

DEC MIL GROUP LIMITED

The Insider Event

10 November 2021

Together, we're the difference.

About Decmil

Building
Australia's
future,
together.

For over 40 years Decmil has been delivering integrated construction and engineering solutions for multi-disciplinary projects across Australia.

Our Four Market Sectors

We deliver integrated construction and engineering solutions across the infrastructure, resources, energy and construction sectors.

INFRASTRUCTURE

- Design and construction of bridges, roads and freeways
- Rail infrastructure
- Aviation infrastructure
- Ports and marine infrastructure

RESOURCES

- Civil construction
- Non-process infrastructure works
- Bulk and detailed earthworks
- Accommodation camps and facilities

CONSTRUCTION

- Commercial Building
- Health
- Education
- Defence
- Local Government

ENERGY

- Civil construction, SMP and maintenance works for Oil & Gas Projects
- Balance of Plant Works for wind farms and solar farms
- Energy storage facilities

Our Strategic Focus

Together, we're
the difference.

Relationship-focused

Providing value to all stakeholders is crucial for the success of our business. We are focused on building long-term relationships underpinned by trust.

Solutions-focused

We pursue positive outcomes, empowering our people to champion our capabilities through innovative thinking. We assure quality and demand the best.

Collaboration-focused

We encourage each other to listen and collaborate. We seek and value strategic alliances both internally and externally. Together, we're the difference.

Our Company Values

Integrity	Solutions	Collaboration	Sustainability	Performance
<p>We value differences.</p> <p>We are self aware.</p> <p>We follow through.</p>	<p>We have a 'can do' attitude.</p> <p>We create new ways of doing things.</p> <p>We show tenacity in every situation.</p>	<p>We communicate effectively.</p> <p>We engage frequently.</p> <p>We share knowledge.</p>	<p>We consider all opportunities and risks.</p> <p>We take positive actions to benefit our communities.</p> <p>We are forward thinking.</p>	<p>We are resourceful.</p> <p>We always plan and align.</p> <p>We seek feedback to remain agile.</p>

Operational Excellence & Performance

Various value engineering solutions were implemented.

A photograph of a highway interchange under construction. A concrete overpass structure is visible, supported by pillars. In the foreground, there is a circular concrete area with a large, dark, circular sculpture in the center. The background shows a clear sky with scattered clouds and some utility poles.

Reid Highway – Altona to West Swan Road

Client: Main Roads WA

Location: Perth, WA

Contract: Design & Construct

Contract Value: \$46M

Duration: May 2019 – May 2020

Albany Ring Road Project

Construction of Phase Two is expected late 2021, with project completion estimated to be early 2024.

Client: Main Roads WA
Location: Albany, WA
Contract: Design & Construct
Contract Value: \$175M
Duration: Sep 2020 – current

Engagement with the Albany Community

We work closely with Main Roads WA, the City of Albany and local stakeholders in order to leave a lasting legacy in the area.

Traineeship of Cert II in Civil Construction

Albany Sharks Footy Club

Albany Anzac Day Commemorations

Children's University WA
