PLACEMENT

Korab Resources Ltd (“Korab”, or “Company”) (ASX: KOR) advises that it has resolved to raise funds by way of a placement of approximately 34.5 Million shares at 5.5 cents each to un-related exempt investors to raise approximately \$1.897 Million before costs.

This placement is to be completed within existing 15% share placement capacity and no shareholder approval is required.

The issue price of 5.5 cents per share is at a 26.7% discount to the last traded price of 7.5 cent per share, and at a 12.7% discount to the 5 day volume weighted average traded price of 6.3 cents. The share issue will constitute approximately 10% dilution of issued capital held by Korab's shareholders immediately prior to this placement.

The Company will use a placement of shares instead of a pro-rata share issue due to the time constraints, and the relatively small size of the issue. Placement funds will be used to continue exploration and development work on Korab's mineral assets, for general working capital purposes, and to retire debt.
