Approach to corporate governance

The Board of Directors of Sandfire Resources Ltd (**Sandfire** or the **Company**) is committed to fostering a culture of compliance, ethical behaviour and good corporate governance.

Whilst the Board is responsible for establishing the corporate governance framework of Sandfire, we believe good governance is the collective responsibility of all our management and staff. We believe that excellence in governance is intrinsic to our social license to operate and essential for the long-term sustainability of our business.

Sandfire's governance framework supports our people to deliver our strategy and provides an integral role in effective and responsible decision making and business conduct. Integral to the framework is our Code of Conduct (**Code**), which is based on our values. The Code guides our behaviour and reinforces the importance of carrying out our work responsibly. We use our values and Code to drive the best outcomes for our shareholders, employees, business partners, government, regulators and the broader community.

The Company regularly reviews its governance practices and corporate governance policies to reflect the growth and strategy of the Company, current legislation and best practice.

This Corporate Governance Statement (**Statement**) outlines the key features of Sandfire's governance framework by reference to the 4th edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**ASX Recommendations**). The Company's corporate governance practices have complied with all relevant ASX Recommendations during the 2022 Financial Year (FY2022).

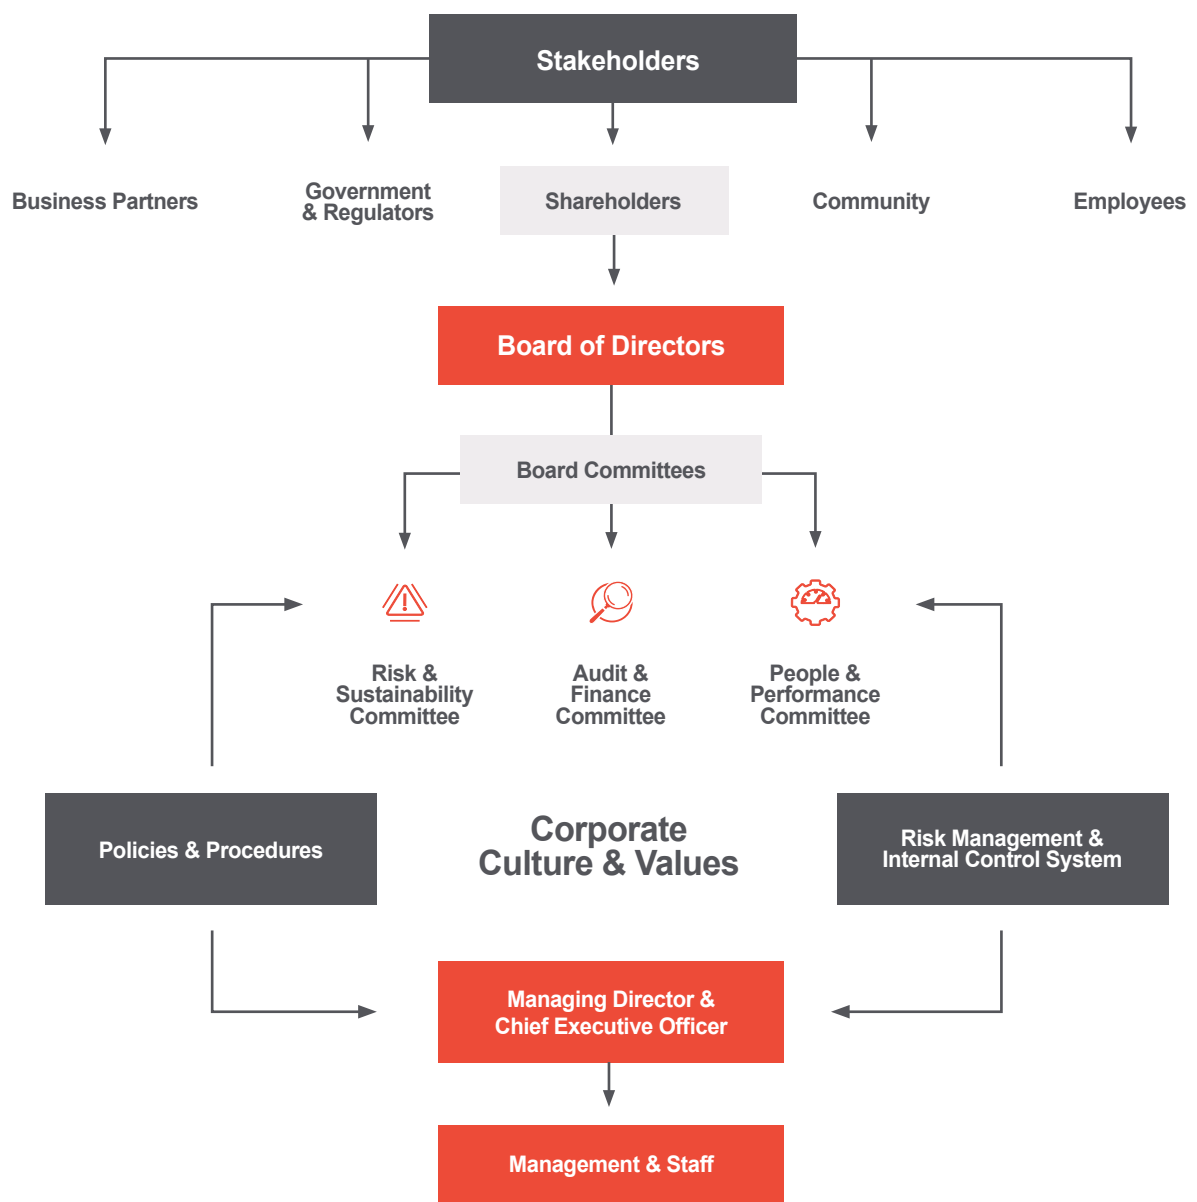

Sandfire's Corporate Governance Statement is accurate and current as at 30 September 2022 and has been approved by the Board of Directors.

The Statement can be found on the Governance page of our website at <https://www.sandfire.com.au/about-sandfire/corporate-governance/>, along with the ASX Appendix 4G - a checklist cross-referencing the ASX Recommendations to disclosures in the Corporate Governance Statement, the 2022 Annual Report and the Company website.

In accordance with the ASX Recommendations, the Company's policies and charters, referred to in this Statement, are available on the Governance page of our website at <https://www.sandfire.com.au/about-sandfire/corporate-governance/>.

Governance Framework

Our current governance framework is displayed below.

Governance highlights

The Board continued an orderly and measured succession process during 2022 to ensure it has the right balance of attributes, skills, experience and diversity to effectively govern Sandfire's growth phase, while ensuring independence through retirement of long-standing directors.

The process commenced in July 2020 with the appointment of experienced human resources and accounting executive Sally Langer as an Independent Non-Executive Director. This was followed in January 2021 by the appointment of Independent Non-Executive Directors Jennifer Morris OAM and John Richards, with Mr Richards subsequently appointed as Chair of the Board effective from 30 April 2022.

Subsequent to 30 June 2022, the Company announced the appointment of highly experienced international business leaders Sally Martin and Rob Edwards to its Board as Independent Non-Executive Directors, effective from 8 July 2022.

Sally Martin is an electrical engineer who has held various senior roles at Royal Dutch Shell over the last 34 years. She has extensive operational and business team leadership experience in complex industrial environments including refining and trading, and a deep working knowledge of stimulating and leading transformational change, most recently as General Manager, Trading and Supply Operations, Europe & Africa.

Ms Martin has strong ESG credentials, including in energy transition strategy development as Vice President Health, Safety, Security, Environment & Social Performance at Shell. She is a Non-Executive Director of Porvair Plc. (LON: PRV), a specialist filtration and environmental technology company listed on the London Stock Exchange.

Robert Edwards lives in the United Kingdom and is a mining engineer with 30 years of experience in the resources industry, primarily in frontier and emerging markets. Having started his career in technical roles, he moved into financial services with HSBC and Renaissance Capital, latterly appointed Chairman of Global Mining at Renaissance Capital.

Mr Edwards has played a central role in multiple IPOs, capital raisings and M&A transactions and is a well-known figure across the global mining investor base. He is a Director of Chaarat Gold Holdings Ltd (LON: CGH), an AIM-listed gold mining company which owns the Kapan operating mine in Armenia as well as the Tulkubash and the Kyzyltash Gold Projects in the Kyrgyz Republic.

After advising his intention to retire from the Board at the Company's 2021 Annual General Meeting, Non-Executive Director and previous Chair of the Company, Derek La Ferla, has retired from the Board effective 8 July 2022. Mr La Ferla served on the Board for over 12 years, leading the Board during Sandfire's rapid growth phase from junior explorer through the discovery, development, construction and operation of the DeGrussa Copper Operations.

The succession plan prioritised continuity and stability while also balancing the need for governance and strategic leadership. The formal recruitment process centered on further building the strength and capability of the Sandfire Board, with a focus on recruiting directors with international business and strategic mining experience, financial acumen, experience in embedding environment, social and governance policies and development of leadership in a global context.

Diversity of knowledge, experience and gender is highly desired across the Company and female representation at a director level remains a key focus. The Board succession process has also increased the level of gender diversity on the Board, with three out of seven sitting directors as at the date of this statement being female.

The role of the Board

The Board of Directors of Sandfire is responsible for establishing the corporate governance framework of the Company. The Board guides and monitors the business and affairs of the Company on behalf of the shareholders by whom they are elected and to whom they are accountable. In performing its responsibilities, the Board acts in the best interests of the Company and its shareholders, acting honestly, fairly and diligently and in accordance with the duties and obligations imposed upon it by Sandfire's Constitution and the law.

The Board has adopted a written Charter to provide a framework for its effective operation which sets out:

- the composition and responsibilities of the Board;
- the relationship and interaction between the Board and management;
- certain authorities delegated by the Board to Board Committees and management; and

- set, review and ensure compliance with the Company's values and governance framework (including establishing and observing high ethical standards); and
- ensure shareholders are kept informed of the Company's performance and major developments affecting its state of affairs.

Matters which are specifically reserved for the Board include:

- appointment of a Chair;

The EXCO performs its role in consultation with, and obtains guidance from, the Board and Board Committees.

Management is responsible for implementing the strategic objectives and operating within the risk appetite set by the Board and for all other aspects of the day-to-day running of the Company. It is also responsible for providing the Board with accurate, timely and clear information to enable the Board to effectively perform its responsibilities.

Internal control processes are in place to allow management to operate within the delegations approved by the Board, and the CEO cannot commit the Company to activities or obligations outside these delegated authorities without the specific approval of the Board. The Company also has in place a Board approved Company Authority Matrix, which is available and circulated throughout the Company and makes clear to every employee what is, or is not, within the scope of their authority.

The Board is responsible for appointing a Company Secretary. The Company Secretary is accountable to the Board and all directors are able to communicate directly with the Company Secretary. The decision to appoint and remove the Company Secretary is the decision of the Board. The Company Secretary is responsible for supporting the effectiveness of the Board and is directly accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

The duties and responsibilities of the Company Secretary include:

Director selection and succession planning

The Board regularly reviews its membership to ensure that it has the appropriate mix of diversity, skills and experience required to meet the needs of the Company. When a Board position becomes vacant or additional directors are required, external professional advisors are engaged to assist with identifying potential candidates to ensure that a diverse range of candidates are considered.

Before the Company proposes to appoint a new Director, appropriate background checks are conducted which include checks such as the person's experience, education, criminal record and bankruptcy history.

Directors receive formal letters of engagement setting out the key terms, conditions and expectations of their engagement. This includes: disclosure of director interests; compliance with corporate policies; requirements when accepting a new role; indemnity and insurance arrangements; policy on seeking independent professional advice; access to corporate information; and confidentiality obligations.

In accordance with the Company's Constitution, no Director may hold office without re-election beyond the third AGM since the Director was last elected or re-elected. The Company's Constitution also requires that directors, excluding the Managing Director, who have been appointed by the Board, must retire and stand for election at the next AGM following their appointment.

When candidates are submitted to shareholders for election or re-election, the Company includes in the Notice of AGM all material information relevant to a decision on whether or not to elect or re-elect a Director.

Refer to the Governance Highlights section of this Statement for more details on the progress of the Company's Board Succession Plan during FY2022.

Induction procedures and ongoing professional development

Sandfire has formal induction procedures for both directors and senior executives. These induction procedures have been developed to enable new directors and senior executives to gain an understanding of:

- Sandfire's financial position, strategies, operations and risk management practices; and
- the respective rights, duties and responsibilities and roles of the Board and senior executives.

Directors are given an induction briefing by the Company Secretary and an induction pack containing information about the Company and Group, Board and Committee Charters and the entity's policies. New directors also meet with senior executives to gain an insight into the Group's business operations.

Sandfire supports the continuing professional development of its directors to ensure they remain on the forefront of knowledge in director related matters and to identify and remedy any identifiable weakness in any director or the Board as a whole. All directors are provided training in key accounting matters and on their responsibilities in relation to the entity's financial statements.

Director independence

The Board consists of a majority of independent directors. Directors of Sandfire are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

The Board will consider the materiality of any given relationship on a case-by-case basis and has adopted guidelines to assist in this regard. The Board, guided by the Board Charter, considers thresholds of materiality for the purposes of determining independence in accordance with the ASX Recommendations, having regard to both quantitative and qualitative factors. Specifically, the Board will consider whether there are any factors or considerations which may mean that the director's interest, business or relationship could, or could be reasonably perceived to, materially interfere with the director's ability to act in the best interests of the Company and its shareholders.

Each director is required by the Company to declare that they satisfy the independence criteria set out in the Board Charter and to disclose any related interest or details of other interests in the Company. The Board is also guided by the Sandfire Code of Conduct, which provides a framework to assist in managing and disclosing any conflicts of interest that may arise. The roles of Chair and Chief Executive Officer are not exercised by the same individual.

Board Committees

Board Committees assist the Board with effectively discharging its responsibilities. They are able to focus on a particular responsibility and provide informed feedback to the Board.

The Board had the following committees in FY2022:

- Audit Committee;
- Risk Committee; and
- People and Performance Committee.

The Board reviewed its committee structure during FY2022 and subsequent to year end resolved to establish the following Board Committees, with effect from 1 July 2022:

Performance evaluation and remuneration

Evaluation of Board performance, committees and individual Directors

The Board regularly monitors the performance of the Board, its committees and individual directors throughout the year and conducts a review of their performance on an annual basis. This occurs through a process of internal review and can be performed with the assistance of external advisers as considered appropriate.

Led by the Chair of the People and Performance Committee, the 2022 financial year review commenced in June 2022 by way of a questionnaire and will be followed up where applicable with one-on-one discussions. The outcomes of the review and identified initiatives to improve the operation and performance of the Board and its committees are discussed and considered by the Directors.

Evaluation of senior executives' performance

Senior executives have formal agreements containing detailed duties and responsibilities associated with their role.

The process for evaluating the performance of senior executives is carried out in accordance with the Company's Remuneration Framework. The Chair conducts the performance evaluation of the CEO, including an assessment of the CEO's performance against specific and measurable financial and non-financial performance criteria. The evaluations of the other senior executives are conducted by the CEO, through a structured interview process. The results of the performance assessments are presented to the Board.

Further details of how the Company assesses the performance of the senior executives are set out in the Remuneration Report (2022 Annual Report).

Remuneration

Remuneration of senior executives

The Sandfire Board is committed to delivering remuneration strategy outcomes that:

- motivate the senior executives to focus on the strategic growth plan and operational success of the Company and Group;
- establish a strong alignment between pay and performance;
- attract, motivate and retain high performing senior executives; and
- reflect our business performance and sustainability.

Further details in relation to senior executives' remuneration are set out in the Remuneration Report (2022 Annual Report).

Remuneration of NEDs

The Company clearly distinguishes the structure of NEDs' remuneration from that of senior executives. Sandfire's NED remuneration policy is designed to attract and retain suitably skilled directors who can discharge the roles and responsibilities required in terms of good governance, oversight, independence and objectivity. The Board seeks to attract directors with different skills, experience, expertise and diversity.

Under the Company's Constitution and the ASX Listing Rules, the total annual fee pool for NEDs is determined by shareholders. The current maximum aggregate NED fee pool of \$1,500,000 per annum was approved by shareholders at the 2021 AGM. Within this aggregate amount, NED fees are reviewed annually by the Board. Refer to the Company's Remuneration Report (2022 Annual Report) for further details in relation to NED remuneration.

Risk framework

Management of risks

The Board is responsible for reviewing and overseeing the risk management strategy for Sandfire and ensuring that the Company has an appropriate corporate governance structure, in order to support the achievement of business objectives. Sandfire's Risk Management Policy outlines the Company's approach to managing risks and is available on the Governance page of Sandfire's website.

Sandfire's business, operating and financial performance are subject to a range of risks and uncertainties, some of which are beyond Sandfire's reasonable control. The identification and effective management of these risks, including measured risk-taking is viewed as an essential part of the Company's approach to creating long-term shareholder value.

Sandfire's Risk Management Framework is applied across the Company and assists the Board and management to identify, assess, manage and monitor risks. Management is responsible for the day-to-day design and implementation of Sandfire's risk management system. Risk management forms part of Sandfire's line management and operational responsibilities and is integrated into the strategic and business planning processes.

Business risks are assessed on a regular basis, including consideration of potential new and emerging risks. Material risks are documented and monitored with the implementation of preventative and mitigating processes and controls. Mitigating processes and controls are designed to minimise the adverse impact on Sandfire should a risk or uncertainty materialise.

The Company has a comprehensive system of internal controls in place to ensure that risks are managed effectively to protect the Company's interests, this includes but is not limited to:

- implementation of Board approved operating plans and budgets and Board monitoring of progress against these budgets, including the establishment and monitoring of financial and non-financial KPIs;
- delegations of authority formalised in a Board approved Company Authority Matrix that sets out authority levels for expenditure and commitments, including capital, for different levels of management within the Company;
- regular and timely reporting on safety incidents and actions to improve safety performance; and
- due diligence procedures for investments.

Underpinning the efforts is a comprehensive set of policies and procedures directed towards achieving:

- an effective and efficient use of the Company's resources;
- compliance with laws and regulations; and
- preparation of reliable published information.

Material risks are regularly reported to the Board and its committees. These reports include the status and effectiveness of control measures relating to each material risk.

During FY2022, the Risk Committee assisted the Board in fulfilling its responsibilities for governance and oversight relating to risk management including environmental and social sustainability risks. The Risk Committee reviewed and reported to the Board that:

- the Company's ongoing risk management program effectively identifies material areas of potential risk;
- adequate mitigation activities are designed and implemented to manage identified risks; and
- there are regular reviews on the process of the implementation of designed risk mitigation activities.

The Company is exposed to numerous risks, most of which are common within the mining industry. The key business risks that could have an impact on the Company achieving its financial goals and business strategy, including the Company's continuing response to COVID-19, are disclosed in the Directors' Report (2022 Annual Report).

Sandfire's exposure to material environmental and social sustainability risks, and how the Company manages those risks, are also disclosed in the Directors' Report (2022 Annual Report) and reported in the Company's Sustainability Reports.

Sandfire's Sustainability Report is prepared in accordance with the Global Reporting Initiative (GRI) Standards Core Option, with additional disclosures from the G4 Mining and Minerals Sector Supplement. Sandfire has provided partial reporting against the Sustainability Accounting Standards Board (SASB) Standards and is also progressively implementing the Taskforce for Climate-related Financial Disclosures' (TCFD) recommendations for addressing climate-related risks and opportunities. Transparent reporting against these internationally recognised standards supports our endeavour to maintain stakeholder trust, demonstrate our commitment to continuous improvement, and detail how we plan to appropriately respond to both risks and opportunities.

Internal audit function

Sandfire has an internal audit function that assists the Board by undertaking an objective evaluation of the Company's internal control framework, focusing on Sandfire's key enterprise risks.

The Risk Committee is responsible for overseeing the internal audit work plan with the assistance of the head of the internal audit function and external advisers, as considered appropriate.

The Board agrees that due to its nature, internal control assurance can only be reasonable rather than absolute. This is due to such factors as the need for judgement, the use of testing on a sample basis, the inherent limitations in internal control and because much of the evidence available is persuasive rather than conclusive and therefore is not and cannot be designed to detect all weaknesses in control procedures.

External auditor

Sandfire's External Audit Policy requires that its external auditing firm must be independent of the Company. The Audit Committee reviews and assesses the independence of the external auditor on an annual basis. The Charter of the Audit Committee contains an External Audit Policy, which provides information on procedures for the selection and appointment of the external auditor, and for the rotation of external audit engagement partners, presently every 5 years, unless otherwise approved by the Audit Committee and the Board of Sandfire.

The Company's external auditor will attend the 2022 AGM and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the Auditor's Report disclosed in the Financial Report (2022 Annual Report). The external auditor will also be allowed a reasonable opportunity to answer written questions submitted by shareholders to the auditor as permitted under the Corporations Act 2001.

CEO and CFO certification

In accordance with section 295A of the Corporations Act 2001 (the Act), the CEO and CFO have provided written statements to the Board in respect of each half and full year financial period that, in their opinion, the financial records of the Company have been properly maintained in accordance with the Act; the financial statements and the notes for the period comply with accounting standards and give a true and fair view of the financial position and performance of the entity and their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Governance policies

The Company has developed a number of codes, policies and standards to help directors and employees understand what is expected of them, all of which have been approved by the Board. The governance policies are communicated to our people and supported with training.

Below is a summary of Sandfire's core codes, policies and standards which apply to directors, employees and contractors. Each of the policies listed below are available publicly on the Governance page on Sandfire's website <https://www.sandfire.com.au/about-sandfire/corporate-governance/>.

Code of Conduct

The Board recognises the need to observe the highest standards of corporate practice and business conduct. Accordingly, the Board has established a Code of Conduct (**Code**) which applies to all our people including directors, employees and contractor staff.

The Code is reviewed every two years or when there is a significant change to the business, to ensure it remains current and relevant to the business and regulatory environments in which we operate.

Our Code, together with our Values, sets the standard of behaviour that we expect from our people. The Code forms the foundation of our internal governance and articulates our philosophy of Don't Walk Past.

The key principles underpinning our Code are that:

- our actions must be governed by the highest standards of integrity and fairness;
- our decisions must be made in accordance with the spirit and letter of applicable law; and
- our business must be conducted honestly and ethically, with our best skills and judgement, and for the benefit of our people, shareholders, stakeholders, customers and Sandfire alike.

The objective of the Code is to:

- provide guidance to all who work with Sandfire on what constitutes acceptable behaviour;
- support Sandfire's business reputation and corporate image within the community; and
- make employees aware of the consequences if they breach the Code.

It is a requirement that all our employees undertake training in the Code. Our business leaders have an additional duty of care to reinforce the Code through their management practices and personal conduct.

Securities Trading Policy

The Company's Securities Trading Policy:

- explains the types of conduct in dealing in securities that are prohibited under the Corporations Act 2001; and
- establishes a best practice procedure for the dealing in securities that protects the Company, Directors and personnel against misuse of unpublished information which could materially affect the value of securities.

The rules set out in the policy are designed to assist in preventing breaches of the insider trading provisions of the Corporations Act 2001 and to enable the Company to satisfy the disclosure requirements of the ASX Listing Rules. The policy also establishes "blackout periods" during which directors, senior executives, employees, contractors and their closely related parties must not trade in the Company's securities. It also prevents directors and senior executives from entering into any hedging arrangements over unvested securities issued pursuant to an equity-based remuneration scheme.

Disclosure Policy

The Board has endorsed a Disclosure Policy, which sets out processes that assist the Company to ensure that all investors have equal and timely access to material information about the Company and that Company announcements are factual and presented in a clear and balanced way. The Disclosure Policy also sets out the procedures for identifying and disclosing material and market-sensitive information in accordance with the Corporations Act 2001 and the ASX Listing Rules.

To ensure the Board has timely visibility of all information being disclosed to the market, all material market announcements are circulated to the Board promptly after they have been made.

If the Company gives a new and substantive investor or analyst presentation it ensures a copy of the presentation is released to the ASX prior to the presentation taking place.

Integrity of Corporate Reports

We are committed to ensuring materially accurate, balanced and appropriate information is provided to investors to make informed investment decisions.

All periodic corporate reports released to the ASX, including Quarterly Reports, are prepared and reviewed by senior managers and department/subject matter experts, reviewed and approved by EXCO, and finally reviewed and authorised for release to the market by the CEO, pursuant to the Board's delegated authority.

Reports such as the half-year and annual financial reports are audited by our external auditors in accordance with relevant regulations. Our commitment is set out in the Periodic Corporate Report standard.

The Corporate Governance Statement is accurate and up to date as at 30 June 2022 and has been approved by the Board.

The annexure includes a key to where our corporate governance disclosures can be located.³

Date: 30 September 2022

Name of authorised officer authorising lodgement: Matthew Fitzgerald, Company Secretary and Chief Financial Officer

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
