ASX and Media Announcement

iCandy Interactive Ltd (ASX: ICI) ("**iCandy**" or the "**Company**") is pleased to provide the quarterly summary of its activities for the quarter ended 30 June 2022 ("**Quarter**").

RECORD QUARTERLY REVENUES AND POSITIVE OPERATING CASH FLOWS

Q2 2022 Highlights:

- **Record quarterly cash receipts of A\$8.2m, a quarterly increase of 82%.**
- **Sustainable growth to be further realised as accretive synergies are realised from the acquisition of Lemon Sky Studios, Storms, Flying Sheep Studio and Gameconomy.**
- **Importantly and following the full integration of Lemon Sky Studios, the team has contracted services for game production for the next 3 years.**
- **A milestone in achieving net positive operating cash flows as service adoption and contracts accelerate, alongside discipline expense management.**
- **Clear expense and cash outflow rationalisation with one-off corporate and acquisition costs to cease and result in further margin expansion and earnings growth.**
- **A total of ~21m shares were acquired through the Company's 135m share buyback program, which is set to prudently continue as the Board still perceives iCandy as undervalued.**
- **The Company is well positioned with a robust balance sheet with A\$28.2m in cash, where the quarterly burn rate is set to significantly reduce as the aforementioned one-off costs lapse and compounding growth rates are realised.**

Breakdown of Financials:

During the Quarter, iCandy realised approximately **A\$8.2 million** in cash receipts, **the highest ever for a quarter in the history of the Company**. This implies a quarter-on-quarter **growth rate of 82%** from the A\$4.5 million recorded in the first quarter of 2022.

Some comparatives and commentary of the quarterly cash flow:

Quarterly Comparative Table			
	Q1 2022 (A\$'000)	Q2 2022 (A\$'000)	Commentary
Receipts from customers	\$4,496	\$8,226	Increase of 82% due to robust service demand, leading to record quarterly revenue. This was primarily contributed by Lemon Sky Studios.
Staff cost	\$(3,090)	\$(5,211)	<p>Staff costs increased as:</p> <ul style="list-style-type: none"> The Quarter fully accounts for the staff cost under Lemon Sky Studios and Storms, which has more than 550 full-time employees combined. The Quarter recognises additional staff costs in Flying Sheep Studio and Gameconomy from their respective acquisition dates.
Administration and corporate costs	\$(3,166)	\$(2,177)	<p>Administrative and corporate costs have been reduced by 31%, to A\$2.2m, despite a total A\$1.65m in one-off acquisition costs.</p> <p>Management expects administrative and corporate costs to continue to downtrend as iCandy continues to optimise its operations.</p>
Net cash from / (used in) operating activities	\$(2,695)	\$152	<p>Cashflow from operating activities is impressively positive as record cash receipts are supported by streamlined expense management.</p> <p>With a staff strength of more than 650 employees now, iCandy demonstrates its business model with a positive net cashflow.</p>
Payment to acquire or for entities	\$(6,904)	\$(9,577)	<p>During Q1 2022, iCandy paid the following acquisition costs:</p> <ul style="list-style-type: none"> A\$6.9 million as tranche 1 payment for the acquisition of Lemon Sky Studios. <p>During Q2 2022, iCandy paid A\$9.6 million for the following acquisition costs:</p> <ul style="list-style-type: none"> A\$6.7 million as tranche 2 and final payment for the acquisition of Lemon

			Sky Studios. <ul style="list-style-type: none"> • A\$2.6 million final tranche for the acquisition of Flying Sheep Studios. • A\$0.3 million final tranche for the acquisition of Gameconomy.
Cash and cash equivalents at end of period	\$42,682	\$28,250	Cash is evidently lower as one-off payments for the acquisitions of Lemon Sky Studios, Flying Sheep Studios and Gameconomy are realised. (See the line above for cash outlay for each acquisition for the quarter). Importantly, accretive synergies are being realised from the milestone acquisitions reflected in the positive operating cash flows.

Revenue Trend To Continue

The positive cashflow positions were achieved on the back of iCandy's highest ever quarterly revenue, mainly contributed by its new subsidiary, Lemon Sky Studios. Management expects the revenue trend and operating cash flow to continue on the back of a 3 year backlog of game production and further subsidiary service adoption.

Revenue for the first half of 2022 is estimated to be A\$12.9 million, the highest half-year revenue ever - and without the one-off acquisition cost, iCandy is operationally profitable for the first time ever.

The above financial results are currently subject to review by the Company's external auditors and may be subject to change. A full presentation and details on the operating results for the six months ended 30 June 2022 will be released on or before 31 August 2022. Detailed FY22 earnings guidance will be provided at the same time.

Acquisition of Strategic European Studio For Second Wave Metaverse

During the Quarter, iCandy completed the acquisition of a 60% stake in Flying Sheep Studios GmbH ("**Flying Sheep Studios**") for **EUR 2.0m (A\$3.0m)**. Based in Germany, Flying Sheep Studios has an extensive track record, having delivered more than 200 games to a wide range of customers including renowned brands such as DreamWorks Animation and the Lego Group.

Flying Sheep Studios possesses a wide range of proprietary software tools which form the backbone of Flying Sheep Studios' core strength in HTML5 and WebGL capabilities, which in turn are important enabling technologies for iCandy's to develop the second wave products for metaverse gaming.

Upcoming and Ongoing Development

During the Quarter, iCandy has continued to work extensively on its Web3 initiatives. It has announced its NFT project with Froyo Games on 23 March 2022. There is a delay in finalising the art work for the NFTs and the project is now expected to complete in Q4 2022. As such, no revenue has been captured under the said NFT project currently.

New key Web3 games that are now undertaken by the Company include its first AAA metaverse game Metal Genesis, which is currently still under development but progressing rapidly with a playable demo due to be ready in Q4 2022. Metal Genesis is an armoured robo-suit war machine-themed and player-vs-player metaverse virtual world game being developed by industry-leading game designers and artists in Lemon Sky Studios.

Lemon Sky Studios is in continuous strong demand for its game development services for major global AAA game studios. Its pipeline of resources is currently filled with demands for approximately the next 3 years and it is currently on an expansion mode to increase its headcount by 20% by year-end.

Beyond game development, Lemon Sky Studios is seeing strong demand and exploring additional new revenue streams, in particular providing animation development services to global tv and movie streaming and content providers.

Committed to Share Buyback

As at 29 July 2022, ICI has bought back ~21m shares as part of its 135m share buyback mandate approved by shareholders on 11 July 2022. In light of the strong quarter and current business outlook, the Board still perceives iCandy as undervalued and remains committed to its buyback.
