Company Announcements Office Australian Securities Exchange

By Electronic Lodgement

NOTICE UNDER SECTION 708A(12J) OF THE CORPORATIONS ACT 2001 (Cth)

NOT FOR DISTRIBUTION TO ANY PERSON OR ADDRESS IN THE UNITED STATES

1 PURPOSE OF THIS NOTICE

This cleansing notice (**Cleansing Notice**) is given jointly by Hastings Technology Metals Limited (ACN 122 911 399; ASX:HAS) (**Hastings** or the **Company**) and its wholly-owned subsidiary, HTM Investments (One) Pty Ltd (ACN 661 966 918) (the **Issuer**) under section 708A(12J) of the *Corporations Act 2001* (Cth) (**Corporations Act**) and complies with section 708A(12K), as notionally inserted by ASIC Instrument 22-0781 (**ASIC Exemption**).

The ASIC Exemption is technical relief which has been given by the Australian Securities and Investments Commission (ASIC) from the on-sale restrictions of the Corporations Act so that any Hastings ordinary shares issued on conversion of convertible securities can be on-sold without a prospectus provided that a cleansing notice containing certain prescribed information is provided to ASX Limited (ABN 98 008 624 691) (ASX) upon, or just prior to, the issue of the convertible securities.

The convertible securities referred to in section 2 of this Cleansing Notice will be issued by the Issuer without disclosure to investors under Part 6D.2 of the Corporations Act. Each convertible security is a 'convertible note' within the meaning of the Corporations Act.

The purpose of this Cleansing Notice is to enable the fully paid ordinary shares in the capital of the Company (**Shares**) that may be issued on the conversion of the convertible securities to be on-sold to non-exempt investors without a prospectus in accordance with the ASIC Exemption.

This Cleansing Notice is an important document and should be read in its entirety. No offer or invitation is made pursuant to this Cleansing Notice for any person to subscribe for or apply to acquire any of the convertible notes, or other securities issued by the Company or the Issuer. You are not required to do anything in response to this notice. Neither ASIC nor ASX takes any responsibility for the contents of this Cleansing Notice.

2 BACKGROUND

The Company announced on 26 August 2022 that Wyloo Consolidated Investments Pty Ltd (**Wyloo**) had agreed to subscribe for A\$150 million of secured, redeemable, exchangeable notes (**Exchangeable**)

Notes) to be issued by the Issuer. Wyloo is a professional investor for the purposes of section 708 of the Corporations Act.

The Exchangeable Notes are exchangeable into Shares at a fixed exchange price of A\$5.50 per Share (subject to adjustment of that price in accordance with the Exchangeable Note Deed dated 4 October 2022 entered into between the Issuer, the Company and Wyloo (**Note Deed**)), have an annual coupon equivalent to the 3-month bank bill swap bid rate plus 9.00% per annum, and a maturity of 3 years from the date of issue. A summary of the key terms of the Exchangeable Notes is set out in Schedule 1 of this Cleansing Notice.

Wyloo has advanced to the Issuer A\$150 million (net of the 1% establishment fee) and the Issuer has issued Exchangeable Notes to Wyloo with an aggregate face value of A\$150 million with a maturity of 3 years and on the terms set out in the Note Deed.

The Company does not have sufficient placement capacity available to cover the maximum number of Shares into which the Exchangeable Notes can be exchanged, so the Company sought Shareholder approval under Listing Rule 7.1 for the issue of the Exchangeable Notes. This Shareholder approval was obtained by the Company on 10 October 2022, and the Company will rely on exception 9 in Listing Rule 7.2 upon any exchange of the Exchangeable Notes for Shares, with no impact to the Company's placement capacity under Listing Rule 7.1 at the time that any Exchangeable Notes are exchanged for Shares.

The funds raised through the issue of the Exchangeable Notes will be applied solely for the purpose of acquiring 8,974,127 common shares in Neo Performance Materials Inc. (**Neo Equity Stake**), as announced by the Company to ASX on 26 August 2022.

3 THE EFFECT OF THE ISSUE ON THE COMPANY AND THE ISSUER

3.1 Summary

The principal effects of the issue by the Issuer of the Exchangeable Notes, and any subsequent issue of Shares on exchange of the Exchangeable Notes, on the Company and the Issuer will be as follows:

- (a) the issue of the Exchangeable Notes:
 - (i) increases the Hastings group's cash reserves by A\$150 million (before any expenses associated with the issue of the Exchangeable Notes, and net of the 1% establishment fee);
 - (ii) imposes on the Company and the Issuer obligations (financial and otherwise) and restrictions in relation to its business operations aimed at protecting the interests of Wyloo under the terms of the Note Deed; and
 - (iii) increases the Hastings group's indebtedness by an amount equal to A\$150 million (plus all accrued and unpaid interest);
- (b) the Issuer:
 - (i) must redeem the outstanding value of the Exchangeable Notes upon maturity (unless already exchanged or redeemed); and
 - (ii) may elect to redeem the outstanding value of the Exchangeable Notes after 2 years in the specific circumstances detailed in Schedule 1 of this Cleansing Notice;
- (c) Wyloo may elect to exchange some or all of the Exchangeable Notes for Shares at any time (after 60 days from the issue date) subject to a minimum exchange of A\$10 million outstanding value of Exchangeable Notes per exchange, and may otherwise elect to exchange all of the Exchangeable Notes for Shares in the event of a change of control of the Company (as detailed in Schedule 1 of this Cleansing Notice). In the event of a change of control of the Company where Wyloo has not made an election, the Issuer may exchange all of Wyloo's outstanding Notes (including any interest accrued but not capitalised or paid up to

the date of redemption) into Shares at the Exchange Price immediately prior to the change of control completing; and

(d) if the Exchangeable Notes are exchanged for Shares, either in whole or in part, the issue of Shares will increase the number of Shares on issue and will dilute the interests of existing Shareholders. The Hastings group's indebtedness will be reduced accordingly in this scenario. The potential effect of the exchange of Exchangeable Notes and the issue of Shares on the Company's capital structure is shown in further detail below – see section 3.5 of this Cleansing Notice.

3.2 Rights and liabilities attaching to the Exchangeable Notes

A summary of the key rights and liabilities attaching to the Exchangeable Notes is set out in Schedule 1 of this Cleansing Notice. That summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Wyloo, the Issuer and the Company.

3.3 Rights and liabilities attaching to Shares issued on conversion of the Exchangeable Notes

A summary of the rights and liabilities attaching to Shares, including the Shares to be issued to Wyloo on conversion of the Exchangeable Notes, is set out below.

The rights and liabilities attaching to Shares are set out in the Company's constitution (**Constitution**), a full copy of which can be inspected, free of charge, at the registered office of the Company during normal business hours.

The following is a broad summary of the rights, privileges and restrictions attaching to all Shares. The summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of holders of Shares (**Shareholders**). These rights and liabilities can involve complex questions of law arising from an interaction of the Constitution with statutory and common law requirements and provisions. A Shareholder wishing to obtain a definitive assessment of the rights and liabilities which attach to Shares in any specific circumstance should seek legal advice.

Ranking of Shares

At the date of this Cleansing Notice, all shares are of the same class and rank equally in all respects. Specifically, the Shares issued on exchange of the Exchangeable Notes will rank equally in all respects and constitute one class with the same rights as existing Shares.

Voting rights

Subject to the Constitution and to any special rights or restrictions attached to any Shares (at present there are none), at meetings of the Company's Shareholders, each Shareholder is entitled to receive notice of, and, if they are entitled to vote at the meeting, attend and vote at general meetings of the Company.

Every Shareholder present in person and each other person present as proxy, attorney or representative has one vote on a show of hands, and on a poll each Shareholder present in person has one vote for each Share held and each person present as proxy, attorney or representative of a Shareholder has one vote for each Share held by the Shareholder that person represents (with adjusted voting rights for partly paid ordinary Shares).

Dividend rights

The Company's Directors may pay dividends in accordance with the Corporations Act and the ASX Listing Rules.

The payment of a dividend does not require confirmation by a general meeting of the Company.

Subject to the Constitution and the rights of holders of any Shares or other equity securities which confer special rights to dividends, each Share in the Company confers on the holder the right to an equal share in dividends authorised by the Board.

Variation of rights

The rights attaching to the Shares may only be varied by the consent in writing of the holders of 75% of the Shares, or with the sanction of a special resolution passed at a general meeting.

The Constitution can only be amended by a special resolution passed by at least three quarters of the holders of the Shares present (in person or by proxy) and entitled to vote and voting on the resolution at a general meeting.

Transfer of Shares

Subject to the Constitution, the Corporations Act, the ASX Listing Rules and the ASX Settlement Operating Rules (and the limited circumstances in which the Company's Directors may exercise a discretion to decline to register a transfer of Shares), Shares are freely transferable.

Issue of further Shares

Subject to the Constitution, the ASX Listing Rules and the Corporations Act and without prejudice to any special rights previously conferred on the holders of any existing Shares or class of Shares, the Company's Directors have the right to issue shares (including preference shares) or to grant options to any person and in any number as they think fit.

General meetings

Written notice of the time, date and place of a meeting of Shareholders must be sent to every Shareholder, every director and the auditor of the Company in accordance with the Constitution, the Corporations Act and the ASX Listing Rules.

Rights on winding up

Each Share in the Company confers on the holder the right to an equal share in the whole or any part of the property of the Company.

Upon the liquidation of the Company, the surplus assets of the Company (if any) must be distributed among Shareholders in proportion to their shareholding.

With the authority of a special resolution, the liquidator may divide among the Shareholders the whole or any part of the Company's surplus assets and may attribute values to assets as the liquidator considers appropriate and determine how the division is to be carried out between the Shareholders or different classes of Shareholders.

Alteration of capital

The Company may buy-back, re-organise or otherwise alter its share capital in any manner authorised or permitted by the Constitution, the Corporations Act and ASX Listing Rules.

3.4 Pro forma consolidated balance sheet of the Company taking into account the issue of the Exchangeable Notes and the purchase of the Neo Equity Stake

Set out in the table below is a pro forma consolidated Statement of Financial Position as at 30 June 2022 for the Company, based on the consolidated Statement of Financial Position as at 30 June 2022 for the Company, adjusted to reflect the issue of Exchangeable Notes by the Issuer and the acquisition of the Neo Equity Stake, prepared on the basis of the accounting policies normally adopted by the Company.

The Company advises that the pro forma consolidated Statement of Financial Position is not the current financial position of the Company as at the date of this Cleansing Notice, and that the information is provided for illustrative purposes only. This table should be read in conjunction with the last audited Annual Report for the year ended 30 June 2022, announced by the Company to ASX on 30 September 2022.

The following adjustments and assumptions have been made in relation to the table:

- (a) The pro forma financial information is presented in an abbreviated form and does not include all of the disclosures required by Australian Accounting Standards applicable to the annual financial statements. The pro forma financial information is not audited.
- (b) Gross cash proceeds of A\$150 million from the issue of the Exchangeable Notes have been recognised (less associated establishment fee). The Exchangeable Notes have been provisionally accounted for as a non-current financial liability and presented in borrowings (inclusive of embedded derivatives impact).
- (c) The provisional accounting for the Exchangeable Notes and allocations between liabilities and equity may change in the future.
- (d) The purchase of the Neo Equity Stake has been provisionally accounted for as a non-current asset and presented in investments at historical cost.
- (e) Transaction costs have not been included in the pro forma financial information.

3.5 Potential effect on capital structure

The Exchangeable Notes are exchangeable for Shares at the exchange price at A\$5.50 per Share (subject to anti-dilution adjustments). Assuming that:

- (a) all Exchangeable Notes remain outstanding until the maturity date;
- (b) 100% of the accrued interest is satisfied by way of "payment-in-kind" Exchangeable Notes (and not in cash) at an assumed interest rate of 11.4% pa; and
- (c) all Exchangeable Notes are exchanged at the exchange price of A\$5.50 per share (i.e. there is no change to the exchange price as a result of Wyloo's anti-dilution adjustment rights),

then the number of Shares issued on exchange of the Exchangeable Notes would be approximately 38.2 million Shares. However, the actual effect on the capital structure of the Company will differ depending on how many Exchangeable Notes are exchanged, when they are exchanged, whether accrued interest is paid in cash or "in-kind" and the actual interest rate (which is a function of the 3 month BBSY rate, from time to time).

As at the date of this Cleansing Notice, no Exchangeable Notes have been converted into Shares.

The effect of exchange of the Exchangeable Notes on the Company's issued share capital will depend on what portion (if any) of the Exchangeable Notes are exchanged for Shares at any one time.

As at the date of this Cleansing Notice, the issued capital of the Company (including performance rights and options held in respect of the Company, and the Exchangeable Notes) is as follows:

Type of security	Number on issue as at the date of this Cleansing Notice	Number on issue assuming full exchange of the Exchangeable Notes
Shares	116,665,918	164,668,625 ¹
Performance Rights	1,560,021	1,560,021
Options	4,000,000	4,000,000
Exchangeable Notes	150,000,000	0

3.6 Potential effect on control of the Company

The table below shows the indicative percentage ownership of Shares by Wyloo if all of the Exchangeable Notes are exchanged for Shares. This table is illustrative only and the actual number of Shares that may be issued on exchange of the Exchangeable Notes will depend on the circumstances at the time of exchange (ie. taking account of the matters the subject of the assumptions in section 3.5 of this Cleansing Notice).

¹ This includes the notional 38.2 million Shares for the exchange of the Exchangeable Notes, and the proposed issue of 9,782,707 Shares on 14 October 2022 following Shareholder approval at the meeting held on 10 October 2022, but otherwise does not include any future issues of Shares (including under the Share Purchase Plan announced by the Company on 6 September 2022).

	On date of entry into the Note Deed	On date of issue of the Exchangeable Notes	Assuming full conversion of the Exchangeable Notes ²
Percentage ownership of Shares by Wyloo	0%	0%	23.2% ³

3.7 Compliance with disclosure obligations

The Company is a "disclosing entity" under the Corporations Act and, accordingly, is subject to regular reporting and disclosure obligations under both the Corporations Act and the ASX Listing Rules.

Broadly, these obligations require:

- (a) the Company to notify ASX immediately of any information (subject to certain exceptions) of which it is or becomes aware which a reasonable person would expect to have a material effect on the price value of its securities. That information is available to the public from ASX; and
- (b) the preparation of yearly and half-yearly financial statements and a report of the Company's operations during the relevant account period, together with an audit or review report prepared by the Company's auditor. These documents are lodged with ASIC and/or ASX. The financial statements of the Company are prepared in accordance with Australian Generally Accepted Accounting Practice. The Company complies with the Australian Accounting Standards Board, and other applicable financial reporting standards as appropriate.

Copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an ASIC office (as applicable). The Company will provide a copy of each of the following documents, free of charge, to any person on request:

- the annual financial report most recently lodged by the Company with ASIC, being the financial report of the Company for the year ended 30 June 2022 (2022 Financial Report);
- any half-year financial report lodged by the Company with ASIC after the lodgement of the 2022
 Financial Report and before the lodgement of this Cleansing Notice with ASX; and
- any of the other continuous disclosure documents given by the Company to ASX after the lodgement of the 2022 Financial Report and before the lodgement of this Cleansing Notice with ASX.

A list of the continuous disclosure documents given by the Company to ASX after the lodgement of the 2022 Financial Report and before the lodgement of this Cleansing Notice is set out in the table below.

Calculated on the basis of approximately 38.2 million Shares issued on exchange of the Exchangeable Notes (based on the assumptions described in section 3.5 of this Cleansing Notice), the total number of Shares on issue as at the date of this Cleansing Notice plus the proposed issue of 9,782,707 Shares on 14 October 2022 following Shareholder approval at the meeting held on 10 October 2022, and assuming no exercise of convertible securities (e.g. options, performance rights etc).

Under the Note Deed, if an issue of Shares on exchange of the Exchangeable Notes would result in the acquisition of a relevant interest in Shares in excess of 19.9% of the issued voting capital of the Company, then the Company will be under no obligation to issue Shares to the extent that it would breach Chapter 6 of the Corporations Act (in which case, the Company would issue the maximum number of Shares possible without causing Wyloo to breach section 606 of the Corporations Act).

	Default interest: In an event of default, interest will accrue at the rate equal to the Coupon + 5.0% per annum until such default is rectified.
Cash election	Wyloo will have the right to elect (for each Coupon payment and generally) for up to 100% of the Coupon to be paid in cash. In the absence of arrangements being made, the Company will be under no obligation to issue Shares to the extent that it would breach Chapter 6 of the Corporations Act (in which case the Company would issue the maximum number of Shares possible without causing Wyloo to breach section 606 of the Corporations Act, and Wyloo would retain the Exchangeable Notes representing the number of Shares above the applicable threshold).
