Anglo American Engages K2fly for Mineral Resource Governance Reporting Solution

Highlights

- **Anglo American plc has selected K2fly's Mineral Resource Governance (Resource Disclosure) Solution based on its new Resource Governance platform**
- **Contract to cover mineral resource public reporting requirements across all Anglo American commodities and operating regions.**
- **A three-year contract with a Total Contract Value (TCV) of AU$1.44m and Annual Recurring Revenue (ARR) of AU$375k**

K2fly Limited (K2F, K2fly or the Company) (ASX: K2F), is the leading provider of Resource Governance solutions for 'net positive impact' in Environmental, Social and Governance (ESG) compliance, disclosure and technical assurance. We focus on the operations of mining and asset intensive industries through our platform-based SaaS cloud solutions.

The Company is delighted to provide K2fly's Mineral Resource Governance Solution (Resource Disclosure) across all Anglo American commodities and operating regions.

The three-year agreement with K2fly will generate a TCV of AU$1.44m, has an ARR of AU$375k and implementation fees of $315k.

K2fly Resource Disclosure, a Mineral Inventory Data & Reporting Solution, is an off-the-shelf cloud based solution that allows companies to accurately adhere to all mine to mill reporting requirements for all stock exchanges. Our solution enables clients to capture the raw resource & reserve data and report to multiple stock exchanges (including the ASX, NYSE, LSX, TSX and JSE) and reporting codes (JORC, NI-43101, SK-1300, SAMREC etc.) to remain compliant. Read more about K2fly Resource Disclosure here.

Nic Pollock CEO of K2fly said "This is our first major contract with Anglo American. We are pleased to collaborate with Anglo American to deliver our next generation cloud-first Resource Governance platform. Anglo American join a distinguished group of 18 global clients, including Rio Tinto, Newmont and South 32 that have moved to the world's only commercial off-the-shelf solution for mineral resource governance and disclosure. We are really excited to work closely with the Anglo American team to deliver this corporate solution."

About Anglo American

Anglo American plc is a leading global mining company, and our products are the essential ingredients in almost every aspect of modern life. Our portfolio of world-class competitive operations, with a broad range of future development options, provides many of the future-enabling metals and minerals for a cleaner, greener, more sustainable world and that meet the fast growing every day demands of billions of consumers. With our people at the heart of our business, we use innovative practices and the latest technologies to discover new resources and to mine, process, move and market our products to our customers - safely and sustainably.

As a responsible producer of diamonds (through De Beers), copper, platinum group metals, premium quality iron ore and steelmaking coal, and nickel - with crop nutrients in development - we are committed to being carbon neutral across our operations by 2040. More broadly, our Sustainable Mining Plan commits us to a series of stretching goals to ensure we work towards a healthy environment, creating thriving communities and building trust as a corporate leader. We work together with our business partners and diverse stakeholders to unlock enduring value from precious natural resources for the benefit of the communities and countries in which we operate, for society as a whole, and for our shareholders. Anglo American is re-imagining mining to improve people's lives.

About K2fly

K2fly Limited (ASX: K2F) is an ASX listed technology provider of enterprise-level Resource Governance solutions for *'net positive impact'* in Environmental, Social and Governance (ESG) compliance, disclosure and technical assurance, to operations of mining and asset intensive industries through its platform-based SaaS cloud solutions.

Our solutions address many industry challenges and help manage risk around clients' social license to operate concerning reporting & governance, reputation and disclosure demands.

Product & service offering: We deliver a suite of solutions across three key areas on a single platform:

- Natural Resource Governance
- Mineral Resource Governance
- Technical Assurance

Customers: Spanning all continents, our customer base includes multinational Tier-1 and Tier-2 mining clients operating in 54 countries.

Strategy: Through acquisition, development, and partnerships, K2fly have assembled a unique platform that aims to generate high margin SaaS recurring revenues, being rolled out globally. Our strategy is to 'land and expand' our offering with clients over time whereby additional solutions are rolled out to support central operational management and efficiency gains.
K2fly works closely with peak industry bodies, regulators, and our own industry advisory groups on ESG topics that are driven by rapidly changing regulations, community and investor expectations to build fit for purpose industry solutions that adhere to recognised codes and standards.

Strategic alliances: K2fly has strategic alliances with global technology companies such as Esri (USA), SAP (Germany), Hitachi-ABB (Japan) and Descartes Labs (USA).
