ABOUT 92 Energy Limited

92 Energy Limited (**ASX:92E, OTCX:NTELF**) is an Australian, ASX listed, uranium exploration company targeting high-grade unconformity associated uranium in the Athabasca Basin, Saskatchewan, Canada. On the fourth hole of its inaugural exploration drilling program, 92 Energy made a uranium discovery at its Gemini Project, known as the Gemini Mineralization Zone or ‘GMZ’. The GMZ is a near surface basement hosted uranium discovery.

The Company owns a 100% interest in its 30 mineral claims in the world-class Athabasca Basin. These 30 claims make up the Company’s five projects, being Gemini, Tower, Clover, Powerline Creek and Cypress River.
