☒ Yes

7D.1c (i) How many +securities are proposed to be issued without +security holder approval using the entity's additional 10% placement capacity under listing rule 7.1A?

15,036,281

7D.1c (ii) Please explain why the entity has chosen to do a placement rather than a +pro rata issue or an offer under a +security purchase plan in which existing ordinary +security holders would have been eligible to participate

In determining the size of the placement, the Board considered the current market volatility and the Company's current share price. In this environment, it was determined that a small placement would enable the Company to take advantage of immediate value-adding initiatives, while prudently managing its capital. Should shareholder value-adding opportunities arise over the medium term, which require additional funding, the Board will consider options for all shareholders to participate in any raising at that time.
