Dear Sir/Madam,

NT Minerals Limited – Request for continued Voluntary Suspension

In accordance with Listing Rule 17.2 NT Minerals Limited (ASX: NTM) ('**NT Minerals**' or '**the Company**') requests that the current voluntary suspension be continued on all its listed securities. The voluntary suspension extension is requested until the Company can provide clarity to shareholders and stakeholders regarding a potential legacy liability of NT Minerals relating Burdekin Pacific Limited's (Burdekin) remediation obligations relating to the McKinnon gold mine located near Cobar NSW. It appears Burdekin may have failed to complete remediation entered into with the Regulator in 2005.

The Company has held constructive negotiations with the NSW Resource Regulator.

Until we receive further feedback from the NSW regulator the directors believe the circumstances are still unclear and consider the best course of action is to continue the company's suspension.

The Company hopes to be in a position to inform the market more fully by 30 November 2022.

The Company is not aware of any reason why the extension of the voluntary suspension should not be granted. The Company is not aware of any other information to inform the market about the voluntary suspension.

Yours faithfully,

Melanie Ross
Company Secretary
