ASX Announcement (ASX: ERG)

Quarterly Activity Report to March 2022

Eneco Refresh Ltd (Eneco) is pleased to provide a review for the third quarter ending March 2022. Total revenue for the first 9 months by Cash Generating Units (CGU) compared to the same period last financial year are as follows:

	<u>Jul 21 –</u>	<u>Jul 20 –</u>

	\$'000	\$'000	
Western Australia (WA)	2,931	2,476	18%
New South Wales (NSW)	1,714	1,597	7%
Victoria (VIC)	1,304	1,073	21%
Northern Territory (NT)	1,030	1,062	-3%

Refresh Plastics	1,967	2,530	-22%
Total	<u>10,735</u>	<u>10,312</u>	4%

A good increase in revenue for the quarter has resulted in substantial cash inflow. There was no significant expenditure for the quarter. A summary of expenditure incurred compared to the previous quarter is as follows:

	March Quarter	Dec Quarter
	\$ '000	\$'000
Product manufacturing and operating costs	2,040	2,284
Advertising and marketing	160	174
Leased premises	264	248
Staff costs *	713	794
Purchase of plant and equipment	50	141

* Includes \$66k paid as director fees and salaries

Eneco continues to manufacture at 7 bottled water factories across Australia and 1 plastic factory in Melbourne.

Refresh Waters

Sales increased in the third quarter. Total sales growth for the first nine months was 12% compared to the same period last year. This is despite the disruptions caused by COVID-19 lockdowns and isolation.

WA continued to grow well at 18% with increased supply to mining companies. This benefited both our Perth and Kalgoorlie factories.

NSW is improving well achieving 7% growth year-to-date despite a negative 6% in the first quarter caused by prolonged lockdowns.

VIC is now our fastest growing CGU. The growth came mainly from the supply of distilled water for commercial use. The new distiller installed has help it meet with market demand and there is no longer any need to freight distilled water from our Sydney factory.

With floods and road closure coupled with COVID isolations, NT had a 3% negative variance in sales.

QLD also did well with a 13% increase in revenue coming mainly from increased sales to Woolworths.

With global disruptions in our supply chain, we had several shipment delays of our imported raw materials. While this has resulted in a stock out situation for several products it has not adversely affected our operations.

Refresh Plastics

Refresh Plastics sales declined by 22% for the nine months. Some of the sales secured in the last period because of COVID-19 were not repeated in this period, e.g. bottles and containers for sanitisers. We had very good sales of our Ampi activity toys in the previous period. While sales continue to be better than pre-COVID-19, sales growth has slowed.
