Disclosure - Principles & Recommendations - financial year 2020/2021

Principle 1 - Lay solid foundations for management and oversight

Recommendation 1.1

A listed entity should have and disclose a board charter setting out the respective roles and responsibilities of its board and management and those matters expressly reserved to the board and those delegated to management.

Disclosure:

The Directors are responsible to the shareholders for the performance of the Group in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Group as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Group is properly managed.

The day-to-day management of the Group's affairs and the implementation of the corporate strategy, goals and financial objectives set by the Board are undertaken by the Managing Director and the senior executive team.

The matters that the Board has specifically reserved for its decision are:

- the appointment and management of the Managing Director;
- approval of the overall corporate strategy and annual budgets of the business;
- overseeing the accounting and corporate reporting systems, including the external audit; and
- compliance with constitutional documents.

The Managing Director is delegated the authority to ensure the effective day-to-day management of the business and the Board monitors the exercise of these powers. The Managing Director is required to report regularly to the Board on the performance of the Business.

Information regarding the respective roles and responsibilities of the Board and management (including those matters expressly reserved to the Board and those delegated to management) is found in the Company's *Constitution* and *Board Charter* which are both available on the Company's website.

Recommendation 1.2

A listed entity should undertake appropriate checks before appointing a director or senior executive or putting forward for election as a director; and provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

Disclosure:

The Company undertakes appropriate checks on any person who is being considered as a director. These checks include character, experience, education, criminal, financial history and details of any other interest, position or relationship that might influence the candidate's ability to act in the best interest of the Company.

All applicable releases to security holders will contain material information following the guidance contained in the *ASX Corporate Governance Principles and Recommendations (4th edition)* about any candidate to be elected for the first time or re-elected to enable an informed decision to be made.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

Disclosure:

Each senior executive and Executive Director has a formal employment contract and each Non-Executive Director has a Letter of Appointment including a director's interest agreement with respect to disclosure of security interests. Any material variations to the directors' agreements are disclosed in accordance with *ASX Listing Rule 3.16.4*.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

Disclosure:

Each of the Company's Joint-Company Secretary has a direct reporting line to the Board, through the Chair in providing advice to the Board on corporate governance matters, the application of the Company's Constitution, the ASX Listing Rules and other applicable laws.

Recommendation 1.5

A listed entity should have and disclose a diversity policy; through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and disclose in relation to each reporting period: (1) the measurable objectives set for that period to achieve gender diversity; (2) the entity's progress towards achieving those objectives; and (3) either: (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under the Act.

Disclosure:

The Company has in place a *Diversity Policy* which is available on the Company's website. The Company and Group is committed to workplace diversity and recognises the benefits arising from employee and Board diversity, including a broader pool of high-quality employees, improving employee retention and motivation, accessing different perspectives and ideas and benefiting from all available talent. The Company is committed to inclusion at all levels of the organisation, regardless of gender, marital or family status, sexual orientation, gender identity, age, disabilities, ethnicity, religious beliefs, cultural background, socio-economic background, perspective and experience.

However, given the size of the Company and stage of development, the Company is yet to define measurable objectives for achieving diversity targets, and expects to set in place appropriate objectives that are consistent with the Company's future growth.

There are currently three permanent female employees employed across the Group. These women do not hold a senior executive position within the Group and are not on the Board. In reaching its opinion that these individuals do not hold senior office, the Company has used the definition given in *Section 9 (Definitions) of the Corporations Act 2001* for an executive officer, being "a person who makes, or participates in making, decisions that affect the whole, or a substantial part, of the business of the corporation; or has the capacity to affect significantly the corporation's financial standing".

Recommendation 1.6

A listed entity should have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and disclose for each reporting period whether a performance evaluation was undertaken in accordance with that process during or in respect of that period.

Disclosure:

The Company's Nomination and Remuneration Committee is responsible for evaluating the performance of the Board, the Board's Committees and individual Directors. Each evaluation is to include a consideration of the currency of each Director's knowledge and skills and whether a Director's performance has been impacted by other commitments. A copy of the *Nomination and Remuneration Committee Charter* is available on the Company's website.

During the reporting period, an internal Board performance evaluation and assessment was undertaken by the Nomination and Remuneration Committee.

Recommendation 1.7

A listed entity should have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

Disclosure:

Senior executive performance continues to be measured by the efficiency and effectiveness of the enhancement of the Company’s mineral resources portfolio, the designing and implementation planning of the exploration and development programs at its majority owned Manono Lithium and Tin Project, the maintenance of relationships with stakeholders, the securing of sufficient and ongoing funding so as to continue its exploration and development activities and to ensuring the Company’s environmental and occupational health and safety performance is consistent with industry best practice. As a result, individual performance evaluation is not based on specific financial indicators such as earnings or dividends as the Company is at the exploration and evaluation stage and during this period is expected to incur operating losses.

The Company’s Nomination and Remuneration Committee is responsible for evaluating the performance of senior executives.

During the reporting period, an internal performance evaluation and assessment was undertaken on each of the Company and Group senior executives by the Nomination and Remuneration Committee, in conjunction with input from the Managing Director.

Principle 2 - Structure the board to be effective and add value

Recommendation 2.1

The board of a listed entity should have a nomination committee which has at least three members, a majority of whom are independent directors and is chaired by an independent director and disclose the charter of the committee; the members of the committee; and as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings.

Disclosure:

The Board has established a Nomination and Remuneration Committee. A copy of the Company’s *Nomination and Remuneration Committee Charter* is available on the Company’s website.

The Nomination and Remuneration Committee has three members, comprising the Non-Executive Chairman, Dr John Clarke and Non-Executive Directors, Mr Peter Hujlich and Mr Rhett Brans, of whom are all independent. The Chair of the Committee is Dr John Clarke, who is an independent director. The Committee met three times during the reporting period of which all members of the Committee were in attendance.

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

Disclosure:

The *Board Charter* provides that the Board will review capabilities, technical skills and personal attributes of its directors. It will normally review the Board’s composition against those attributes and recommend any changes in Board composition that may be required. An essential component of this will be the time commitment and availability of Directors.

The Board’s skills matrix is set out below:

	Chairman	Managing Director	Executive Director	Non-executive Directors
Leadership	X	X	X	-
Strategy / Risk	X	X	X	X
Communication	X	X	X	-
Fundraising	X	X	X	-
Mining Industry	X	X	X	X
Governance	X	X	X	X

Recommendation 2.3

A listed entity should disclose the names of the directors considered by the board to be independent directors, if a director has an interest, position or relationship that might raise issues about independence but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion and length of service of each director.

Disclosure:

The Board's assessment of independence, as defined in the *Board Charter* and under the Independence Criteria detailed in *Recommendation 2.3*, and length of service of each current director as at 30 September 2021, is set out below:

Disclosure:

In respect to the composition of the Board, three of the five Board members are considered independent directors. As a result, the majority of the Board is considered independent.

Recommendation 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

Disclosure:

Since December 2019, Mr John Clarke has held the role of Non-Executive Chairman of the Company. Mr Clarke is an independent director.

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

In the achievement of its business objectives, the Company expects all Directors and employees to act lawfully with the utmost integrity, honesty and objectivity, striving at all times to enhance the values, performance and reputation of the Company and the Group.

Recommendation 3.2

A listed entity should have and disclose a code of conduct for its directors, senior executives and employees; and ensure that the board or committee of the board is informed of any material breaches of that code.

Disclosure:

The Company has a *Code of Conduct* that applies to all Directors, executives, employees, contractors and consultants and sets out amongst other things a benchmark for professional behaviour including setting out the Company's policies on various matters including ethical and business conduct, compliance, privacy and conflicts of interest.

In addition, the Company has put in place a *Whistleblower Protection Policy* and an *Anti-Bribery and Anti-Corruption Policy* that demonstrates the Company is committed to the highest standards of conduct and ethical behaviour, whilst maintaining high standards of integrity and accountability in conducting its business. Any material breaches of these three policies are raised at the next Board meeting.

Copies of the *Code of Conduct*, *Whistleblower Protection Policy* and the *Anti-Bribery and Anti-Corruption Policy* are available on the Company's website.

Principle 4 – Safeguard the integrity of corporate reports

Recommendation 4.1

The board of a listed entity should have an audit committee which has at least three members, all of whom are non-executive directors and a majority of whom are independent directors and is chaired by an independent director, who is not the chair of the board and disclose the charter of the committee; the relevant qualifications and experience of the members of the committee; and as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings.

Disclosure:

As a requirement before it approves the interim and full year consolidated entity's financial statements, the Board receives the necessary declaration in writing from the Managing Director and Chief Financial Officer with respect to the financial records, the financial statements and the system of risk management and internal control.

Recommendation 4.3

A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

Disclosure:

All periodic corporate reports which are released to the market, and which are not audited or reviewed by an external auditor, are reviewed, and approved by the Board.

Principle 5 - Make timely and balanced disclosure

Recommendation 5.1

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under the listing rule 3.1.

Recommendation 6.1

A listed entity should provide information about itself and its governance to investors via its website.

Disclosure:

The Company has a website for making this information available to shareholders and investors.

Recommendation 6.2

A listed entity should have an investor relations program that facilitates effective two-way communication with investors.

Recommendation 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

Disclosure:

The Company encourages shareholders to attend and participate in general meetings. The Company uses general meetings to effectively communicate with shareholders and allow shareholders a reasonable opportunity to ask questions of the Board and senior executives.

Recommendation 6.4

A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than a show of hands.

Disclosure:

It is the preferred method of the Company to have all substantive resolutions to be put to shareholders at a meeting of shareholders decided by way of a poll, to account for the large number of proxy votes that the Company receives from shareholders.

Recommendation 6.5

A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

Disclosure:

Information about the Company is emailed to all shareholders, who are able to lodge their email contact details with the Company. Information on lodging email addresses and on submitting information requests with the Company is available on the Company's website. Principle 7 - Recognise and manage risk

Recommendation 7.1

The board of a listed entity should have a committee or committees to oversee risk which has at least three members, a majority of whom are independent directors and is chaired by an independent director and disclose the charter of the committee; the members of the committee; and as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings.

Disclosure:

The Board considers risk management as a key part of the Company's everyday business operations and is responsible for the oversight of the Group's risk management and control framework to ensure that all business operations are performed within Board approved risk tolerance levels.

The Board has delegated responsibility for control and risk management to the Audit and Risk (AR) Committee.

The overall basis for risk management is to provide recommendations about:

1. Assessing the internal processes for determining and managing key risk areas, particularly:
 - non-compliance with laws, regulations, standards and best practice guidelines, including environmental and industrial relations laws;
 - litigation and claims; and
 - relevant business risks.
2. Ensuring that the Group has an effective risk management framework and that major risks to the Group are reported at least annually to the Board.
3. Receiving from management reports on all suspected and actual frauds, thefts and breaches of laws.
4. Evaluating the process the Group has in place for assessing and continuously improving internal controls, particularly those related to areas of significant risk.
5. Assessing whether management has controls in place for unusual types of transactions and/or any potential transactions that may carry more than an acceptable degree of risk.

A copy of the Company's *Risk Management Policy* is available on the Company's website.

Recommendation 7.2

The board or a committee of the board should review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and disclose, in relation to each reporting period, whether such a review has taken place.

Disclosure:

The Board has delegated responsibility for control and risk management to the AR Committee and the appropriate level of management within the Group.

The AR Committee reviews the Company and its subsidiaries risk management and internal control policies and processes on an annual basis. As part of this review, all risks are considered including but not limited to strategic, operational, legal, reputation and financial risks.

A copy of the Company's *Risk Management Policy* is available on the Company's website.

Recommendation 7.3

A listed entity should disclose if it has an internal audit function, how the function is structured and what role it performs; or if it does not have an internal audit function, that fact and the process it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.

Disclosure:

The Company does not have an internal audit function but reviews its risk management and internal control policies and processes on an annual basis under the supervision of the AR Committee. The Board considers that the Company is not currently of a size, nor are its affairs of such complexity, to justify the formation of an internal audit function at this time. The Board as a whole regularly discusses how the Company and its subsidiaries could improve the effectiveness of its risk management and internal control processes and makes improvements where short comings in controls and processes are identified.

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.

Disclosure:

The Company is of the view that it has adequately disclosed the nature of its operations and relevant information on exposure to environmental risks.

On the anticipation that future climate change conditions will present unique opportunities and risks through physical changes to the environment, changes in government policy and changes in investor, consumer and stakeholder preferences and expectations, the Group has put in place a *Climate Change Strategy*, in the ultimate environmental goal to achieving carbon emission neutrality as soon as possible after commencing mining operations at its majority owned Manono Lithium and Tin Project, located in the DRC. The Strategy details on actions to reduce greenhouse gas (GHG) emissions at Manono during the life of the project, including the up-front use of hydro power, utilising low emission technologies such as solar with battery systems and the future use of hydrogen electrolysis for powering Fuel Cell Electric Vehicles (FCEVs).

A copy of the Group's *Climate Change Strategy* is available on the Company's website.

Principle 8 - Remunerate fairly and responsibly

Recommendation 8.1

Disclosure:

The Board has established a Nomination and Remuneration Committee. The *Nomination and Remuneration Committee Charter* is available on the Company's website.

The Nomination and Remuneration Committee comprises the Non-Executive Chairman, Dr John Clarke and Non-Executive Directors, being Mr Peter Huljich and Mr Rhett Brans. The Chair of the Committee is Dr John Clarke, who is an independent director. The Committee met three times during the year of which on all occasions all members of the Committee were in attendance.

Details regarding the directors' qualifications and experience can be found in the *Director's Report* contained in the Company's 2021 Annual Report.

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Disclosure:

The Company provides disclosure of all Directors and executives remuneration in its annual report.

Non-Executive Directors are remunerated for time, commitment and responsibilities. Remuneration for Non-Executive Directors is not linked to the performance of the Group. There are no documented agreements providing for termination or retirement benefits to non-executive directors (other than for superannuation).

Executive Directors and executives are offered a competitive level of base pay at market rates and are reviewed annually to ensure market competitiveness. Long term performance incentives may include performance and production bonus payments, shares and / or options granted at the discretion of the Board and subject to obtaining the relevant regulatory approvals.

Recommendation 8.3:

A listed entity which has an equity-based remuneration scheme should have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme and disclose that policy or summary of it.

Disclosure:

Eligible participants (directors, employees and contractors) are allowed to participate in the Performance Rights Plan once invited by the Board. A summary of the *AVZ Performance Rights Plan* is available on the Company's website. At its 2021 Annual General Meeting, the Company is seeking shareholder approval to extend and refresh the Performance Rights Plan for a further three years.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
