About Calix

Calix is a team of dedicated people urgently developing great businesses, leveraging our patented technology, that deliver positive global impact.

Calix's growth strategy is organised around five key market-driven business lines: advanced batteries, biotech, CO₂ mitigation, sustainable processing, and water.

Calix develops its technology via a global network of research and development collaborations, including governments, research institutes and universities, some of world's largest companies and a growing customer base and distributor network for its commercialised products and processes.

Because there's only one Earth – Mars is for Quitters.
