ASX Market Announcements

Dear Sir/Madam,

NT Minerals Limited – Request for continued Voluntary Suspension

In accordance with Listing Rule 17.2 NT Minerals Limited (ASX: NTM) (**'NT Minerals'** or **'the Company'**) requests that the current voluntary suspension be continued on all its listed securities. The voluntary suspension extension is requested until either the Company can provide clarity to shareholders and stakeholders regarding a potential legacy liability of NT Minerals relating Burdekin Pacific Limited's (Burdekin) remediation obligations relating to the McKinnon's gold mine located near Cobar NSW or the Company's financial position has been strengthened.

It appears Burdekin may have failed to complete remediation entered into with the Regulator in 2005. The Company has held constructive discussions with the NSW Resource Regulator.

The Board continues to consider all available options in regards to the NSW regulator; the directors believe the circumstances are still unclear and consider the best course of action is to continue the company's suspension until we either have further clarity or the Company's position has been strengthened.

The Company hopes to be in a position to inform the market more fully by 15 March 2023.

The Company is not aware of any reason why the extension of the voluntary suspension should not be granted. The Company is not aware of any other information to inform the market about the voluntary suspension.

Yours faithfully,

Melanie Ross
Company Secretary

This announcement was approved and authorised for issue by Melanie Ross, Company Secretary of NT Minerals.
