4 January 2022

SRJ secures Phase 2 of Asset integrity contract with ADNOC

Highlights

- SRJ secures further A\$688k purchase order from Abu Dhabi National Oil Company (ADNOC) for Phase 2 of the 'Fast-track' contract awarded in October 2021
- Demonstrates evidence that SRJ has product validation and adoption in the market by one of the world's leading oil companies ADNOC.
- SRJ continues to provide asset integrity solutions that addresses safety and sustainability issues

SRJ Technologies (ASX:SRJ; "SRJ" of "the Company") is pleased to announce it has successfully completed Phase 1 of the Abu Dhabi National Oil Company (ADNOC) 'fast-track' contract, as announced on the 5th October 2021, and has now secured Phase 2 of the project.

The purchase order is worth A\$688k for the manufacturing and delivery of pipeline asset integrity solutions to our Abu Dhabi partner, EuroMechanical, who will undertake installation on Das Island for ADNOC. Phase 2 comprises the manufacture and installation of a number of SRJ's pipeline/flange/valve leak mitigation systems, with completion scheduled for early 2022.

- Ends -

ABOUT SRJ TECHNOLOGIES

SRJ Technologies provides specialised engineering services and containment management solutions, elevating customer's integrity management performance.

We see real value in offering a wider range of asset integrity consulting services helping our customers to better understand the operational risks and where best to focus resource to minimise these risks.

SRJ's range of industry accredited products are designed to maintain and assure the integrity of pressure containment systems and therefore play an important role in the overall integrity of operating facilities.

Using pre-qualified service providers and manufacturers local to customer, SRJ is geolocation-flexible and able to deliver a range of high quality, agile and cost-conscious solutions globally.
