Dear Raj,

Request for Extension of Suspension

Further to our request dated 3 June 2022 Hannans Ltd (**Hannans**) requests its securities remain in suspension pending release of an announcement detailing amendments to the agreement¹ that enables Hannans to expand its proposed lithium battery recycling activities into major European electric vehicle markets.

The amendments are positive and provide Hannans with a stronger platform from which to implement its European lithium battery recycling strategy. We request the suspension remain in place for a period of four weeks.

We're not aware of any reason why the suspension should not be granted or of any additional information necessary to inform the market about the suspension.

Best regards,

Damian Hicks
Executive Director
