

ASX ANNOUNCEMENT

27 September 2022

PERMANENT APPOINTMENT OF INTERIM CHIEF FINANCIAL OFFICER

Perth, Australia; 27 September 2022 – Orexplore Technologies Limited (ASX: OXT) ("Orexlore" or the "Company"), a globally focused mineral scanning technology company focused on the mining and metals sector, announces the permanent appointment of Greg Haskis to the role of Chief Financial Officer (CFO).

Mr Haskis brings over 30 years' experience as a finance executive across a broad range of ASX-listed and private companies in Australia and South Africa. He was most recently Chief Financial Officer of ASX-listed technology company DUG Limited, and before that Chief Financial Officer of real estate funds manager Sirona Capital.

Orexlore's Managing Director, Brett Giroud commented:

"We are very pleased to secure the services of Greg Haskis as our permanent CFO. Greg has immediately added value to the business as we deliver traction, and his skills and experience are an excellent fit for our growth going forward"

About Orexplore Technologies

Orexlore Technologies Limited (ASX: OXT) is a globally focused mineral technology business concentrated on advancing the commercialisation of its Technology Platform across the mining value chain within the global metals and mining sector. The Company's Technology Platform consists of the GeoCore GX10® hardware product and Orexplore Insight user interface software, that is continually advancing through its in-house multi-disciplinary research and development team based in Stockholm, Sweden.

Orexlore's first product, the GeoCore X10®, is a transportable X-ray rock mass scanning technology that converts drill core samples into a three-dimensional data set to provide a "through the rock" image of internal structures and texture in addition to elemental detections, and density.

The Company maintains two core-scanning laboratories in Stockholm where it undertakes scanning operations, and in its headquarters in Perth, Western Australia. Orexplore's talented global team includes consulting geologists, engineers, data scientists and physicists, and technology delivery experts. The group continues to advance its solutions through development and delivery of customer Value Propositions powered by its products.
