

VIRIDIS TO COMMENCE TRADING ON THE ASX

ASX Release: 24 January 2022

Highlights

- ▶ Viridis Mining and Minerals Limited (**ASX: VMM**) to commence trading at 12:00pm AEST today.
- ▶ The Company looks forward to commencing work across its portfolio of Canadian and Australian projects, with a view to defining economic deposits of gold, kaolin-halloysite and nickel/ copper/ platinum group elements.

Overview

Viridis Mining and Minerals Limited (ACN 121 969 819) ("**Viridis**" or the "**Company**") is pleased to advise that following the successful completion of the \$5.0 million IPO, shares in the Company (ASX: VMM) will commence trading on the ASX today at 12pm AEST.

Viridis (ASX:VMM) is a resource exploration and development company with assets in Canada and Australia. The Company's Projects comprise of:

- ▶ the **South Kitikmeot Project**, which the Company considers to be prospective for gold;
- ▶ the **Boddington West Project**, which the Company considers to be prospective for gold;
- ▶ the **Bindoon Project**, which the Company considers to be prospective for nickel, copper and platinum group elements; and
- ▶ the **Poochera and Smoky Projects**, which the Company considers to be prospective for kaolin-halloysite.

Viridis Chairman, Agha Shahzad commented: "On behalf of the entire board, I wish to extend a warm welcome to all new shareholders. The excellent support we have seen from investors in the IPO reinforces our belief in the prospectivity of the Company's projects, and we are now well funded to execute work programs across our portfolio".

This announcement has been authorised for release by the Board.
