## INVESTOR WEBINAR PRESENTATION

---

Perth-based, Western Australian-focused gold explorer Torque Metals Limited (“Torque” or the “Company”) (ASX: TOR) is pleased to announce its last participation in the ShareCafe Small Cap “Hidden Gems” Webinar, held on Friday 27<sup>th</sup> of May 2022 from 12:30pm AEST / 10:30am AWST.

Chief Executive Officer Cristian Moreno provided an overview of the Company’s recent activities and high-grade gold results from the Paris Project in Western Australia and outlined the forward plan to follow up these results, as well as touched on the plan to investigate the Nickel potential recently uncovered at the project.

This webinar record is able to be viewed by the attached link and will provide viewers the opportunity to hear from, and engage with, Torque Metals. To access to the recorded webinar, please copy the following link into your internet browser:
