Dear Oma,

## PYC Therapeutics Limited ('PYC') – Request for Trading Halt

In accordance with Listing Rule 17.1, PYC requests that an immediate trading halt be placed on its securities pending an announcement to the market regarding the Company's Non-human Primate (NHP) tolerability and safety results.

The Company anticipates that the trading halt will be lifted on or before market open on Wednesday 17 November 2021 by provision of an announcement to ASX regarding the results

PYC is not aware of any reason why the trading halt should not be granted, nor of any other information relevant to this request.

Yours sincerely

Kevin Hart Company Secretary

### **About PYC Therapeutics**

PYC Therapeutics (ASX: PYC) is a pre-clinical stage biotechnology company pioneering a new generation of RNA therapeutics that utilize PYC's proprietary library of naturally derived cell penetrating peptides to overcome the major challenges of current genetic medicines. PYC believes its PPMO (Peptide conjugated Phosphorodiamidate Morpholino Oligomer) technology enables a safer and more effective RNA therapeutic to address the underlying drivers of a range of genetic diseases for which no treatment solutions exist today. The Company is leveraging its leading-edge science to develop a pipeline of novel therapies including three preclinical stage programs focused on inherited eye diseases and a preclinical discovery program focused on neurodegenerative diseases. PYC's discovery and laboratory operations are located in Australia, and its pre-clinical, clinical and regulatory operations are performed in the US.
