Board and Management Changes Strategy Update

Wiluna Mining Corporation Limited ("Wiluna Mining" or "Company") announces that effective immediately, Mr Rowan Johnston has been appointed Interim Non-Executive Chairman and Mr Michael Monaghan has been appointed as acting CEO. They will be supported by Mr Robert Ryan as acting COO with a dedicated team on site led by Mr Jon Pluckhahn.

Upon mutual agreement with the Company, Mr. Milan Jerkovic has stepped down with immediate effect as Executive Chairman and resigned from the Board of Directors.

This change in management structure comes after a successful and well supported capital raising. The renewed focus of the Company under the new team is to reset the mine plan to take advantage of the 5.5M ounce gold resource reported at the Wiluna operations.

Interim Chairman Mr. Rowan Johnston said:

"With the new flotation plant producing saleable concentrate and operating at a higher than name-plate capacity and improved specifications, the question of metallurgy has been answered. The gold is there, it can be extracted and recovered. With most of the upfront capital expenditure on the WilTails project already spent and its commissioning currently being targeted for October 2022, we will have a further revenue stream coming online. Now we will focus on finalising a realistic, executable mine plan over the coming months that will provide a return to our shareholders, whilst also ensuring a focus on cost management. This is reflected in the addition of Mike and Robert to the executive management team both well respected and experienced in underground mining engineering. And on behalf of the Company and myself, I would like to thank Milan for his tireless efforts, belief and contribution to the Company and wish him all the best for the future."

Mike Monaghan is a mining engineer with +30 years of management experience in both underground and open pit operations across a number of commodities as well as commissioning, mine management, turnaround management and environmental and safety compliance in Australia, Africa, Asia and Europe. Mike was most recently Chief Operating Officer for Highland Gold.

Prior to that he held Chief Operating Officer and General Manager roles for Akara Resources in Thailand a subsidiary of Kingsgate Consolidated, General Manager and Mining Manager positions at AngloGold Ashanti Geita Gold Mine in Tanzania, Etruscan Resources Youga Gold Mine in Burkina Faso and Redback Mining's Chirano Gold Mine in Ghana.

He is a graduate of University of Ballarat (AUS) and a member of the Australian Institute of Mining and Metallurgy (MAusIMM), and also a member of the Australian Institute of Company Directors (MAICD).

Acting CEO Remuneration

Mr Monaghan Acting CEO will be remunerated at an amount of a \$2,000 per day consulting fee while actively engaged in the role.

This announcement has been approved for release by the Board of Wiluna Mining Corporation Limited.
