2.5	The chair of the board of a listed entity should be an independent director, and in particular, should not be the same person as the CEO of the entity.	N	<p>David Flanagan is a past Managing Director, was appointed Executive Chairman in March 2021, and is therefore not considered an independent director.</p> <p>Jeff Dowling is an independent Non-Executive Director and is considered as the Lead Independent Director. Professional development requirements are addressed as circumstances require.</p> <p>The Board periodically reviews whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively. The board is informed of any material incidences under the policy. The Policy is included in the Corporate Governance Plan on the Company's website</p>
3.4	<p>A listed entity should:</p> <p>(a) have and disclose an antibribery and corruption policy; and</p> <p>(b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.</p>	N	<p>The Company has not formulated an antibribery and corruption policy. The Company has formulated internal controls to ensure payments are only made once the controls and authorisation procedures are completed. The board is informed of any fraudulent/corrupt activities by its independent auditor twice yearly as part of the independent audit of the Company.</p> <p>Given the nature and extent of its actual and proposed operations, and with a small number of employees, the Company does not think that it is appropriate to develop and articulate an anti-bribery and corruption policy due to its size and stage of development. The Company will review this periodically the insure this view is appropriate for its size and stage of development.</p>

<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
