

## Appointment of Technical Consultant

Bindi Metals Limited (ASX: BIM, “Bindi” or the “Company”) is pleased to announce the appointment of Mr Leo Horn to the role of Technical Advisor.

Mr Horn is a highly skilled geologist with over 20 years’ experience in the exploration and mining industry for precious, base, battery and rare earth metals, diamonds and uranium across Australia, Asia, North & South America and Africa. During that time Mr Horn contributed to several significant discoveries including leading the team that delineated several large and high-grade uranium resources in the prolific Athabasca Basin of Canada.

In addition to key exploration management roles, Mr Horn has extensive experience in executive officer positions in which he has developed valuable corporate finance, marketing and capital raising experience. Mr Horn holds a Bachelor of Science with Majors in Geology & Geomorphology and Honours in Geology from the University of Western Australia and is a member of the Australian Institute of Geoscientists.

Mr Horn is also currently holding positions as Technical Director for Austin Metals Limited, Technical Advisor for Nickel Search Limited and Technical Consultant for Ragnar Metals Limited.

**Bindi Metals Executive Director, Henry Renou commented** *“We are delighted to welcome Leo to our technical team. Leo has extensive experience in intrusive-related copper-gold systems in Queensland, Serbia and Myanmar that will be extremely helpful for our ongoing exploration modes and strategy on our exciting Biloela Project.”*

This announcement has been authorised for release to the market by the Board of Bindi Metals Limited.
