NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the half year ended 30 June 2022

1 Corporate information

African Gold Ltd (the “Company” or “African Gold”) is a for-profit entity for the purpose of preparing the financial statements. The Company is incorporated and domiciled in Australia and listed on the Australian Securities Exchange on 14 February 2019. The condensed consolidated financial statements of the Company for the half year ended 30 June 2022 (“Half Year”) comprise the Company and the entities it controlled during the period (the “Group”).

The nature of the operations and principal activities of the Group is to conduct exploration and evaluation activities in Cote D’Ivoire and Mali.

The address of its registered office and its principal place of business is Suite 23, 513 Hay Street, Subiaco WA 6008.

The condensed financial statements for the six months ended 30 June 2022 were approved and authorised for issue by the Board of Directors on 13th September 2022.

2 Basis of presentation and statement of compliance

The interim financial statements for the Half Year have been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The interim condensed consolidated financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the annual financial statements of the Company for the year ended 31 December 2021 and any public announcements made by the Company during the Half Year in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX Listing Rules.

Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the last annual financial statements.

Going concern

At 30 June 2022, the Group had cash and cash equivalents of \$761,261 (31 December 2021: \$3,471,375). The Group incurred a net loss of \$1,030,125 (30 June 2021: \$896,604) and had cash outflows from operating and investing activities of \$2,792,433 during the half year ended 30 June 2022 (30 June 2021: \$2,094,268). The ability of the Group to continue as a going concern is dependent upon the future successful raising of the necessary funding through disposal of assets, equity and/or debt and the successful exploitation of the Group’s tenements.

The Directors believe it is appropriate to prepare the financial statements on a going concern basis because the Directors have appropriate plans to raise additional funds.

These financial statements have been prepared on the basis that the Group can meet its commitments as and when they fall due and can therefore continue normal business activities and the realisation of its assets and settlement of its liabilities can occur in the ordinary course of business.

In the event the Group is not able to achieve the above requirements, there is a material uncertainty that may cast significant doubt as to whether the Group will continue as a going concern and realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in its financial report.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the half year ended 30 June 2022

3 New and amended accounting standards

The accounting policies adopted in the preparation of the interim financial statements are consistent with those applied in the preparation of the Company's annual financial statements for the year ended 31 December 2021.

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 January 2022 affected any of the amounts recognised in the current period or any prior period.

The Company has not elected to adopt any new Accounting Standards or Interpretations prior to their applicable date of implementation. Accounting Standards or Interpretations on issue but not yet effective have no effect on Group accounting policies.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the half year ended 30 June 2022

8 Commitments

The Group is required to meet minimum expenditure commitments in relation to its tenements and keep them in good standing. The exploration commitments shown below are the Group's estimated exploration expenditure on its tenements based on proposed work programs submitted to the government mining departments in Mali and Ivory Coast as at the date of this report. The commitments below exceed the minimum expenditure to keep the tenements in good standing and assume any currently pending tenement renewals are granted.

A total expense of \$24,000 (2021: \$24,000) was recognised during the period under a serviced office agreement. The serviced office agreement does not lead to the recognition of any right-of-use asset or associated lease liability because the serviced office agreement does not specify or effectively require an identified asset.

To the members of African Gold Ltd

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of African Gold Ltd ("the company"), which comprises the condensed consolidated statement of financial position as at 30 June 2022, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of African Gold Ltd does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 2 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
