About DigitalX

DigitalX Limited (ASX: DCC) is a technology and investment company focused on growing the blockchain economy through its digital asset funds management business, digital fintech and regtech products, and blockchain ventures.

DigitalX's product team designs and develops blockchain technology applications for business and enterprise organisations.

Through its asset management division, DigitalX provides low-cost traditional asset management products for qualified investors looking to gain exposure to the growing alternative asset class of digital assets, including Bitcoin.

DigitalX is currently commercialising Drawbridge, the Company's first regtech solution which is supporting listed companies to better manage their compliance and corporate governance policies. With Drawbridge, companies can manage employee and director share trading approvals in order to safeguard their reputations.
