Investor Update

Enquiries for VSN Starlink services exceeds 30,000 units

Netlinkz Limited (ASX:NET) (**Netlinkz** or **Company**) is pleased to provide an update on the progress of its global reseller agreement with Space Exploration Technology Corp. (**SpaceX**) announced to the ASX on 23 and 25 November 2022.

In just one month, Netlinkz has already received enquiries from Australian and foreign governments, multi-national business, local and overseas telecommunication businesses, and rural and remote businesses and communities for more than 30,000 VSN Starlink units. Netlinkz expects to commence to finalise contractual terms with the initial enquiries received from as early as February 2023.

Netlinkz has so far received the first part of a 5,000 unit order from SpaceX into Australia and expects to receive the balance by late January 2023 to enable Netlinkz to commence meeting the demand from the enquiries received so far.

For further enquiry for the VSN Starlink service see www.netlinkz.com.

The agreement with Space X provides for Netlinkz to be a non-exclusive global reseller of the SpaceX Starlink satellite based high-speed, low-latency broadband internet, in Asia Pacific.

Netlinkz has an existing distribution network for its VSN product covering Thailand, Philippines, Malaysia, Indonesia, Qatar, Singapore, Japan, Pacific Islands, Africa, and Pakistan.

This announcement has been approved by the Board of Netlinkz Limited.

James Tsiolis
Managing Director and Chief Executive Officer
