

## QUARTERLY REPORT

For the 3 months ended 31 December 2022

### Highlights:

#### Prodigy Gold 100% Projects

##### 2023 Planning:

- At the end of the 2022 field season Prodigy Gold's team commenced planning for the 2023 field season with a focus on:
  - Completing the co-funded greenfields program at the Boco North prospect;
  - Updating the historic Tregony mineral resource and providing a drill plan to improve confidence in the resource estimate and to potentially expand the mineral resource ;
  - Further drilling around the Hyperion mineral resource for potential resource growth and to also provide samples for metallurgical testwork; and
  - Review of other greenfield targets in the Northern Tanami project area including a detailed review of the geophysical datasets held by Prodigy Gold that encompass the region.

##### Old Pirate Project and Tanami Exploration Tenements:

- The Company continued to work closely with Stockton Mining on progressing the divestment of the Old Pirate Gold Project and 23 surrounding exploration tenements. The agreement between the parties was extended until 30 June 2023 during the quarter.

#### Prodigy Gold JV Projects

##### Lake Mackay Project:

- Diamond drilling commenced and was completed during the quarter on the second phase of exploration on the Phreaker prospect
- The hole was designed to intersect the mineralisation down-plunge and along strike from hole PRDD2202 that previously returned results of:
  - 5.6m @ 0.23% Cu, 0.35% Zn, 1.2g/t Ag and 0.18g/t Au from 545m, including:
    - 0.45m @ 1.15% Cu, 1.08% Zn, 6.0g/t Ag and 0.2g/t Au from 547.25m
  - 5.7m @ 0.35g/t Au from 396.9m;
  - 1.0m @ 0.54g/t Au from 391m; and
  - 0.4m @ 2.59g/t Au from 368.5m.
- Rehabilitation work was completed on all RC drill sites used by Prodigy Gold in 2022.

##### Tobruk and Monza Projects:

- Newmont completed their proprietary Deep Sensing Geochemical (DSG) survey and a passive seismic survey on the Monza project
- Newmont also completed a Magnetotellurics (MT) geophysical survey on the Tobruk project

Prodigy Gold NL (ASX: PRX) ('Prodigy Gold' or the 'Company') is pleased to provide this activity report for the three months ended 31 December 2022.

### **Management Commentary**

Commenting on progress made during the December quarter, Prodigy Gold Managing Director, Mark Edwards said: *"with the completion of the successful capital raise during the quarter, Prodigy Gold's team can confidently execute the exploration plans in place for the 2023 Northern Territory dry season. Focus will be directed to the Northern Tanami project area that includes the Hyperion Mineral Resource, the advanced Tregony gold deposit, as well as the Boco North greenfields prospect which will be co-funded under the Resourcing the Territory program with the NT Government.*

*Prodigy Gold is also continuing to work closely with Stockton Mining Limited ('Stockton') on the sale of the Old Pirate project and surrounding exploration tenements. The parties mutually agreed to extend the completion date for the transaction to 30 June 2023 to allow more time to complete all the conditions precedent. Prodigy Gold and Stockton are diligently working together to complete all the required conditions to ensure Stockton can commence on-ground work in 2023.*

*During the quarter, Prodigy Gold mobilised a diamond drill rig to the Phreaker prospect to complete one additional diamond hole as part of the sole funding requirements of the restructured joint ventures with IGO Limited ('IGO'). This drilling program was successfully completed prior to the end of the field season with assay results expected shortly."*

### **December Quarter Exploration Summary**

#### **Prodigy Gold Projects – 100% PRX**

Prodigy Gold's planning of exploration activities for the up-coming 2023 dry season will be focused on the area between the Central Tanami Project Joint Venture (CTPJV – Tanami Gold/Northern Star Resources) Groundrush gold deposit in the south and Crusade gold deposit in the north. This will include activities at these projects:<sup>1</sup>

- Completing the co-funded greenfields exploration program at the Boco North prospect, which includes the drilling of around 20 RC holes through the unprospective sedimentary cover sequence, targeting potential mineralisation related to the regional scale Suplejack Shear Zone.
- Prodigy Gold is currently working to provide an updated Mineral Resource for the Tregony gold deposit based on past and recent diamond, AC/RAB and RC drilling. This work has identified areas requiring further drilling with plans now being finalised for the coming field season to improve confidence in the Mineral Resource and to also potentially expand the mineral resource.
- The Hyperion Mineral Resource is currently the only reported Mineral Resource in the Northern Tanami project area and is located 25 km to the south of the Tregony gold deposit. Planned drilling will be used to collect samples for assaying and metallurgical testwork. The proposed testwork will include a high-level review of the metallurgical properties of the mineralisation to best determine the processing options available for this deposit.
- Other exploration activities planned for the coming 6 months include a detailed review of other greenfield targets in the Northern Tanami project area to determine future drilling plans. This will include a detailed review of the geophysical datasets held by Prodigy Gold that encompass the region.

---

<sup>1</sup> ASX: 24 November 2022

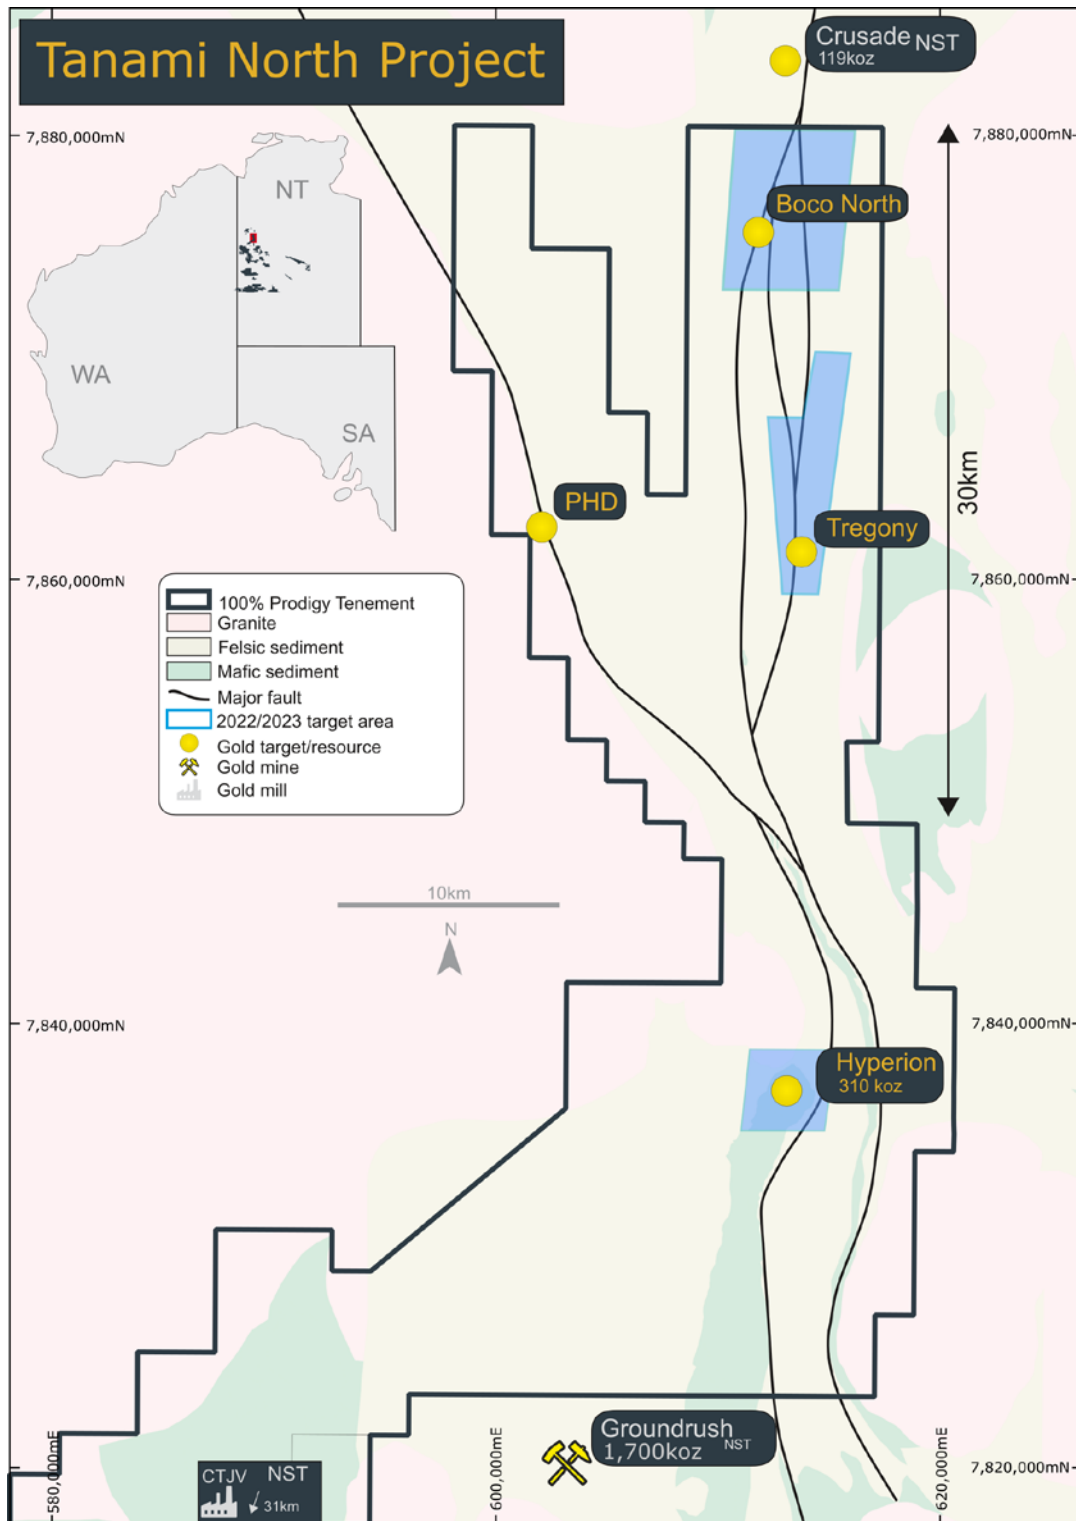

Figure 1 Location of planned exploration activities for the 2023 dry season

### **Buccaneer Project – 100% PRX**

Prodigy Gold continued to work with metallurgical consultants on the Buccaneer project with the final report expected during the next quarter. This work includes column leach testing of the Buccaneer ore to determine the suitability of the mineralisation for heap leach extraction. At the same time the consultants are also looking at the potential for other extraction techniques, particularly the use of a Carbon in Leach (CIL) plant. The assessment will include the crushing and grinding properties of the oxide, transitional and sulphide mineralisation. The metallurgical results may form part of an overarching scoping study, with the results of that study to be reported over the following few quarters.

## Joint Venture Portfolio

### Lake Mackay JV (IGO and IGO/Castile)

During the December quarter Prodigy Gold completed one diamond hole at the Phreaker prospect as part of the sole funding arrangements relating to the restructured Joint Ventures with IGO<sup>2</sup>. Assay results are pending. Rehabilitation of RC drill sites used in 2022 was also completed in the quarter.

### Lake Mackay JV – Exploration progress

#### ***Phreaker Prospect Diamond Drilling – Base Metal Tenement***

In November, Prodigy Gold announced the commencement of the drilling of one diamond core drill hole into the Phreaker prospect as part of the sole funding arrangement of the restructured Joint Venture agreements with IGO. This was a follow-up to the first 2022 drilling program completed in June 2022<sup>3</sup> that was designed to intersect the modelled EM plate down-plunge of the high-grade mineralisation reported in IGO drill hole 21PHDD002. The Prodigy Gold managed drill hole (PRDD2202) intersected the plate, up-plunge and along strike of the high-grade zone but still contained encouraging base metal results, including<sup>4</sup>:

- 5.6m @ 0.23% Cu, 0.35% Zn, 1.2g/t Ag and 0.18g/t Au from 545m, including:
  - 0.45m @ 1.15% Cu, 1.08% Zn, 6.0g/t Ag and 0.2g/t Au from 547.25m
- 5.7m @ 0.35g/t Au from 396.9m
- 1.0m @ 0.54g/t Au from 391m, and
- 0.4m @ 2.59g/t Au from 368.5m.

The follow up drilling campaign during the quarter has fulfilled the Company's sole funding commitment of \$850,000 on the Base Metal JV tenements. The sole funding requirements on the gold JV tenements through the expenditure of \$500,000 and the drilling of 24 RC drill holes across the gold tenements was met prior to 30 June 2022<sup>5</sup>. The new diamond core hole is now complete, with assays still pending but expected in early Q1-2023.

<sup>2</sup> ASX: 15 November 2022

<sup>3</sup> ASX: 29 June 2022

<sup>4</sup> ASX: 8 August 2022

<sup>5</sup> ASX: 18 May 2022

## **Tobruk JV and Monza JV (Newmont)**

### ***Tobruk***

- A district Magnetotellurics (“MT”) survey commenced in Q3 and was completed during the reporting period
- The MT survey comprises one generally northeast trending line through the centre of the Tobruk Project area
- MT readings were collected at 1,000m station spacing, for a total of 34-line kilometres within the Tobruk Project area
- Assessment of the 2D inversion data was completed during the reporting period. The data is being processed in 3D to enhance the interpretation – results are pending.

### ***Monza***

- Surface geochemical survey utilising Newmont’s proprietary Deep Sensing Geochemistry (“DSG”) technique was commenced during the last quarter and was completed in December
- The survey has been designed at various spacing including 1km x 1km to provide broad coverage across the Project area, with a more detailed survey completed at a nominal spacing of 500m x 500m at selected locations
- A total of 221 survey points were collected during the reporting period – results are pending
- A Horizontal to Vertical component Spectral Ratio (“HVSR”) passive seismic survey was carried out coincidentally with the surface geochemical survey during the reporting period – results are pending.

## **Barrow Creek JV (Australasian Metals) - 10% PRX**

As announced in January 2022, Prodigy Gold finalised the sale of 90% of the Barrow Creek Project to Australasian Metals (A8G)<sup>6</sup>. During the reporting period A8G has not reported any new results on this project. The results of the soil sampling program that was completed in the previous quarter remain pending.

## **Divestment – Old Pirate Project and Tanami Exploration Tenements**

During the quarter the Company continued to work with private entity Stockton Mining Pty Ltd (“Stockton”) on the divestment of the Company’s Old Pirate Gold Project and 23 surrounding exploration tenements located in the Tanami Region of the Northern Territory<sup>7</sup>.

A variation to the agreement was announced<sup>8</sup> during the quarter where the Company and Stockton agreed to the following variations:

- The Agreement contained an ‘End Date’ of 31 December 2022, following which, if the conditions precedent to the Agreement had not been satisfied or waived, the Agreement would automatically terminate. The End Date has been extended from 31 December 2022 to 30 June 2023. The parties must also negotiate in good faith to further extend the End Date if the conditions precedent are well progressed and likely to be satisfied shortly after the new End Date;
- The Agreement provided that Stockton would pay the ‘Pre-IPO payment’ (under escrow) of \$750,000 to Prodigy Gold within 5 business days of Prodigy Gold obtaining shareholder approval for the transaction in accordance with ASX Listing Rule 11.4.

The Pre-IPO payment will now be paid by Stockton to Prodigy Gold upon the earlier of 30 April 2023 and the date that the parties obtain advice from the Central Land Council (“CLC”) that it

<sup>7</sup> ASX: 29 April 2022

<sup>8</sup> ASX: 23 December 2022

million (before costs and expenses) (Rights Issue)<sup>9</sup>. The raising was completed post quarter end with a final share allotment on 24 October 2022.

Following shareholder approval at the Company's AGM held on 29 November 2022, the Company issued 2 Million unlisted options at an exercise price of \$0.038 with an expiry date of 1 May 2026 to managing director Mark Edwards.

As at quarter end the Company has a total of 1,847,882,818 fully paid ordinary shares and 8,725,000 unlisted options on issue.

Following the completion of the Rights Issue, IGO Limited and Jayleaf Holdings ceased to be substantial holders due to dilution. APAC Resources Limited and Allied Properties Investments (1) Company Limited increased their holding in Prodigy Gold to 49.87%.

The Company would like to thank all shareholders who participated in the Rights Issue and in particular APAC Resources for their continued support and for sub-underwriting the shortfall.

### Loan Facility

During the quarter Prodigy Gold fully repaid its A\$2.5 Million unsecured loan facility agreement with Mount Sun Investments Limited<sup>10</sup>.

### Cash Position

As at 31 December 2022, Prodigy Gold held A\$8.1M in available cash and has no debt.

Payments reported in Appendix 5B under section 6.1 consist of remuneration paid to executive and non-executive directors of the Company, including PAYG and superannuation, on a cash basis.

Authorised for release by a resolution of Prodigy Gold's Board of Directors.

## About Prodigy Gold NL

Prodigy Gold has a unique greenfields and brownfields exploration portfolio in the proven multimillion-ounce Tanami Gold district. Prodigy Gold remains highly active in its systematic exploration approach and intends to continue exploration prioritising on:

- drilling targets on its Tanami and the Lake Mackay Projects
- a scoping study on the Buccaneer Resource
- systematic evaluation of high potential early-stage targets
- joint ventures to expedite discovery on other targets

### Competent Person's Statement for Exploration Results

*The information in this report relating to exploration targets and exploration results is based on information reviewed and checked by Mr. Mark Edwards, FAusIMM, MAIG. Mr. Edwards is a Fellow of the Australasian Institute of Mining and Metallurgy (AusIMM) and a Member of the Australasian Institute of Geoscientists (AIG). Mr. Edwards is a full-time employee of Prodigy Gold NL and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting Exploration Results, Mineral Resources and Ore Reserves". Mr. Edwards consents to the inclusion in the documents of the matters based on this information in the form and context in which it appears.*

*The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.*

*Refer to previous Company ASX announcements for full resource estimation details, drill hole details, and intercept calculations. Prodigy Gold NL confirms that it is not aware of any new information or data that materially affects the information included in the market announcement and that all material assumptions and technical parameters underpinning the estimates included in referenced previous market announcements continue to apply and have not materially changed.*

*The information in this report that relates to previous ASX announcements relating to ASX Exploration Result and Exploration Targets. The relevant announcements are noted below:*

<b>5.5</b>	<b>Cash and cash equivalents at end of quarter (should equal item 4.6 above)</b>	<b>8,101</b>	<b>772</b>

<b>6.</b>	<b>Payments to related parties of the entity and their associates</b>	<b>Current quarter \$A'000</b>
6.1	Aggregate amount of payments to related parties and their associates included in item 1 Director fees and salaries (incl. superannuation) on a cash basis	122
6.2	Aggregate amount of payments to related parties and their associates included in item 2	
<i>Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.</i>		

## Mining exploration entity or oil and gas exploration entity quarterly cash flow report

7. <b>Financing facilities</b>	<b>Total facility amount at quarter end \$A'000</b>	<b>Amount drawn at quarter end \$A'000</b>
<i>Note: the term "facility" includes all forms of financing arrangements available to the entity. Add notes as necessary for an understanding of the sources of finance available to the entity.</i>		
7.1 Loan facilities <sup>1</sup>	NIL	NIL
7.2 Credit standby arrangements		
7.3 Other (Guarantee Facility) <sup>2</sup>	2,381	2,381
7.4 <b>Total financing facilities</b>	2,381	2,381
7.5 <b>Unused financing facilities available at quarter end</b>		-
7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.	
	<sup>1</sup> Unsecured Loan Facility with Mount Sun Investments Limited at an interest rate of BBSY (Bid) of Australia plus 1% p.a., the loan facility was fully repaid during October 2022. <sup>2</sup> Prodigy Gold has guarantee facilities with the ANZ and CBA which do not require any security to be granted over the Company's assets. No interest is payable for the facilities as the funds drawn are fully cash-backed. Related fees are part of expenditure under point 1.5.	

8. <b>Estimated cash available for future operating activities</b>	<b>\$A'000</b>
8.1 Net cash from / (used in) operating activities (item 1.9)	(1,037)
8.2 (Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	
8.3 Total relevant outgoings (item 8.1 + item 8.2)	(1,037)
8.4 Cash and cash equivalents at quarter end (item 4.6)	8,101
8.5 Unused finance facilities available at quarter end (item 7.5)	
8.6 Total available funding (item 8.4 + item 8.5)	8,101
8.7 <b>Estimated quarters of funding available (item 8.6 divided by item 8.3)</b>	7.8
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8	If item 8.7 is less than 2 quarters, please provide answers to the following questions:
8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?
	Answer:
8.8.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?
	Answer:
8.8.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?
	Answer:
<i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>	

**Compliance statement**

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 30 January 2023

Authorised by: The Board of Directors  
(Name of body or officer authorising release – see note 4)

**Notes**

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
