## EXPLANATORY STATEMENT

---

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

---

## FINANCIAL STATEMENTS AND REPORTS

---

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2021 together with the declaration of the directors, the directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at [www.elevateuranium.com.au](http://www.elevateuranium.com.au).

---

### 1. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

#### 1.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

#### 1.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

### **1.3 Previous voting results**

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

---

## **2. RESOLUTION 2 – ELECTION OF DIRECTOR – STEPHEN MANN**

### **2.1 General**

The Constitution allows the Directors to appoint, at any time, a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution. A Director appointed by the Directors must retire at the next annual general meeting of members and is eligible for re-election at that meeting.

ASX Listing Rule 14.4 provides, among other things, that a director appointed to fill a casual vacancy or as an addition to the board must not hold office (without re-election) past the next annual general meeting of that company.

Mr Stephen Mann, who was appointed by the Directors on 15 July 2021 in accordance with the Constitution, will retire in accordance with the Constitution and ASX Listing Rule 14.4 and being eligible, seeks election from Shareholders.

### **2.2 Qualifications and other material directorships**

Mr Mann is geologist with substantial experience in the discovery, development, and commercialisation of mining assets over three decades, including 17 years in senior roles in the uranium sector.

Mr Mann's uranium experience includes 12 years as Managing Director of Orano Australia Pty Ltd ("Orano"), a member of the Orano group of companies, the world's third largest uranium producer. At Orano, Mr Mann led a sustained program of corporate improvement and active exploration; and represented both Orano and Cameco on the board of publicly listed ERA Ltd, owner and operator of the Ranger Uranium Mine in the Northern Territory of Australia. Mr Mann was involved in the negotiations and sale of these two companies' stakes in ERA, to Rio Tinto.

Mr Mann later co-founded and floated U3O8 Ltd, which was listed on the Australian Securities Exchange, where he led the discovery of the Dawson-Hinkler calcrete hosted uranium deposit in Western Australia, before negotiating its sale to Toro Energy Limited.

### **2.3 Independence**

If elected, the board considers Mr Mann to be an independent director.

### **2.4 Board recommendation**

The Directors (other than Mr Mann) support the re-election of Stephen Mann and recommend that Shareholders vote in favour of Resolution 2.

---

### **3. RESOLUTIONS 3, 4 AND 5 – ISSUE OF OPTIONS TO RELATED PARTIES**

#### **3.1 General**

Resolutions 3,4 and 5 seek Shareholder approval to issue a total of 3,100,000 Options (**Related Party Options**) to Messrs Andrew Bantock, Stephen Mann and Murray Hill (or their nominees) who are related parties of the Company by virtue of being Directors (together, the **Related Parties**) on the terms and conditions set out below.

#### **3.2 Chapter 2E of the Corporations Act and ASX Listing Rule 10.11**

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The grant of the Related Party Options constitutes giving a financial benefit and each of the Related Parties is a related party of the Company by virtue of being a Director of the Company.

In addition, ASX Listing Rule 10.11 also requires shareholder approval to be obtained where an entity issues, or agrees to issue, securities to a related party, or a person whose relationship with the entity or a related party is, in ASX's opinion, such that approval should be obtained unless an exception in ASX Listing Rule 10.12 applies.

As all of the Directors are participating in the issue of the Related Party Options the subject of Resolutions 3, 4 and 5, the Directors do not give a view as to whether the exceptions set out in sections 210 to 216 of the Corporations Act apply and Shareholder approval is sought under Resolutions 3, 4 and 5 for the grant of Related Party Options to the Related Parties under Chapter 2E of the Corporations Act.

The grant of the Related Party Options falls within ASX Listing Rule 10.11 and does not fall within any of the exceptions in ASX Listing Rule 10.12. Accordingly, Shareholder approval is sought under Resolutions 3, 4 and 5 for the grant of Related Party Options to the Related Parties under ASX Listing Rule 10.11.

#### **3.3 Shareholder Approval (Chapter 2E of the Corporations Act and ASX Listing Rule 10.11)**

Pursuant to and in accordance with the requirements of section 219 of the Corporations Act and ASX Listing Rule 10.13, the following information is provided in relation to the proposed grant of Related Party Options:

- (a) The Related Party Options will be issued to the following persons:
  - (i) Mr Andrew Bantock (or his nominee) pursuant to Resolution 3;

- (ii) Mr Stephen Mann (or his nominee) pursuant to Resolution 4; and
  - (iii) Mr Murray Hill (or his nominee) pursuant to Resolution 5.,

each of whom falls within the category set out in ASX Listing Rule 10.11.1 by virtue of being a Director.

Murray Hill	\$330,000	\$346,775

- (l) if the Related Party Options granted to the Related Parties are exercised, a maximum of 3,100,000 Shares would be issued (a lesser number may be issued if the Related Parties exercise the Related Party Options pursuant to the "Cashless Exercise Facility" described in paragraph (c) of the terms and conditions of the Related Party Options set out in Schedule 1 and Schedule 2). This will increase the number of Shares on issue from 233,773,646 up to 236,873,646 (assuming that no other Options are exercised and no other Shares are issued) with the effect that the shareholding of existing Shareholders would be diluted by an aggregate of 1.31%, comprising up to 0.25% by Andrew Bantock, up to 0.25% by Stephen Mann and up to 0.81% by Murray Hill.

The market price for Shares during the term of the Related Party Options would normally determine whether or not the Related Party Options are exercised. If, at any time any of the Related Party Options are exercised and the Shares are trading on ASX at a price that is higher than the exercise price of the Related Party Options, there may be a perceived cost to the Company.

- (m) the trading history of the Shares on ASX in the 12 months before the date of this Notice is set out below:

	<b>Price</b>	<b>Date</b>
Highest	73.5 cents	13 September 2021
Lowest	8.3 cents	25 November 2020
Last	54.0 cents	5 November 2021

- (n) the Board acknowledges the issue of Related Party Options to the Related Parties is contrary to Recommendation 8.2 of The Corporate Governance Principles and Recommendations (4th Edition) as published by The ASX Corporate Governance Council. However, the Board considers the issue of Related Party Options to the Related Parties reasonable in the circumstances for the reason set out in paragraph(p);
- (o) the primary purpose of the grant of the Related Party Options to the Related Parties is to provide a non-cash, medium to long-

term performance linked incentive component in the remuneration package for the Related Parties to motivate and reward the performance of the Related Parties in their respective roles as Directors;

- (p) Mr Andrew Bantock declines to make a recommendation to Shareholders in relation to Resolution 3 due to his material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 3 be passed. However, in respect of Resolutions 4 and 5, Mr Bantock recommends that Shareholders vote in favour of those Resolutions for the following reasons:
- (i) Directors have considered the amount of directors' fees that are currently paid and the Company's medium and long term objectives. Following such consideration, the Directors consider a portion of the director's total remuneration should be in the form of Related Party Options;
  - (ii) the grant of Related Party Options supplements the cash component and enables the Company to retain high quality and well-credential directors essential to the ongoing and longer term strategic development of the Company;
  - (iii) the grant of Related Party Options to the Related Parties will further align the medium to long-term interests of the Related Parties with those of Shareholders;
  - (iv) the grant of the Related Party Options is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties; and
  - (v) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in granting the Related Party Options upon the terms proposed;
- (q) Mr Stephen Mann declines to make a recommendation to Shareholders in relation to Resolution 4 due to his material personal interest in the outcome of the Resolution on the basis that he is to be issued Related Party Options in the Company should Resolution 4 be passed. However, in respect of Resolutions 3 and 5, Mr Mann recommends that Shareholders vote in favour of those Resolutions for the reasons set out in paragraph (p);
- (r) Mr Murray Hill declines to make a recommendation to Shareholders in relation to Resolution 5 due to his material personal interest in the outcome of the Resolution on the basis that he is to be issued Related Party Options in the Company should Resolution 5 be passed. However, in respect of Resolutions 3 and 4, Mr Hill recommends that Shareholders vote

in favour of those Resolutions for the reasons set out in paragraph (p);

- (s) in forming their recommendations, each Director considered the experience of each other Related Party, the current market price of Shares, the current market practices when determining the number of Related Party Options to be granted as well as the exercise price and expiry date of those Related Party Options; and the Board is not aware of any other information that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass Resolutions 3 to 5;
- (t) the Related Party Options are not issued under an agreement; and
- (u) a voting exclusion statement is included in Resolutions 3, 4 and 5 of this Notice.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to issue the Related Party Options to the Related Parties as approval is being obtained under ASX Listing Rule 10.11. Accordingly, the issue of Related Party Securities to the Related Parties will not be included in the 15% calculation of the Company's annual placement capacity pursuant to ASX Listing Rule 7.1.

#### **4. RESOLUTION 6 – ISSUE OF OPTIONS TO SHANE MCBRIDE**

##### **4.1 General**

Resolution 6 seeks Shareholder approval for the issue 1,100,000 Options to Mr McBride (or his nominee) to provide a performance linked incentive component in the remuneration package for Mr McBride in his role as Chief Financial Officer and Company Secretary. The effect of Resolution 6 will be to allow the Company to issue the Options to Mr McBride (or his nominee) during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

##### **4.2 Technical information required by ASX Listing Rule 7.1**

- (a) the Options will be issued to Mr McBride (or his nominee), who is not a related party of the Company;
- (b) the maximum number of Options to be issued is 1,100,000;
- (c) the Options will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Options will occur on the same date;

- (d) the Options will be issued for nil cash consideration, accordingly no funds will be raised;
- (e) no funds are expected to be raised on the exercise of the Options as Mr McBride may exercise them pursuant to the "Cashless Exercise Facility" described in paragraph (c) of the terms and conditions of the Options set out in Schedule 2;
- (f) the Options will be issued on the terms and conditions set out in Schedule 2 (i.e. on the same terms and conditions as the Related Party Options);
- (g) no funds will be raised from the issue of the Options to Mr McBride as the Options are being issued to provide a performance linked incentive component in the remuneration package for Mr McBride;
- (h) the Options are not issued under an agreement; and
- (i) a voting exclusion statement is included in the Notice.

## **5. RESOLUTION 7 – APPROVAL OF EMPLOYEE INCENTIVE SCHEME**

### **5.1 Background**

A new remuneration framework for employees is currently being finalised by the Board to provide a mix of fixed remuneration (salary, superannuation and allowances) and variable "at risk" incentive remuneration of long term nature (i.e. a proposed long-term incentive scheme).

The Board has decided that it is appropriate to implement an Employee Incentive Scheme (**EIS**) that provides flexibility for the Company to grant different types of securities to eligible participants, including Shares, Options and Rights.

The EIS is intended to assist the Company to attract and retain employees. The Board believes that grants made to eligible participants under the EIS will provide a powerful tool to underpin the Company's employment and engagement strategy, and that the EIS will:

- enable the Company to incentivise and retain existing employees necessary to achieve the Company's business objectives;
- enable the Company to recruit, incentivise and retain additional employees needed to achieve the Company's business objectives; and
- align the financial interests of participants of the EIS with those of Shareholders.

The Company currently has no securities on issue that were granted in accordance with an employee incentive scheme.

The EIS will involve the Company inviting employees (**Eligible Participants**) to receive securities, including Shares, Options and Rights, subject to the terms of individual offers and the satisfaction of performance and vesting conditions, if any, determined by the Board from time to time.

On a case-by-case basis, the Board will use its discretion provided under the rules of the EIS to make offers under the EIS on such terms and conditions as it thinks fit from time to time, having regard to the circumstances of the Company and the

proposed remuneration framework for its employees at the time. The Board will use its discretion to determine the terms and conditions of the securities to be granted to each Eligible Participant to ensure that they are appropriate to the relevant employee.

The Board's discretion will include determining:

- each employee that will be invited to participate in the EIS;
- the number of securities granted to the employee; and
- the applicable conditions that may apply to the securities to be granted, if any.

Additional details of the EIS and the offers to be made under it to Eligible Participants are set out below and in the summary of the EIS in Schedule 4.

### **Options**

An Option is an entitlement to receive Shares upon satisfaction of applicable conditions (if any) and payment of the applicable exercise price.

### **Rights**

A Right is an entitlement to receive Shares, subject to the satisfaction of applicable vesting conditions.

## **5.2 Listing Rule 7.2 (Exception 13(b))**

Listing Rule 7.1 provides, in summary, that the Company must not issue or agree to issue Equity Securities, in any 12-month period, equal to more than 15% of the number of issued fully paid ordinary shares of the Company at the beginning of the 12-month period immediately before issue without the approval of Shareholders, unless an exception applies.

One of the exceptions to Listing Rule 7.1 is Listing Rule 7.2 (Exception 13(b)), which provides that Listing Rule 7.1 does not apply to an issue of securities under an employee incentive scheme if, within 3 years before the date of the issue, Shareholders have approved the issue of securities under the employee incentive scheme as an exception to Listing Rule 7.1.

Exception 13(b) is only available if and to the extent that the number of Equity Securities issued under the EIS does not exceed the maximum number set out in the Notice of Meeting. Exception 13(b) also ceases to be available if there is a material change to the terms of the EIS from those set out in the Notice of Meeting.

Resolution 7 seeks Shareholder approval under Listing Rule 7.2 (Exception 13(b)) for the approval to issue securities, including Shares, Options and Rights (and the issue of all resultant Shares in the Company that result from the vesting and/or exercise of Rights or Options) under the EIS from time to time as an exception to Listing Rule 7.1. If Resolution 7 is approved, the issue of securities under the EIS will be excluded from the number of securities used, when determining the Company's annual 15% limit in each rolling 12-month period, for a period of three years from the date of approval by Shareholders at the Annual General Meeting.

Nevertheless, the Company will still be required to seek Shareholder approval under ASX Listing Rule 10.14 in respect of any future issues of securities under the

EIS to a related party or a person whose relationship with the Company or the related party is, in ASX's opinion, such that approval should be obtained.

In accordance with Listing Rule 7.2 (Exception 13(b)), the following information is disclosed to Shareholders for the purposes of Resolution 7:

- (a) a summary of the terms and conditions of the EIS is set out in Schedule 4 to this Explanatory Statement.
- (b) there are no previous issues of securities under an employee incentive plan of the Company.
- (c) to date, no securities have been issued under the EIS;
- (d) the maximum number of securities proposed to be issued under the EIS within the three year period from the date following Shareholder approval is 11,688,682 securities. The maximum number is not intended to be a prediction of the actual number of securities to be issued under the EIS, simply a ceiling for the purposes of Listing Rule 7.2, (Exception 13(b)); and
- (e) a voting exclusion statement in respect of Resolution 7 is contained in the Resolution.

If Shareholders approve Resolution 7, the issue of securities (and the issue of any new Shares pursuant to those securities) under the EIS will not be included in the 15% limit imposed by Listing Rule 7.1 for a period of three years from the date of the Annual General Meeting.

If Shareholders do not approve Resolution 7, the Company may still issue securities (and the underlying Shares that result from the vesting and/or exercise of Rights or Options) under the EIS, but any such issue will be taken into account when calculating whether the 15% limit under Listing Rule 7.1 has been reached.

### 5.3 Recommendation

The Board believes that the EIS is in the best interests of the Company and unanimously recommends that Shareholders vote in favour of the approval of the EIS.

The Chair intends to vote undirected proxies in favour of Resolution 7.

## 6. RESOLUTION 8 – APPROVAL OF 10% PLACEMENT CAPACITY

### 6.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity (as defined below) may seek shareholder approval by special resolution passed at an annual general meeting to have the capacity to issue up to that number of Equity Securities (as defined below) equal to 10% of its issued capital (**10% Placement Capacity**) without using that company's existing 15% annual placement capacity granted under ASX Listing Rule 7.1. The 10% Placement Facility is in addition to the Company's 15% annual placement capacity under Listing Rule 7.1 such that if Resolution 8 is passed the Company's total annual placement capacity will be 25% of its issued capital.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$126,237,768 (based on the number of Shares on issue and the closing price of Shares on the ASX on 5 November 2021).

An Equity Security is a share, a unit in a trust, a right to a share or unit in a trust or option, an option over an issued or unissued security, a convertible security, or, any security that ASX decides to classify as an equity security.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has one (1) class of quoted Equity Securities on issue, being the Shares (ASX Code: EL8) and three (3) classes of unquoted Options on issue.

If Shareholders approve Resolution 8, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2. In this regard, Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

**(A x D) – E**

Where:

**A** = the number of fully paid ordinary securities on issue at the commencement of the Relevant Period (as defined below):

(A) plus the number of fully paid ordinary securities issued in the Relevant Period under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;

(B) plus the number of fully paid ordinary securities issued in the Relevant Period on the conversion of Convertible Securities within ASX Listing Rule 7.2 exception 9 where:

- the Convertible Securities were issued or agreed to be issued before the commencement of the Relevant Period; or
- the issue of, or agreement to issue, the Convertible Securities was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or 7.4,

(C) plus the number of fully paid ordinary securities issued in the Relevant Period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:

- the agreement was entered into before the commencement of the Relevant Period; or
- the agreement or issue was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or 7.4,

(D) plus the number of any other fully paid ordinary securities issued in the relevant period with approval under ASX Listing Rule 7.1 or 7.4.

(E) plus the number of partly paid ordinary securities that became fully paid in the Relevant Period;

(F) less the number of fully paid ordinary securities cancelled in the Relevant Period;

Note: that "A" above has the same meaning as in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

**D** = 10%.

**E** = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the holders of the Company's ordinary securities under ASX Listing Rule 7.4.

Note: For the purposes of "A" and "E" above, **Relevant Period** means:

- if the Company has been admitted to the official list for 12 months or more, the 12 month period immediately preceding the date of the issue or agreement; or
- if the Company has been admitted to the official list for less than 12 months, the period from the date the entity was admitted to the official list to the date immediately preceding the date of the issue or agreement.

Therefore, because the Company has been admitted to the official list for more than 12 months, the Relevant Period for the purposes of "A" and "E" above is the 12-month period immediately preceding the date of the issue or agreement.

If Shareholders do not approve Resolution 8, the Company will not be able to access the 10% Placement Facility and will remain subject to its existing 15% annual placement capacity granted under ASX Listing Rule 7.1.

Resolution 8 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 8 for it to be passed.

## 6.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this resolution:

### (a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class,

calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 10 ASX trading days of the date in section 6.2(a)(i), the date on which the Equity Securities are issued.

(b) **Date of Issue**

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking),

or such other period if allowed by ASX (**10% Placement Capacity Period**).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 8 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the market price of Shares and the number of Equity Securities on issue as at 5 November 2021.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

	Dilution			
	Issue Price (per Share)	\$0.27 50% decrease in Issue Price	\$0.54 Issue Price	\$1.08 50% increase in Issue Price
<b>233,773,646 (Current Variable A)</b>	<b>Shares issued - 10% voting dilution</b>	23,377,364 Shares	23,377,364 Shares	23,377,364 Shares
	<b>Funds raised</b>	\$6,311,888	\$12,623,777	\$25,247,553
<b>350,660,604 (50% increase in Variable A)</b>	<b>Shares issued - 10% voting dilution</b>	35,066,046 Shares	35,066,046 Shares	35,066,046 Shares
	<b>Funds raised</b>	\$9,467,832	\$18,935,664	\$37,871,330
<b>467,547,292 (100% increase in Variable A)</b>	<b>Shares issued - 10% voting dilution</b>	46,754,729 Shares	46,754,729 Shares	46,754,729 Shares
	<b>Funds raised</b>	\$12,623,777	\$25,247,553	\$50,495,107

\*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer or upon the exercise of Options or exercise of Performance Rights or under the Company's currently available placement capacity under ASX Listing Rule 7.1A) or that are issued with Shareholder approval under ASX Listing Rule 7.1.

**The table above uses the following assumptions:**

1. There will be 233,773,646 Shares on issue for the purposes of Current Variable.
2. The issue price set out above is the closing price of the Shares on the ASX on 29 October 2021.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
5. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
6. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
7. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue,

which might have an effect on the amount of funds raised by the issue of Shares.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for cash consideration, in which case the Company intends to use the funds:

- (i) to continue to explore its Namibian uranium tenement portfolio and advance its Australian uranium projects;
- (ii) to continue to assess the application of **U-pgrade™** to its own projects and those of third parties; and/or
- (iii) for general exploration and development activities, working capital and may use the funds for the acquisition of new assets and investments.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) **Allocation policy under the 10% Placement Capacity**

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous approval under ASX Listing Rule 7.1A**

The Company has previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 26 November 2020.

During the 12-month period preceding the date of this Meeting (being the period from 16 December 2020 – 16 December 2021), the Company has not issued or agreed to issue any securities under ASX Listing Rule 7.1A.

The Company notes that it did issue a total of 4,063,372 Shares under ASX Listing Rule 7.1A on 26 November 2020, but this issue did not take place in the relevant 12-month period preceding the date of this Meeting. The

information required by ASX Listing Rule 7.3A.6 is therefore not included in this Notice.

### **6.3 Voting Exclusion**

A voting exclusion statement is included in this Notice. As at the date of this Notice, there is no outstanding invitation to any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1 A. Therefore, as at the date of this Notice.

## SCHEDULE 1 – TERMS AND CONDITIONS OF RELATED PARTY OPTIONS TO BE ISSUED TO ANDREW BANTOCK AND STEPHEN MANN

---

(a) **Entitlement**

Subject to satisfaction of the Vesting Condition (see paragraph (e) below), each Option entitles the holder to subscribe for one Share upon exercise of the Option.

(b) **Exercise Price**

Subject to paragraph (m), the amount payable upon exercise of each Option (**Exercise Price**) will be the higher of:

- (i) \$0.50; and
- (ii) 1.43 times the VWAP of Shares calculated over the last 10 days on which sales in Shares were recorded on the ASX before the day on which the issue of Options was made.

(c) **Cashless Exercise Facility**

- (i) The holder may, subject to paragraph (c)(iii) below, elect to pay the Exercise Price for an Option by setting off the exercise price against the number of Shares which the holder is entitled to receive upon exercise (Cashless Exercise Facility). By using the Cashless Exercise Facility, the holder will receive Shares to the value of the surplus after the Exercise Price has been set off.
- (ii) If the holder elects to use the Cashless Exercise Facility, the holder will only be issued that number of Shares (rounded down to the nearest whole number) as are equal in value to the difference between the total Exercise Price otherwise payable for the Options on the Options being exercised and the then market value of the Shares at the time of exercise (determined as the volume weighted average of the prices at which Shares were traded on the ASX during the 10 days immediately preceding the Exercise Date) calculated in accordance with the following formula:

$$A = \frac{B(C - D)}{C}$$

where:

**A** = the number of Shares to be issued on exercise of the Options;

**B** = the number of Options;

**C** = the market value of the Shares (calculated using the volume weighted average of the prices at which Shares were traded on the ASX during the 10 days immediately preceding the Exercise Date); and

**D** = the Exercise Price.

- (iii) If the difference between the total Exercise Price otherwise payable for the Options on the Options being exercised and the then market value of the Shares at the time of exercise (calculated in accordance with

paragraph (c)(ii) is zero or negative, then the holder will not be entitled to use the Cashless Exercise Facility.

(d) **Expiry Date**

Each Option will expire at 5:00 pm (WST) on the date that is four years from the date of issue of the Options (**Expiry Date**). An Option not exercised before the Expiry Date will automatically lapse on the Expiry Date.

(e) **Vesting Condition**

The Options will vest on 31 December 2022 (**Vesting Date**), provided that the person to whom or at whose direction the Options have been issued, being either of Messrs Andrew Bantock or Stephen Mann (as applicable) (**Recipient**), is either a director, employee, or consultant to the Company on the Vesting Date (**Vesting Condition**).

If the Vesting Condition is not met in respect of a Recipient, then the Options issued to that Recipient (or their nominee) may not be exercised and will automatically lapse. Regardless of the foregoing, if a Change of Control Event occurs prior to the Vesting Date and at the time of the Change of Control Event the Recipient is either a director, employee or consultant of the Company, the Vesting Condition will be considered satisfied and the Options issued to that Recipient (or their nominee) will vest immediately. ## SCHEDULE 4 – KEY TERMS OF THE EMPLOYEE INCENTIVE SCHEME

---

The Employee Incentive Scheme (**EIS**) is being considered for approval by Shareholders at this Annual General Meeting. The full terms of the EIS may be inspected at the registered office of the Company during normal business hours. A summary of the terms of the EIS is set out below:

- (a) (**Eligible Participant**): Eligible Participant means a person that
- (i) is an "eligible participant" (as that term is defined in ASIC Class Order 14/1000) in relation to the Company or an Associated Body Corporate (as that term is defined in ASIC Class Order 14/1000); and
  - (ii) has been determined by the Board to be eligible to participate in the EIS from time to time.
- (b) (**Purpose**): The purpose of the EIS is to:
- (i) assist in the reward, retention and motivation of Eligible Participants;
  - (ii) link the reward of Eligible Participants to Shareholder value creation; and
  - (iii) align the interests of Eligible Participants with shareholders of the Group (being the Company and each of its Associated Bodies Corporate), by providing an opportunity to Eligible Participants to receive an equity interest in the Company in the form of shares, options, performance rights or other convertible securities (**Securities**).
- (c) (**EIS administration**): The EIS will be administered by the Board. The Board may exercise any power or discretion conferred on it by the EIS rules in its sole and absolute discretion. The Board may delegate its powers and discretion.
- (d) (**Eligibility, invitation and application**): The Board may from time to time determine that an Eligible Participant may participate in the EIS and make an invitation to that Eligible Participant to apply for Securities on such terms and conditions as the Board decides.
- On receipt of an Invitation, an Eligible Participant may apply for the Securities the subject of the invitation by sending a completed application form to the Company.
- The Board may accept an application from an Eligible Participant in whole or in part.
- If an Eligible Participant is permitted in the invitation, the Eligible Participant may, by notice in writing to the Board, nominate a party in whose favour the Eligible Participant wishes to renounce the invitation.
- (e) (**Grant of Securities**): The Company will, to the extent that it has accepted a duly completed application, grant the "**Participant**" (being the Eligible Participant or an immediate family member or a company whose members are only the Eligible Participants or immediate family members or a corporate trustee of a self-managed superannuation fund whose director is the Eligible Participant) the relevant number of Securities subject to the terms and conditions set out in the invitation, the EIS rules and any ancillary documentation required.

- (f) **(Terms of Convertible Securities):** Each 'Convertible Security' represents a right to acquire one or more Shares (for example, under an option or performance right), subject to the terms and conditions of the EIS.

Prior to a Convertible Security being exercised a Participant does not have any interest (legal, equitable or otherwise) in any Share the subject of the Convertible Security by virtue of holding the Convertible Security. A Participant may not sell, assign, transfer, grant a security interest over or otherwise deal with a Convertible Security that has been granted to them. A Participant must not enter into any arrangement for the purpose of hedging their economic exposure to a Convertible Security that has been granted to them.

- (g) **(Vesting of Convertible Securities):** Any vesting conditions applicable to the grant of Convertible Securities will be described in the invitation. If all the vesting conditions are satisfied and/or otherwise waived by the Board, a vesting notice will be sent to the Participant by the Company informing them that the relevant Convertible Securities have vested. Unless and until the vesting notice is issued by the Company, the Convertible Securities will not be considered to have vested. For the avoidance of doubt, if the vesting conditions relevant to a Convertible Security are not satisfied and/or otherwise waived by the Board, that Convertible Security will lapse.
- (h) **(Exercise of Convertible Securities and cashless exercise):** To exercise a Convertible Security, the Participant must deliver a signed notice of exercise and, subject to a cashless exercise of Convertible Securities (see below), pay the exercise price (if any) to or as directed by the Company, at any time prior to the earlier of any date specified in the vesting notice and the expiry date as set out in the invitation.

An invitation may specify that at the time of exercise of the Convertible Securities, the Participant may elect not to be required to provide payment of the exercise price for the number of Convertible Securities specified in a notice of exercise, but that on exercise of those Convertible Securities the Company will transfer or issue to the Participant that number of Shares equal in value to the positive difference between the Market Value of the Shares at the time of exercise and the exercise price that would otherwise be payable to exercise those Convertible Securities.

**Market Value** means, at any given date, the volume weighted average price per Share traded on the ASX over the 5 trading days immediately preceding that given date, unless otherwise specified in an invitation. A Convertible Security may not be exercised unless and until that Convertible Security has vested in accordance with the EIS rules, or such earlier date as set out in the EIS rules.

- (i) **(Delivery of Shares on exercise of Convertible Securities):** As soon as practicable after the valid exercise of a Convertible Security by a Participant, the Company will issue or cause to be transferred to that Participant the number of Shares to which the Participant is entitled under the EIS rules and issue a substitute certificate for any remaining unexercised Convertible Securities held by that Participant.
- (j) **(Forfeiture of Convertible Securities):** Where a Participant who holds Convertible Securities ceases to be an Eligible Participant or becomes insolvent, all unvested Convertible Securities will automatically be forfeited by the Participant, unless the Board otherwise determines in its discretion to permit some or all of the Convertible Securities to vest.

Where the Board determines that a Participant has acted fraudulently or dishonestly, or wilfully breached his or her duties to the Group, the Board may in its discretion deem all unvested Convertible Securities held by that Participant to have been forfeited.

Unless the Board otherwise determines, or as otherwise set out in the EIS rules:

- (i) any Convertible Securities which have not yet vested will be forfeited immediately on the date that the Board determines (acting reasonably and in good faith) that any applicable vesting conditions have not been met or cannot be met by the relevant date; and
  - (ii) any Convertible Securities which have not yet vested will be automatically forfeited on the expiry date specified in the invitation.
- (k) **(Change of control)**: If a change of control event occurs in relation to the Company, or the Board determines that such an event is likely to occur, the Board may in its discretion determine the manner in which any or all of the Participant's Convertible Securities will be dealt with, including, without limitation, in a manner that allows the Participant to participate in and/or benefit from any transaction arising from or in connection with the change of control event.
- (l) **(Rights attaching to EIS Shares)**: All Shares issued under the EIS or issued or transferred to Participant upon the valid exercise of a Convertible Security, **(EIS Shares)** will rank *pari passu* in all respects with the Shares of the same class. A Participant will be entitled to any dividends declared and distributed by the Company on the EIS Shares and may participate in any dividend reinvestment EIS operated by the Company in respect of EIS Shares. A Participant may exercise any voting rights attaching to EIS Shares.
- (m) **(Disposal restrictions on EIS Shares)**: If the invitation provides that any EIS Shares are subject to any restrictions as to the disposal or other dealing by a Participant for a period, the Board may implement any procedure it deems appropriate to ensure the compliance by the Participant with this restriction including imposing a holding lock on Shares.

For so long as a EIS Share is subject to any disposal restrictions under the EIS, the Participant will not:

- (i) transfer, encumber or otherwise dispose of, or have a security interest granted over that EIS Share; or
  - (ii) take any action or permit another person to take any action to remove or circumvent the disposal restrictions without the express written consent of the Company.
- (n) **(Adjustment of Convertible Securities)**: If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of each Participant holding Convertible Securities will be changed to the extent necessary to comply with the Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.

If Shares are issued by the Company by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the holder of Convertible Securities is entitled, upon exercise of the Convertible Securities, to receive an allotment of as many additional Shares as would have been issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Convertible Securities are exercised.

Unless otherwise determined by the Board, a holder of Convertible Securities does not have the right to participate in a pro rata issue of Shares made by the Company or sell renounceable rights.

- (o) **(Participation in new issues)**: There are no participation rights or entitlements inherent in the Convertible Securities and holders are not entitled to participate in any new issue of Shares of the Company during the currency of the Convertible Securities without exercising the Convertible Securities.
- (p) **(Amendment of EIS)**: Subject to the following paragraph, the Board may at any time amend any provisions of the EIS rules, including (without limitation) the terms and conditions upon which any Securities have been granted under the EIS and determine that any amendments to the EIS rules be given retrospective effect, immediate effect or future effect.

No amendment to any provision of the EIS rules may be made if the amendment materially reduces the rights of any Participant as they existed before the date of the amendment, other than an amendment introduced primarily for the purpose of complying with legislation or to correct manifest error or mistake, amongst other things, or is agreed to in writing by all Participants.

- (q) **(EIS duration)**: The EIS continues in operation until the Board decides to end it. The Board may from time to time suspend the operation of the EIS for a fixed period or indefinitely, and may end any suspension. If the EIS is terminated or suspended for any reason, that termination or suspension must not prejudice the accrued rights of the Participants.

If a Participant and the Company (acting by the Board) agree in writing that some or all of the Securities granted to that Participant are to be cancelled on a specified date or on the occurrence of a particular event, then those Securities may be cancelled in the manner agreed between the Company and the Participant.
