# DECEMBER 2021 QUARTERLY ACTIVITIES REPORT

## **Highlights**

- Cash position increases to A\$36 million. Bawdwin sale proceeds continue to add to MYL's strong financial position
- New project search is now advanced with a small number of high quality projects progressed to detailed due diligence

## Summary of Activities

During the period Mallee Resources Limited ("MYL" or "the Company") announced that, in relation to the US\$30 million Bawdwin sale transaction, the Company had received all the US\$16.875 million payable from funds held outside of Myanmar.

As of the time of writing, BJV Company (the Bawdwin JV company) has received approximately US\$6 million from Win Myint Mo of the US\$13.125 million payable in Myanmar in respect of Bawdwin IP and has repaid shareholder loans totalling almost US\$5 million to MYL's 100% owned Myanmar subsidiary, Bright Mountain Resources Myanmar Limited.

MYL is presently working with its banks and local authorities to permit the transfer of these funds held in Myanmar to Australia and, as per the announcement dated 4 January 2022, is aiming to complete this process by the end of February 2022 but notes the challenging and dynamic banking environment in Myanmar. Today, the first transfer of funds from Bright Mountain Resources was received for US\$100k, which represents a significant milestone.

### New Project Search

During the period, MYL successfully moved through the generative phase of the search for a new project, where over a hundred opportunities have been evaluated. In this first phase, plausible projects were presented to MYL's team by an internal champion and fundamental questions were asked including, whether the project opportunity was compelling, how the project would fit with MYL and whether there were any 'red flags' which made pursuing the opportunity impossible. The Company has rejected most of the projects presented in this early stage to ensure MYL's resources are judiciously deployed on only the most worthy opportunities.

Projects which made it through the first phase of screening entered into the second phase, involving a review of fatal flaws. Specific risk factors reviewed in this phase included: resource risk, permitting, environmental, legal and project valuation. This stage has often involved a commercial conversation with the counterparty to establish whether a deal can be done and gain an idea of value

expectations and any other commercial issues. A small number of opportunities have proceeded beyond this second phase.

Presently MYL's focus is on the few projects which have proceeded to phase three, detailed due diligence. In this last phase we are undertaking comprehensive technical, legal and commercial due diligence, conducting site visits and creating financial models. Subject to the successful conclusion of detailed due diligence, an opportunity will move into a transaction execution phase during which shareholders will be provided with detailed disclosure documents on the acquisition opportunity and be asked to vote on the acquisition opportunity in a general meeting of shareholders.

#### John Lamb, Executive Chairman and CEO, commented:

"I am really pleased with how we have structured our new project search. We have homed in on worthy opportunities early and avoided wasting time 'kicking tyres'. I am encouraged by the progress our team has made and I look forward to getting started on a new project in 2022."

#### **Financial Position**

At the end of the December Quarter, MYL held \$36.0 million in cash with no debt.

Operating cashflows during the quarter totalled \$0.76 million. This included \$0.70 million in staff and corporate costs. The balance was attributable to the Bawdwin project holding cost.

In accordance with ASX Listing Rule 5.3.5, the Company confirms that payments made to directors during the quarter totalling \$303,000 comprised of salaries and fees.

### Non-Executive Director Resignation

During the period Mr Andrew Teo resigned as a Non-Executive Director of the Company. Mr Teo made the decision due to work commitments associated with Medusa Mining Limited, where he was appointed to the role of Managing Director earlier in 2021.

Mr Teo joined the Board of MYL in June 2020 and was the Chair of the Audit Committee and a member of the Remuneration Committee. Mr Teo was a much-valued Director and colleague. The MYL team thanks Mr Teo for his wise council and wishes him all the best for his future endeavours.
