New Talisman Gold Mines Limited (NTL) is pleased to present a report on activities for the quarter ended 31 December 2021.

HIGHLIGHTS

- **Vanuatu Transaction Fully Settled**
- **Broken Hills Deal Terminated**
- **Board Appointments**

The Shareholder sentiment expressed at the Company's September ASM came to fruition in October and has been detailed as post quarter activity in the previous Quarterly Activities report to Sept 30 2021.

<https://www.nzx.com/announcements/381849>

As earlier detailed the Company received a claim from former Director Matthew Hill in October which it has strongly rebuffed and considers is without merit. There is nothing further to report.

At the beginning of November the Board appointed and welcomed two new independent Directors, Mr Michael Stiassny and Ms Samantha Sharif and as intended, interim Director Mr Calum McKenzie stood down from the Board. <https://www.nzx.com/announcements/381959>

With a fully constituted and stabilised Board, work was able to begin on determining a path forward for the Company.

It became apparent to the Board that the condition to transfer the Broken Hills Mining Permit to New Talisman by Dec 31 2021 was unable to be satisfied and the independent Directors decided to terminate the Purchase agreement with Broken Hills. This decision also impacted upon the merits of the Listing of Coromandel Gold Ltd planned by the previous Board, and it was also announced at that time that the Listing would not proceed. <https://www.nzx.com/announcements/383587>

At the end of the December quarter the Company issued 62,080,075 ordinary shares in final settlement of the Capella Vanuatu acquisition.

The Board has also had to deal with a number of regulatory queries, largely pertaining to the period prior to the new Board's involvement. These have been somewhat of a distraction, but the absolute priority for the next quarter is to continue to develop a Strategic Plan concentrating upon the core asset of the Talisman Mine.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
