

# **Equinox Secures Australian and Canadian Exploration Areas**

**Equinox Resources Limited ("Equinox" or "Company")** is pleased to announce that it has secured a total of approximately 160km<sup>2</sup> of claims in Ontario, Canada and entered into an agreement to acquire 100% ownership of two tenements in Western Australia.

#### West Australian Tenements E15/1902 and E15/1903

E15/1902 comprises an area of 6 Blocks (approximately 20km²) and E15/1903 comprises an area of 68 Blocks (approximately 200km²). The tenements are located approximately 10km to 20km west of Kambalda, Western Australia (Figure 1). E15/1902 is located immediately south of the Mineral Resources' (ASX:MIN) Mt Marion Lithium Mine. The Spargos Reward Gold Project is also located 6km south of the project area. The region has a rich history of gold, nickel and lithium discoveries.

Figure 1 – E15/1902 and E15/1903 Location Map

### **Key Acquisition Terms**

Equinox has entered into an agreement with private mining company Acme Resources Pty Ltd (an unrelated entity incorporated in Australia) pursuant to which the Company has agreed to acquire 100% of exploration licences E15/1902 and E15/1903 on the following key terms:

- Equinox making a cash payment of \$16,324 on completion of the acquisition;
- Completion of due diligence requirements to the satisfaction of the Company, within 30 days of execution of the agreement;
- The parties obtaining all required regulatory and shareholder approvals, including those required pursuant to the ASX Listing Rules and the applicable provisions of the Corporations Act;
- The Parties having obtained all third-party consents necessary to give effect to the transfer of the exploration licences on terms acceptable to Equinox (acting reasonably), including any consent of the Minister or delegate under the Mineral Titles Act; and
- The Parties, and if necessary, a relevant third party, executing a deed of assignment and assumption in relation to each third party agreement as identified.

#### **Ontario Claims**

Equinox has staked land in Canada comprising 783 claims (Figure 2). The target area is located in the eastern margin of the Onaman–Tashota greenstone belt within the Willet assemblage and the Esnagami batholith to the north and the Onaman pluton to the south.

The project area is approximately 3.5 hours drive to the north-east of the key mining centre of Thunder Bay, Ontario and is well serviced by the highway, roads and rail running through the northern tip of the project area. The wider Ontario district area includes a number of mines and exploration projects including those related to battery metals / green energy sector (including Lithium, Copper, Nickle) as well as Iron Ore, Gold and Platinum Group Elements (PGE) and is located approximately 19 km north-east of Noronex Limited's (ASX: NRX) Canadian copper project.

This ground was staked for nominal application costs and is considered by the Company to be Greenfields exploration opportunity, with minimal modern exploration completed.

Figure 2 – Area Location Map

Equinox's prospectus dated 31 August 2021 as supplemented by the supplementary prospectus dated 7 September 2021 (together, the Prospectus) outlined the Company's use of funds (Use of Funds), whereby Equinox has allocated \$200,000 for project generative activities.

Chairman Robert Martin commented "Securing these prospective exploration areas in both Western Australia and Ontario, whilst Greenfields, represents an exciting opportunity for Equinox to deliver further long-term value for shareholders as we continue to work towards the development of our Hamersley Iron Ore project."

- END -

#### **Forward-looking Statements**

Certain statements included in this release constitute forward-looking information. Statements regarding EQN's plans with respect to its mineral properties and programs are forward-looking statements. There can be no assurance that EQN's plans for development of its mineral properties will proceed as currently expected. There can also be no assurance that EQN will be able to confirm the presence of additional mineral resources, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of EQN's mineral properties. The performance of EQN may be influenced by a number of factors which are outside the control of the Company and its Directors, staff, and contractors.

These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the Company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of exploration sample, mapping and drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves and resources, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related to the company's prospects, properties and business strategy.

There is continuing uncertainty as to the full impact of COVID-19 on EQN's business, the Australian economy, share markets and the economies in which EQN conducts business. Given the high degree of uncertainty surrounding the extent and duration of the COVID-19 pandemic, it is not currently possible to assess the full impact of COVID-19 on EQN's business or the price of EQN securities.

Except for statutory liability which cannot be excluded, each of EQN, its officers, employees and advisors expressly disclaim any responsibility for the accuracy or completeness of the material contained in these forward-looking statements and excludes all liability whatsoever (including in negligence) for any loss or damage which may be suffered by any person as a consequence of any information in forward-looking statements or any error or omission. EQN undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after today's date or to reflect the occurrence of unanticipated events other than required by the Corporations Act and ASX Listing Rules. Accordingly, you should not place undue reliance on any forward-looking statement.
