4 August 2022

Technology Metals Australia Limited (ASX: TMT) (**Technology Metals**, or **the Company**), requests an extension to the voluntary suspension of its securities pursuant to ASX Listing Rule 17.2 in connection with the Ore Reserve Update and anticipated Production Profile (**Release**) for the Murchison Technology Metals Project (**MTMP**). The extension of the voluntary suspension will allow the Company to collate and complete the Release in an orderly manner.

The Company requests that the extension to the voluntary suspension be effective immediately and remain in place until the earlier of the commencement of normal trading on Monday 8 August 2022, or when the anticipated Release is lodged with ASX.

The Company is not aware of any reason why the extension to the voluntary suspension should not be granted.

About Technology Metals Australia

Technology Metals Australia Limited (ASX:TMT) is an ASX-listed company focused on the exploration and development of its flagship, 100 per cent owned Murchison Technology Metals Project (**MTMP**) located 40km southeast of Meekatharra in the mid-west region of Western Australia. The MTMP is one of the highest-grade vanadium projects in the world and will have lowest quartile operating costs once developed.

The Company is finalising an Integration Study for the MTMP, bringing in high-grade ore from the satellite Yarrabubba deposit into the central processing hub at Gabanintha. The Integration Study is due for completion mid-year with a Decision to Mine expected in late 2022.
