ASX Announcement

NEW DIRECTOR APPOINTMENT

Eclipse Metals Ltd (ASX: **EPM**) (**Eclipse Metals** or the **Company**) is pleased to announce that Dr Oliver Kreuzer has been appointed as a Non-Executive Director of the Company.

Dr Kreuzer is a Registered Professional Geoscientist (MAIG RPGeo) and company director with a broad skill set in structural, generative and corporate geology honed during a 20+ year career in applied research and mineral exploration across a wide range of gold, base, energy and battery metals projects worldwide. His generative work laid the foundations to several new company floats, project acquisitions and new discoveries. Dr Kreuzer is currently a non-executive director of ASX-listed exploration companies 92 Energy Ltd and NickelX Ltd.

Executive Chairman Carl Popal said: “We are delighted to welcome Oliver to the Board. His depth of experience in geology and new discoveries will provide Eclipse with new insights and further diversify the Board’s skills and experience. We look forward to his insights and contribution.”

Authorised for release by the Board

Carl Popal
Executive Chairman

About Eclipse Metals Ltd (ASX: EPM)

Eclipse Metals Ltd is an Australian exploration company focused on exploring South-western Greenland, Northern Territory and Queensland for multi commodity mineralisation. Eclipse Metals Ltd has an impressive portfolio of assets prospective for cryolite, fluorite, siderite, quartz (high purity silica), REE, gold, platinum group metals, manganese, palladium, vanadium and uranium mineralisation. The Company’s mission is to increase shareholders’ wealth through capital growth and ultimately dividends. Eclipse Metals Ltd plans to achieve this goal by exploring for and developing viable mineral deposits to generate mining or joint venture incomes.
