**Dear Directors** 

#### Auditor's Independence Declaration to IMDEX Limited

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of IMDEX Limited.

As lead audit partner for the review of the half-year financial report of IMDEX Limited for the half-year ended 31 December 2022, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

## Independent Auditor's Review Report to the members of IMDEX Limited

#### Conclusion

We have reviewed the half-year financial report of IMDEX Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2022, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 6 to 21.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Deloitte.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **DIRECTORS' DECLARATION**

#### The Directors declare that:

- (a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (b) in the Directors' opinion, the attached Financial Report and notes thereto are in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
  - (j) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Signed in accordance with a resolution of the Directors made pursuant to s. 303(5) of the Corporations Act 2001.

# IMDEX LIMITED and its controlled entities NOTES TO THE FINANCIAL REPORT

#### 1. Summary of significant accounting policies

#### **Statement of Compliance**

The half-year report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

#### **Basis of Preparation**

The half-year condensed consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2022, except for the adoption of new amendments to existing standards, as set out below.

### (a) Amendments to existing standards effective and adopted from 1 July 2022 but not relevant or significant to the Group

Amendments to AASB 3 Reference to the Conceptual Framework

Amendments to AASB 137 Onerous Contracts – Cost of Fulfilling Contract

Amendments to AASB 16 Property, Plant and Equipment – Proceeds Before Intended Use

### (b) New standards and amendments to standards that have been issued but not yet effective or early adopted by the Group. These are not expected to be significant to the Group.

Amendments to AASB 112 Deferred Tax related to Assets and Liabilities arising from a Single Transaction

Amendments to AASB7, 101,

108, 134 & Practice Statement 2 Disclosure of Accounting

Amendments to AASB 101 Classification of Liabilities as Current or Non-current

Amendments to AASB10 & 128 Sale or Contribution of Assets between an Investor and its Associate or Joint

Venture

#### Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other relevant factors. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are outlined below:

- Income tax expense is recognised based on management's best estimate of the weighted average effective annual income tax rate expected for the full financial year, consistent with AASB 134 para 28.
- Significant judgement and estimates applied by management in assessing recoverability of non-financial assets have been disclosed in Note 6.
- Management reviews the appropriateness of useful lives of assets at least annually, any changes to useful lives may affect prospective amortisation rates and asset carry values.

#### 4. Segment information

The primary means by which the Board view the business and make key decisions is based on geographical lines.

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group), whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. Management will also consider other factors in determining operating segments such as the existence of a regional general manager and the level of segment information presented to the Board of Directors.

Information reported to the CODM for the purposes of resource allocation and assessment of segment performance focuses on the regions serviced. The Directors of the Company have chosen to organise the Group around different geographical markets serviced by the entity's products and services.

No operating segments have been aggregated in arriving at the reportable segments of the Group. All segments are in the business of the manufacture and sale/rental of products and software to the mining sector along the following geographical lines:

AM - Americas

**APAC - Asia Pacific** 

AE - Africa / Europe

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise deferred tax assets, treasury cash, net financing costs for the Group and the corporate portion of head office costs. Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period.

#### 4. Segment information (continued)

The following is an analysis of the revenue and results for the period, analysed by reportable segment. This is consistent with the segment reporting presented in the most recent annual financial report outside of adjustments noted below.

- (i) Since the last annual report, IMDEX has redefined IMDEX Technology to IMDEX Product which includes Intellectual Property. IMDEX Product includes Research & Development of \$14.5 million (1H22: \$14.7 million), Product Management of \$3.2 million (1H22: \$3.6 million) and Intellectual Property activities of \$13.7 million (1H22: \$1.9 million). Research & Development includes Engineering Product Development and Software Development. Prior period figures have been restated. 1H23 Intellectual Property costs include \$12.4 million (1H22: \$1.5 million) legal costs relating to the Intellectual Property patent litigation, of which \$9.4 million relates to exceptional litigation costs not expected to recur during the remainder of the financial year ended 30 June 2023.
- (ii) Central administration costs comprise the corporate portion of head office costs. Head office costs attributable to operations are allocated to reportable segments in proportion to the revenues earned from those segments. Prior period figures have been restated to better align with the definition of central administration costs.
- (iii) Unallocated items includes the share of loss of an associate, fair value gain/(loss) on deferred consideration and settlement payment, finance income and finance costs associated with the Group treasury function. Interest on lease liabilities is considered directly attributable to the segments and has been included in their segment results.

<sup>(</sup>i) HUB connected rental revenue is revenue generated from sensors that are connected to and transmitting data to IMDEXHUB-IQ.

IMDEXHUB-IQ is a cloud based solution for the collection, storage and reporting of critical operational, geological and assay data which can be used by customers for analysis.

#### Other expenses

Other expenses (31 December 2022: \$37.7 million, 31 December 2021: \$25.6 million) comprise costs relating to consulting and legal support, facilities, travel and provisions for slow moving inventory and expected credit losses. The increase relative to the prior period mostly relates to exceptional legal costs incurred in relation to the Intellectual Property patent litigation (31 December 2022: \$12.4 million, 31 December 2021: \$1.5 million, of which \$9.4 million relates to exceptional litigation costs not expected to recur during the remainder of the financial year ended 30 June 2023).

IMDEX assesses impairment at the Operating Segment level for goodwill and at the Cash Generating Unit (CGU) level for fixed assets and intangible assets. A CGU being the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. CGUs identified are at a lower level than each Operating Segment (based on regional hubs).

# IMDEX LIMITED and its controlled entities NOTES TO THE FINANCIAL REPORT

#### 6. Intangible assets (continued)

Goodwill and intangible assets not yet available for use are not amortised but tested for impairment annually and whenever there is an indication that the asset may be impaired.

At each reporting date, the Group reviews the carrying amounts of its tangible and intangible assets (other than goodwill) at the CGU level to determine whether there is any indication that those assets may have suffered an impairment loss.

#### Significant accounting estimates and assumptions

Management is required to make significant judgements concerning the identification of impairment indicators, such as changes in the expectations of growth, increased cost of capital and other factors that may indicate impairment.

Where an indication of impairment exists, a formal estimate of the recoverable amount is made at the reporting period. No impairment indicators were noted during the current period for all the CGUs.

Intellectual property and other intangible assets relate primarily to the MAGHAMMER Technology acquired in the acquisition of Flexidrill (completed January 2020), aiSIRIS and aiSWYFT acquired in the acquisition of AusSpec International Limited (completed July 2020) and MinePortal acquisition (completed in September 2021).

The Group continues to progress the development of these intellectual properties. Management assesses the recoverability of the associated intangible assets at each reporting date as these technologies progress towards commercialisation.

At 31 December 2022, the Group held intangible assets with a finite useful life of \$7.5 million in relation to the MAGHAMMER Technology, acquired in the Flexidrill acquisition (completed in January 2020). During the current period, IMDEX has completed planned testing activities and intends to further progress divestment options for the commercialisation of the MAGHAMMER Technology over the next 12 months.

At 31 December 2022, the Group held intangible assets not yet available for use of \$17.3 million, which were acquired in the MinePortal acquisition (completed September 2021). These assets are not amortised until they are capable of operating in the manner intended for use by management.

IMDEX has not identified any impairment triggers at the date of this report.

#### 7. Acquisitions of assets/subsidiaries

On 17 September 2021, the Group finalised an Asset Purchase Agreement ("APA") to acquire the MinePortal software from Californian-based Data Cloud International Inc ("DataCloud").

The total purchase consideration comprises a combination of cash and equity. The Group has paid \$8.0 million in cash in September 2021 and issued 1,578,117 million of IMDEX Limited ordinary shares upon the first anniversary of completion on 17 September 2022. The balance of the transaction is payable by the issue of IMDEX shares over a three-year period, with an option to settle the payment by equivalent cash value based on the prevailing share price at the date of each anniversary (at IMDEX's discretion), as set out below:

- The issue of 1,578,117 million of IMDEX Limited ordinary shares upon the second anniversary of completion ("Tranche 2");
- The issue of 2,104,156 million of IMDEX Limited ordinary shares upon the third anniversary of completion ("Tranche 3"). The Tranche 3 is applicable if revenue from the DataCloud assets achieves the target agreed between the parties by the third anniversary of completion. If this revenue target is not achieved no shares will be issued in Tranche 3.

The Company continues to progress development of the MinePortal solution with the focus on the MinePortal integration with Blast Dog. During the period, IMDEX has spent \$0.6 million on the development of the MinePortal project.

#### 8. Deferred consideration

Balance at end of the period	-	2,936
		2.026
Current deferred consideration	-	2,936
Non-current deferred consideration	-	-

During the current period, the Company made the following payments:

- \$1.5 million final deferred consideration payment in relation to the acquisition of AusSpec (completed July 2020). This was paid on 1 July 2022 in cash pursuant to a revised agreement (previously \$1 million in cash and \$0.5 million IMDEX shares), following achievement of certain new revenue-generating contracts.
- \$1.8 million settlement payment in relation to Flexidrill. The Group finalised a Deed of Termination and Settlement with the prior owners of the Flexidrill technologies, with final settlement of \$1.8 million paid in August 2022. This has resulted in a net \$0.4 million expense during the period.

#### 9. Investment in an associate

On 1 November 2022, Datarock Holdings Pty Ltd (Datarock) exercised the equity call option available under the Datarock Shareholder Agreement, which resulted in IMDEX acquiring an additional 10.9% in the issued capital of Datarock in exchange for a \$2 million additional investment in Datarock, taking IMDEX's total ownership interest in Datarock to 40.91%. IMDEX holds the option to acquire the remaining interest in Datarock over the next three years, subject to Datarock achieving agreed strategic milestones. Nil value has been assigned to these step-up options as the purchase price is aligned with market value.

The Group's interest in Datarock is accounted for using the equity method in the consolidated financial statements.

The following table illustrates the summarised financial information of the Group's investment in Datarock:

	\$'000
Net assets	(3,971)

On 22 December 2022, the Group renewed the facility from the Commonwealth Bank of Australia. The maximum limit of the facility is \$30 million. The facility has no repayment requirements other than at expiry. As a result, the borrowings have been presented as non-current. The facility is secured against the assets of key entities across the IMDEX group, located across Australia, the United States, Canada and Europe, and subject to typical financial covenants. The facility is due to expire on 1 July 2024.

#### 11. Contingent liabilities and contingent assets

The Group is party to legal proceedings and claims which arise in the normal course of business. Any liabilities may be mitigated by legal defences, insurance, and third-party indemnities. Unless recognised as a provision, management do not consider it to be probable that they will require settlement at the Group's expense.

#### (i) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

• Subsequent to 30 June 2022, a Federal Court judgement was delivered on 12 July 2022 relating to a case whereby the Group was seeking to invalidate a Globaltech Corporation Pty Ltd patent. The Group was unsuccessful in its petition to the court, with the patent being upheld. The initial decision has granted costs be payable to Globaltech Corporation Pty Ltd. The parties are yet to agree on the quantum of costs and if this cannot be agreed, costs will need to be determined by the Registrar of the Court. The Group is seeking to stay the outcome of this judgment subject to appeal, which is not expected to be determined until May 2023. In the event the appeal is successful, the costs decision would likely be overturned.

The Group has also sought to reserve its rights to apply to set off its costs against payment due by Globaltech Corporation Pty Ltd in a separate Federal Court proceeding (NSD1089/2016), a matter in which the Group have had a judgment in their favour where Globaltech has been found to be infringing the Group patent and the parties are progressing to a hearing with final decision on quantum.

Whilst the outcome of these legal proceedings are, by their nature, uncertain, the Directors do not currently anticipate that the outcome of the proceedings either individually or in aggregate will have a material adverse effect on the Group's financial position.

An estimated of the financial effect of this matter has not been provided because it is not practicable to do so.

• In connection with the proposed acquisition of Devico AS (refer note 12 for details), on completion the Company will be obligated to pay a success-based fee to advisors in connection with the associated equity raise, transaction support and new senior secured term loan. The estimated payable amount is \$13.1 million. It will be funded by the proceeds from the equity raise in conjunction with new debt.

#### (ii) Contingent assets

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

A subsidiary of the Group (Australian Mud Company Pty Ltd or "AMC") is currently a party to litigation in relation to infringement of patents by a third party. The courts have found in favour of AMC on the matter and the company is awaiting an outcome on the quantum of the financial settlement.

An estimated of the financial effect of this matter has not been provided because it is not practicable to do so.

# IMDEX LIMITED and its controlled entities NOTES TO THE FINANCIAL REPORT

#### 12. Subsequent events

On 13 January 2023, the Company announced it has entered into a Heads of Agreement to acquire a 40% interest in Krux Analytics Inc for \$6.4 million cash. Other terms of the proposed investment are being negotiated and are subject to further due diligence, mutual board approvals and customary conditions.

On 19 January 2023, the Company (via its wholly owned subsidiary) has entered into a binding agreement to acquire Devico AS for an implied enterprise value of \$324 million. IMDEX will acquire 100% of the issued and outstanding shares in Devico for A\$334 million (Acquisition Consideration).

Acquisition Consideration and associated transaction costs will be funded through a combination of:

- Up to \$224 million equity raising consisting of an Institutional Placement, Entitlement Offer and Conditional Placement;
- \$120 million drawn from a new senior secured term loan; and
- An estimated \$16 million of IMDEX shares issued to certain former Devico Shareholders who are Key Management Personnel of Devico.

The Company has completed the approximate \$185 million institutional placement (comprising the \$75 million Institutional Placement and the institutional component of the Entitlement Offer to raise approximately \$110 million) and allotted new shares on 30 January 2023, plus the approximate \$36 million retail entitlement placement on 9 February 2023 with the planned issues of new shares on 13 February 2023.

The targeted proposed acquisition completion date is 28 February 2023.

Other than the matters above, no matters or circumstances have arisen since the end of the half-year which will significantly affect or may significantly affect the state of affairs or operations of the reporting entity in future financial periods.
