

## Talga and Mitsui extend MoU

Battery and advanced materials company Talga Group Ltd (“**Talga**” or “**the Company**”)(**TLG:ASX**) is pleased to advise it has further extended the Memorandum of Understanding (“**MoU**”) with Mitsui & Co. Europe Plc (“**Mitsui**”), a subsidiary of Mitsui & Co., Ltd., one of the largest global trading and investment companies based in Japan.

The MoU, now extended until 31 March 2023, builds on discussions to date under an agreement first signed by the parties in 2020 (ASX:TLG 20 March 2020). The MoU was then extended and expanded in December 2021 (ASX:TLG 13 December 2021).

The extended MoU between Talga and Mitsui continues the intent to advance potential co-development of Talga's Vittangi Anode Project in Sweden through Joint Venture. The extension date is aligned with expected finalisation of execution plans as well as required permitting and approvals.

Mitsui, at their discretion, will have the non-exclusive right to negotiate and enter into relevant binding agreements prior to the MoU expiry date on 31 March 2023. Should binding agreements be entered into, the Company will release details in accordance with its disclosure obligations at that time.

Talga is also engaged in advanced discussions and due diligence processes with other parties under NDA regarding project financing and partnerships.

Further details of the MoU can be found in Talga's ASX release dated 20 March 2020.

Authorised for release by the Board of Directors of Talga Group Ltd.
