Commentary on the results for the financial year ended 30 June 2022

Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

Medical technology company Proteomics International Laboratories Ltd (ASX:PIQ; Proteomics International or the Company) presents this financial report for the year ended 30 June 2022, with the following explanation of the results:

- Combined income from all sources increased 15% to \$3.44 million, encapsulating revenue from analytical services and research grants and the R&D Tax Incentive.
- Operational expenditure increased by 44% to \$8.41 million, and focused on the commercialisation of PromarkerD and expansion of the diagnostics pipeline.
- The loss from ordinary activities increased 74% to \$4.97 million, which reflects normal operational costs and non-cash items of \$511,693 (comprising the share based payment expense).
- The net cash outflow from operating activities was \$3.54 million.
- At 30 June 2022 the Company had cash reserves of \$2.11 million, and trade and other receivables of \$0.44 million. On the back of the Company's research and development focus it anticipates an R&D Tax Incentive cash rebate of \$1.71 million, to be received in the December quarter 2022.
