This announcement is approved for release by the Managing Director & CEO of New Century.

About New Century Resources Limited

Established in 2017, New Century is an Australian base metal producer with significant zinc assets and a brownfield copper development project. New Century is a top-15 global and top-five domestic zinc producer, operating Australia's largest hydraulic mine at the Century Mine in Queensland; extracting, processing, and marketing zinc recovered from historical tailings. New Century is actively progressing life extension opportunities at Century and studying the potential to restart copper production at the historically significant Mt Lyell Copper Mine in Tasmania. New Century is also pursuing opportunities with industry peers to reprocess and rehabilitate contemporary and historical mineralised waste assets at operational and legacy mine sites. Under this model, New Century may employ its expertise in economic rehabilitation with partners to the benefit of shareholders and the environment.
