ASX: T88

## ANNOUNCEMENT

25th January 2023

### LAUNCH OF INVESTOR HUB

**Taiton Resources Limited (“T88” or “the company”)** is pleased to announce the introduction of the Investor Hub which will allow the public to view our announcement and media within a platform that will allow engagement with the company.

**Managing Director Noel Ong commented:**

***“The Investor Hub is a dedicated platform for investors to learn more about Taiton and our latest activities during this period of rapid growth for the company.***

***In line with our commitment to deliver transparency to all investors, Taiton will be regularly uploading new content to the hub, including videos accompanying select announcements, education material, interviews, news & media and corporate research.”***

Taiton encourages investors to post questions/feedback through the Q&A function accompanying each piece of content and Taiton's team will endeavour to respond in a timely manner.

#### **How to join the Taiton Investor Hub**

- Head to <https://investors.taiton.com.au/auth/signup>
- Follow the prompts to sign up for an Investor Hub account
- Complete your account profile.

From time to time, investors with complete accounts on the Investor Hub may be invited to exclusive company events and corporate opportunities.

We appreciate shareholder's support during 2022 and we look forward to updating investors on our progress in 2023 via the [Investor Hub](#)

## ANNOUNCEMENT

### About Taiton Resources Limited

Taiton Resources Limited (ASX: T88) is an early-stage mineral exploration and development company that has a Shallow Mineral System within the Olympic Dam Mineralising Event.

Our dominant land holding at the Highway Project will allow us to potentially uncover the Next Elephant Deposit in Australia.

The Company has assembled a portfolio of projects across both South Australia and Western Australia comprising the following:

- (a) Highway Project – total land holding of 2,980 sq km, located in South Australia,
- (b) Lake Barlee Project – total land holding of 668.7 sq km, located in Western Australia; and
- (c) Challenger West Project – total land holding of 997 sq km, located in South Australia.

The projects have a range of exploration activities planned. The company will be undergoing a series of grassroots exploration and also several walk-up drilling targets.
