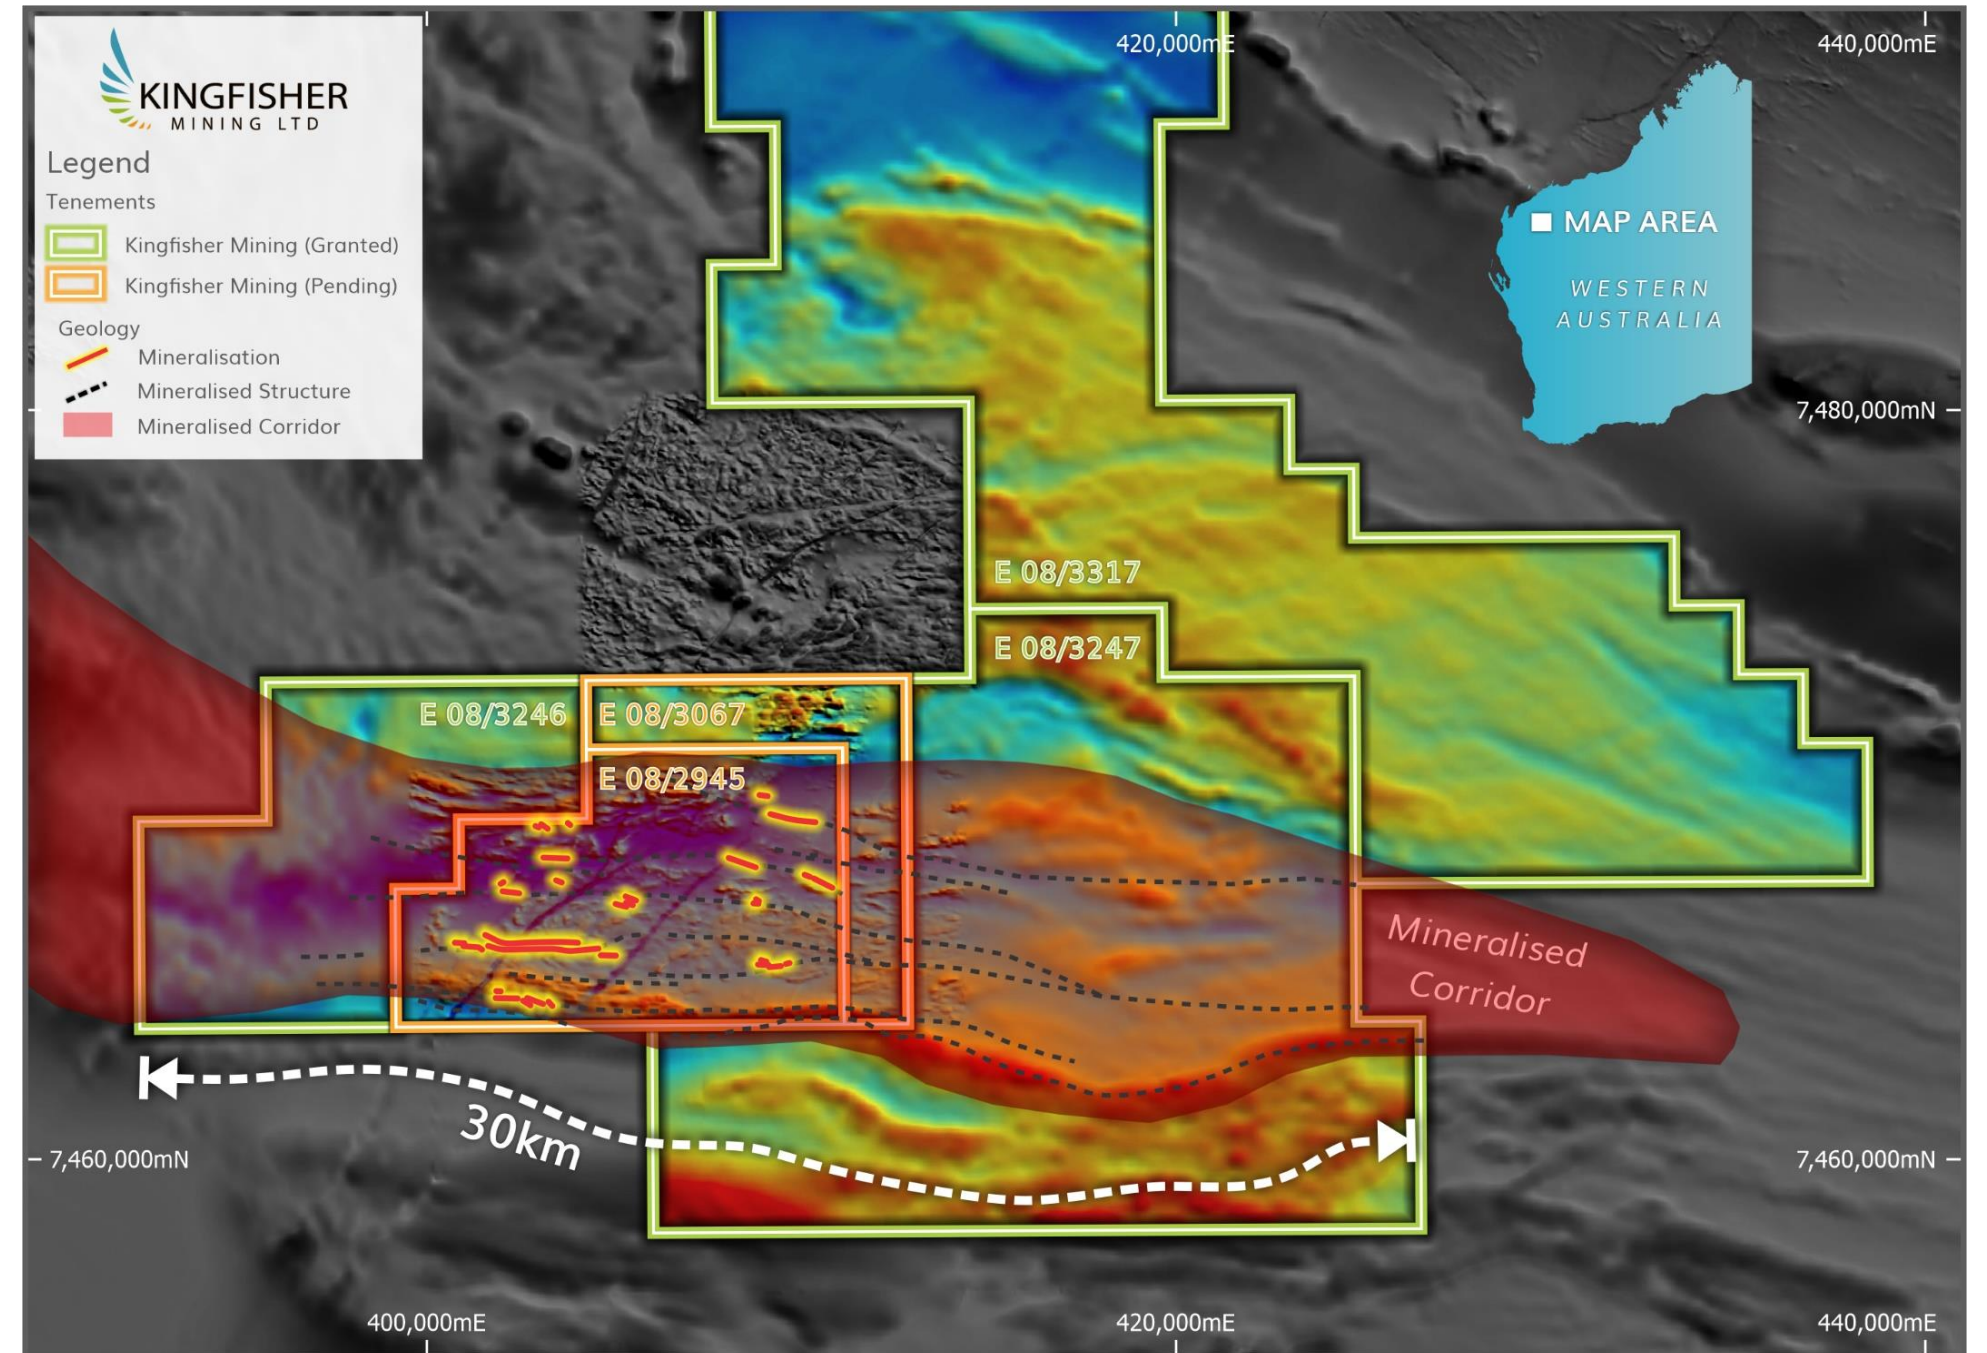

Knowledge gained from K15, K16 & Copper Strike applied to new target areas.

Airborne electromagnetics, magnetics and reprocessed hyperspectral survey successfully driving for targeting and new discoveries.

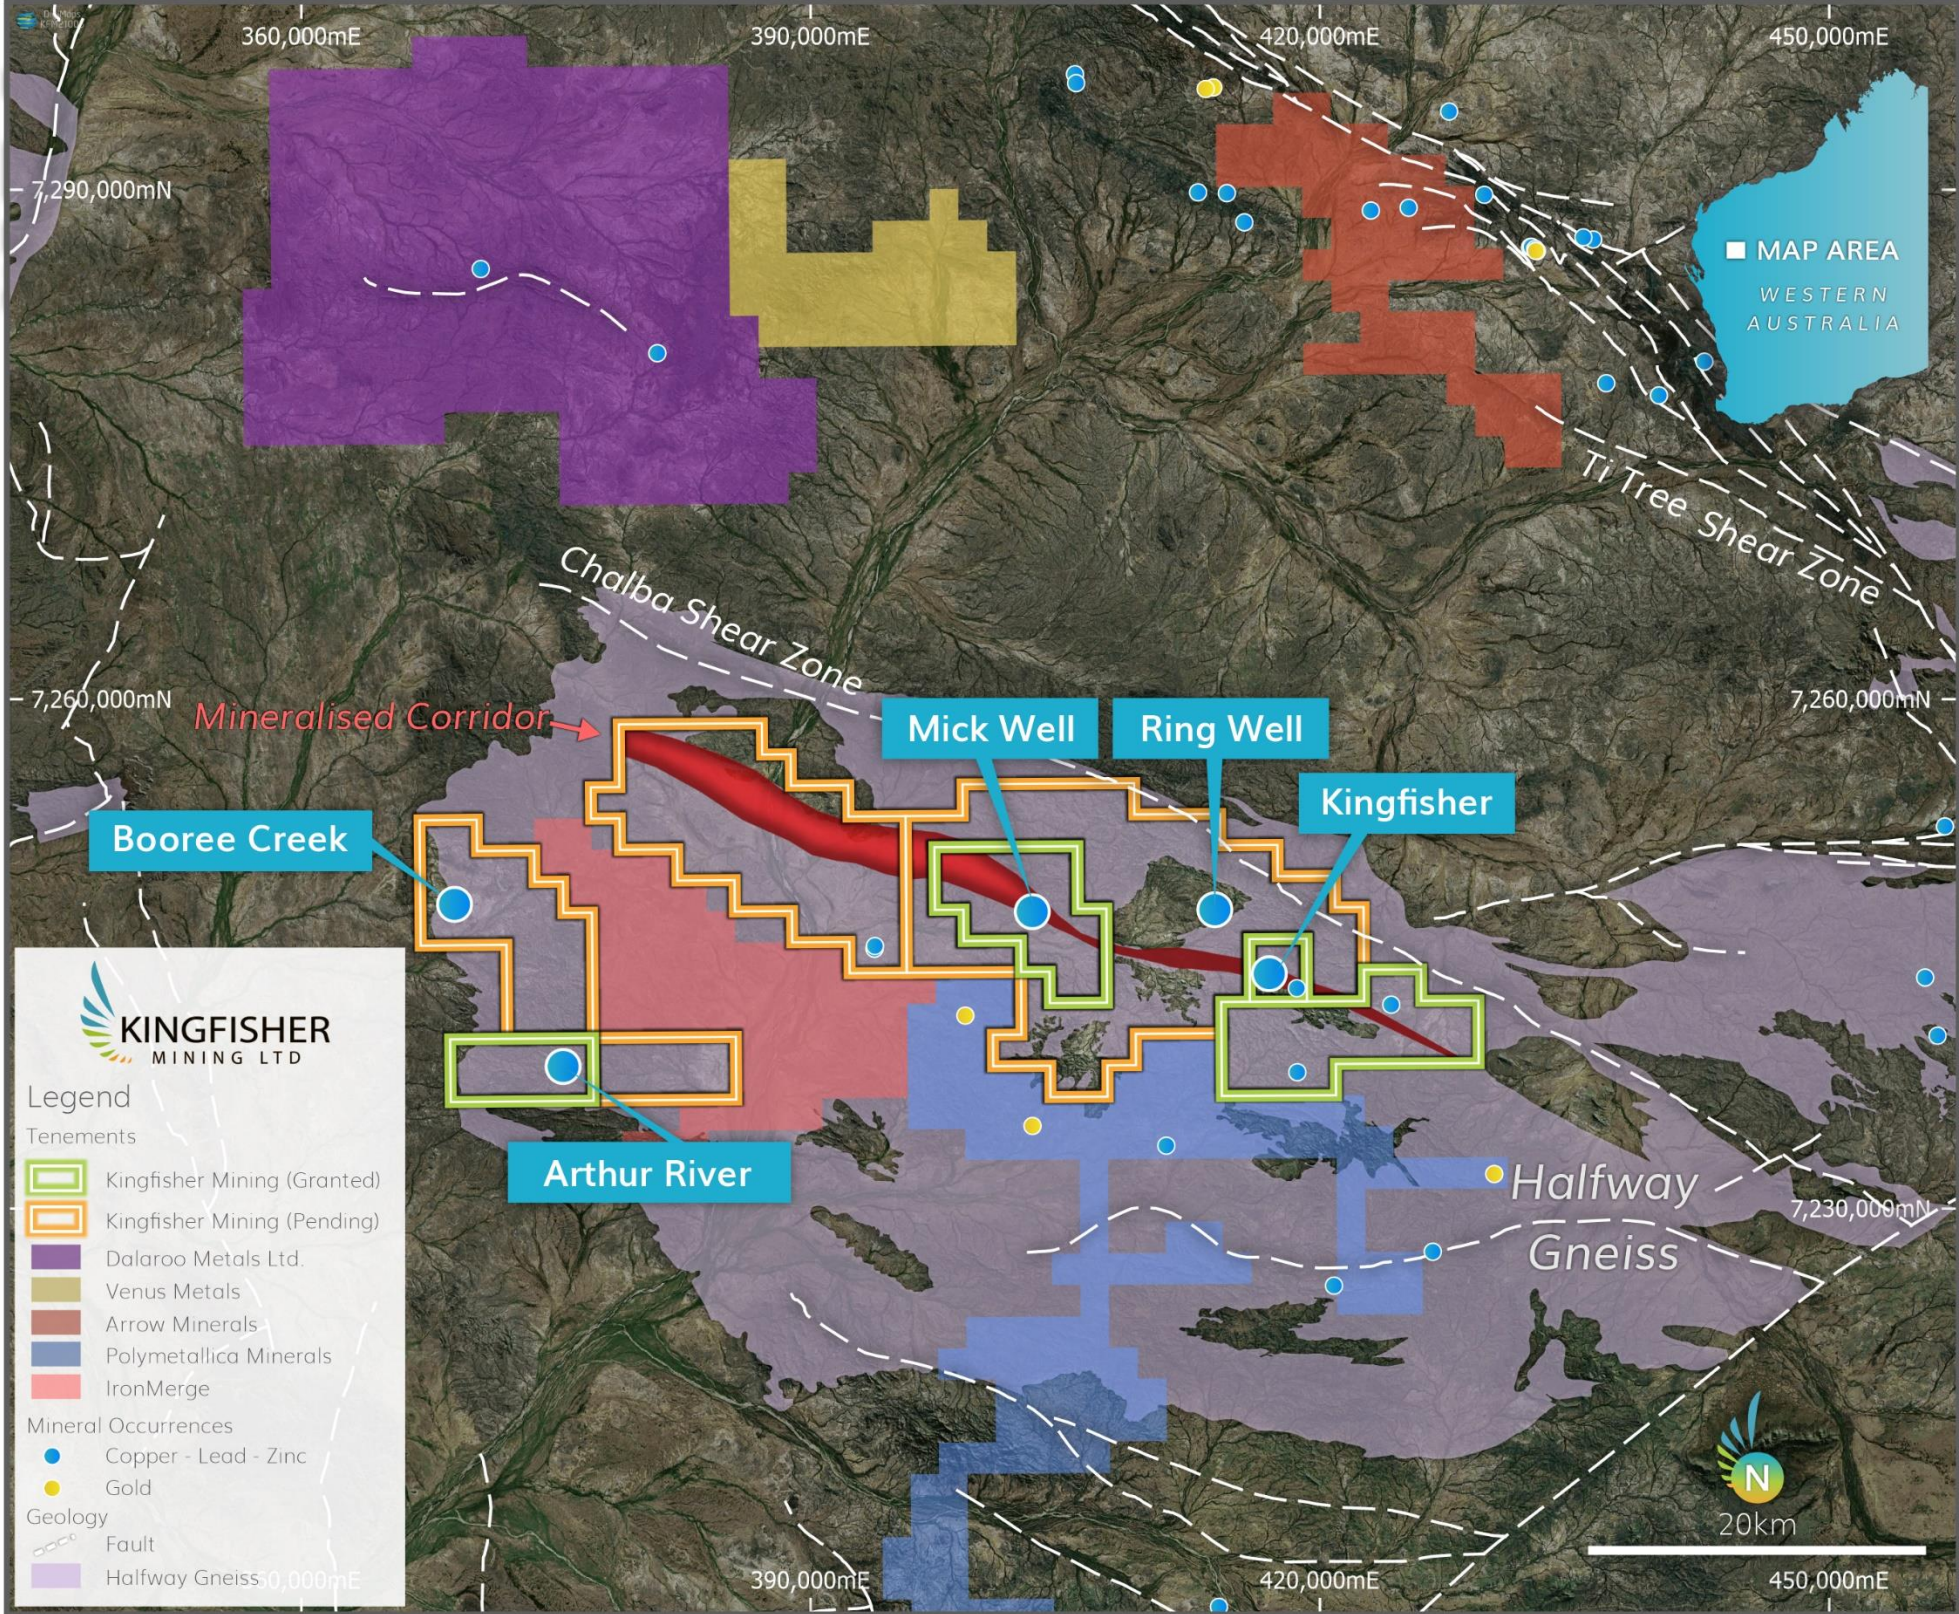

Carlin-type gold deposit potential for E08/3317 in the Duck Creek Dolomite and Cheela Fault.

Gascoyne Mineral Field

Kingfisher, Mick Well and Arthur River Projects

80km northeast of the Gascoyne Junction
235km east of Carnarvon.

Large tenement holding, with 693km² of exploration tenure.

Exploration targeting the Halfway Gneiss, an exotic block of Archean geology.

Geology and geochemistry indicate area is prospective for VMS-style deposits and pegmatite hosted rare earth elements.

Kingfisher mineralisation is exposed in a series of historical exploration pits over 2km of strike.

Kingfisher and Mick Well Projects

Exciting targets with volcanogenic massive sulphide mineralisation potential

Previously established mineralisation:
Drilling: **3m** at **0.6% Cu** (KFRC10) and
11m at **0.25% Cu** (MWDD001).
Rock Chips: 15.3%, 10.6% and 6.3% Cu

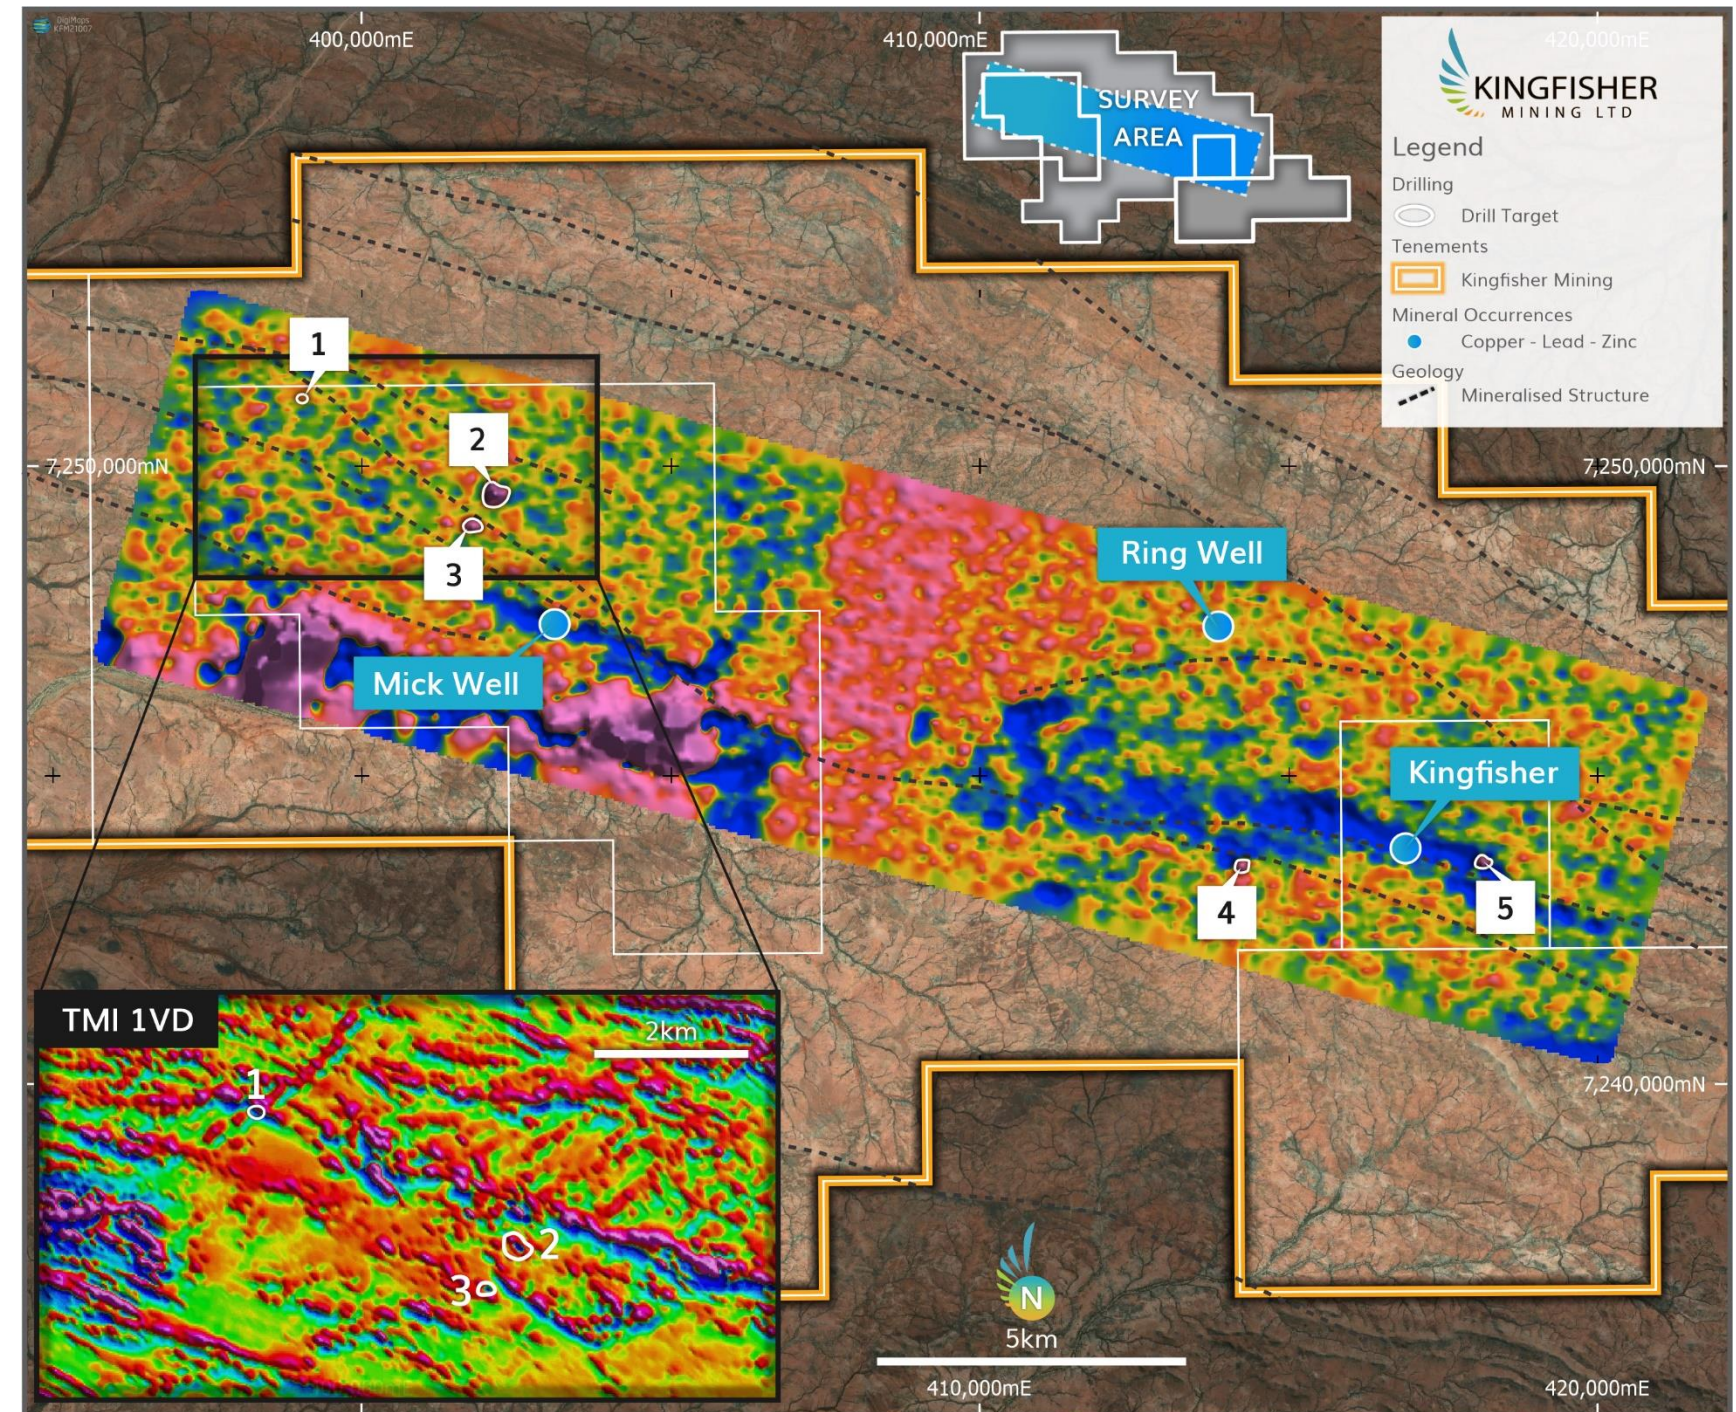

VTEM Survey flown in 2021: 800 line km

5 exciting new targets

Drilling in Q3 2021

2021 Exploration Program

Project Development and Discovery

Systematic and technical approach

FULL 2021 SCHEDULE

- Diamond drilling completed
- Airborne geophysics completed

SCHEDULED WORK PLAN

- RC drilling in Q3
- Indicative plan for Q4 2021

Exploration Drilling

High-quality targets to be tested by RC drilling in 2021.

- Four of the newly identified conductor targets at Kingfisher and Mick Well.
- Three bedrock conductors at Boolaloo, including two associated with extensive bedrock alteration and the Erny Bore prospect which has rock chips up to 8.06 g/t Au.

Additional airborne EM targets on application tenure to be tested in future RC drilling programs.

Investment Highlights

- Advanced copper and gold projects with new discoveries and significant pipeline of generative opportunities in underexplored areas.
- Growth opportunity, with tight capital structure and low enterprise value.
- Exciting exploration tenure that covers 1,406km² in the underexplored Ashburton and Gascoyne Mineral Fields.
- Full schedule of exploration and development work, including multiple drill programs and airborne geophysics.
- Planned activities fully funded until end 2022.
