Directors' report

The directors of Mount Ridley Mines Limited ("Mount Ridley" or "the Company") submit herewith the financial report of Mount Ridley and its subsidiary ("the Group") for the half-year ended 31 December 2022. In order to comply with the provisions of the *Corporations Act 2001*, the directors report as follows:

Names of Directors

The names of Directors who held office during or since the end of the half-year are:

Mr Peter Christie Mr Simon Mitchell Mr Guy Le Page Mr Graeme Johnston (resigned 18/07/2022)

Review of operations

The Mount Ridley Rare Earths Project

During the first half of the financial year, the Company announced that a total of 409 aircore holes were drilled for 18,927m with 8,497 samples submitted for REE analysis.

Drilling results have generated REE prospects at the Winston, Keith, Jules, Tyrrell, Marcellus, Vincent, Fabienne, Butch and Mia Prospects, which all occur within a 20km radius of the Project centre – a mineralisation footprint area of approximately 1,200km^{2.}

Each Prospect represents multiple thick intervals of REE mineralisation grading above 500ppm TREO, and with grade-thickness intervals at more than 10,000m.ppm (thickness (m) * grade (ppm TREO²)) intersected at each. Intersections contain on average approximately 26% rare earth elements used in high intensity magnets (MagREO³).

In late 2022, one hundred and one (101) aircore holes for 4,251m were drilled at the Mount Ridley Project, which largely completed the programme of Stage 2 – Regional Drilling to identify areas of Rare Earth Element enrichment across the wider project area. From these drill holes, a further 2,816 samples were submitted to ALS Limited for analysis. Results are expected during the March 2023 quarter.

All drilling has been along existing bush tracks, and within vacant crown land. The Company has adopted a policy to avoid the adjoining cultivated farmland.

Mineralogy and Metallurgy

The Company has retained Independent Metallurgical Operations' ("IMO"), a Perth-based metallurgical consultancy and laboratory, to oversee REE extraction test work as the first step towards the development of a process flowsheet.

In late 2022, the Company completed 20 PQ diamond drill core holes providing 961.5m of material for extractive metallurgical test work.

Subsequent studies will include;

- Beneficiation,
- Clay mineralogy and identification of the REE-host minerals,
- Salt and acid leach testing under a range of conditions,

- Specific gravity measurements, and
- Other novel leach trials.

Project Geology

Seven hundred and fifty-three (753) bottom-of-hole samples of near-fresh basement rocks have been analysed by Portable Spectral Services, using a Bruker M4 Tornado microXRF. The scan gives multielement geochemical data which is used for mineral and rock identification using a proprietary mineral library. Resulting mineralogical information is to be used to develop a geological framework for a project-wide basement map, which can then be integrated with other datasets including aeromagnetic, gravity and electromagnetics already held by the Company.

Environment and Heritage

The Company has in place an Aboriginal Heritage Management Plan, developed with the Esperance Tjaltjraak Native Title Aboriginal Corporation.

In addition, the Company has implemented a best practice Exploration Environment Management Plan, developed in conjunction with Government environmental bodies, to record the Company's obligations and procedures when operating at the Mount Ridley Project.

Completed Work Summary

- Samples from over 3,500m of drilling by Mt Ridley Mines from 2017-2018 were analysed for REE in late 2021.
- During 2022, a total of 409 aircore holes for 18,927m were drilled along cleared tracks identifying priority prospects at Mia, Tyrrell's Keith's, Marcellus', Winston's, Jules' and Vincent's.
- 880 drill pulps have been analysed using a short wave infra-red ("SWIR") instrument to help map clay
 mineral distribution as a component of an ongoing Research and Development project studying the
 REE mineralisation genesis.
- 753 samples of near fresh rock stubs from the bottom of aircore holes drilled in 2014 and 2022 were scanned using a Bruker M4 Tornado micro-XRF analyser. Compilation and interpretation is continuing. This study forms a component of the Research and Development project.

Corporate

Capital Raising

During the first half of the year, The Company issued 1,927,854,428 fully paid ordinary shares on exercise of MRDOB listed options exercisable at \$0.0030, and which expired on 30 November 2022.

The Company paid an underwriting fee of \$326,869 (incl. GST) (6% of the Underwritten amount) to Capital Investment Partners Pty Ltd as per the underwriting agreement dated 17 August 2022.

On 28 December 2022, the Company issued 290,000,000 performance rights to its directors and consultants, as approved at the 2022 annual general meeting, and in accordance with the employee incentive securities plan.

Board Change

On 18 July 2022, the Company advised the Board had accepted the resignation of Mr Graeme Johnston from his position as Non-Executive Director.

Annual General Meeting

On 30 November 2022, the Company advised that all resolutions put at the Annual General Meeting held at RM Capital, Level 1, 1205 Hay Street, West Perth WA 6005, were passed.

Auditor's independence declaration

Section 307C of the Corporations Act 2011 requires our auditors, HLB Mann Judd (WA Partnership), to provide the Directors of the Company with an Independence Declaration in relation to the review of the half-year report. This independence Declaration is set out on page 4 and forms part of this Directors' Report for the half year ended 31 December 2022.

Signed in accordance with a resolution of directors made pursuant to s.306(3) of the Corporations Act 2001.

On behalf of the directors

Mr Peter Christie

Non-Executive Chairman Perth, 14 March 2023

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the review of the consolidated financial report of Mount Ridley Mines Limited for the half-year ended 31 December 2022, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the Corporations Act 2001 in relation to the review;
 and
- b) any applicable code of professional conduct in relation to the review.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Mount Ridley Mines Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Mount Ridley Mines Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2022, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Mount Ridley Mines Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's responsibilities for the review of the financial report section of our report. We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

T: +61 (0)8 9227 7500

E: mailbox@hlbwa.com.au

Liability limited by a scheme approved under Professional Standards Legislation.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Directors' declaration

The directors declare that:

- (a) in the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (b) in the directors' opinion, the attached financial statements and notes comply with the *Corporations Act 2001*, Accounting Standards (including AASB 134 'Interim Financial Reporting') and other mandatory professional reporting requirements and give a true and fair view of the financial position and performance of the Group.

Signed in accordance with a resolution of the directors made pursuant to s.303(5) of the *Corporations Act* 2001.

On behalf of the directors

Notes to the condensed consolidated financial statements for the half-year ended 31 December 2022

1. Significant accounting policies

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 '*Interim Financial Reporting*'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 '*Interim Financial Reporting*'. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with annual financial statements of the Company for the year ended 30 June 2022 together with any public announcements made during the following half-year.

The Company is a for-profit entity listed on ASX and domiciled in Australia. The half-year financial report was authorised for issue by the directors on 14 March 2023.

Basis of preparation

The condensed consolidated financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2022 annual financial report for the financial year ended 30 June 2022 and the corresponding half-year financial report except for the impact of the new and revised Standards and Interpretations effective 1 July 2022 as outlined below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

For the purpose of preparing the half-year financials report, the half-year has been treated as a discrete reporting period.

Going concern basis

The condensed consolidated financial statements have been prepared on the going concern basis which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

For the half-year ending 31 December 2022, the Group incurred a loss of \$2,490,904 (31 December 2021: loss of \$400,683) and a net cash outflow from operating activities of \$2,312,321 (31 December 2021: \$1,236,191). At 31 December 2022, the Group had working capital of \$5,529,629 (30 June 2022: \$2,752,231).

Based on the Group's existing cash resources of \$5,184,436 (30 June 2022: \$2,263,558) and liquid investments of \$485,397, the ability to modify expenditure outlays, if required, and to source additional funds, the directors consider there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable, and therefore the going concern basis of preparation is considered appropriate for the Group's 31 December 2022 half-year consolidated financial statements.

Significant accounting judgements and key estimates

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing these half-yearly statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual financial report for the year ended 30 June 2022.

Adoption of new and revised Standards

Standards and Interpretations applicable to 31 December 2022

In the half-year ended 31 December 2022 the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group's operations and effective for annual reporting periods beginning on or after 1 July 2022. As a result of this the Directors have determined that there is no impact, material or otherwise, of the new and revised standards and interpretations on the Group's business and, therefore, no change is necessary to the Group's accounting policies.

Standards and Interpretations in issue not yet adopted

The Directors have also reviewed all new Standards and Interpretations in issue not yet adopted for the half-year ended 31 December 2022. As a result of this the Directors have determined that there is no impact, material or otherwise, of the standards and interpretations in issue not yet adopted on the Group's business and, therefore, no change is necessary to the Group's accounting policies.

2. Segment information

The Group operates in one business segment and one geographical segment, namely the mineral exploration industry in Australia. AASB 8 'Operating Segments' states that similar operating segments can be aggregated to form one reportable segment. Also, based on quantitative thresholds included in AASB 8, there is only one reportable segment, namely the mineral exploration industry. However, none of the operating segments currently meet any of the prescribed quantitative thresholds, and as such do not have to be reported separately. The Group has therefore decided to aggregate all its reporting segments into one reportable operating segment.

The revenue and results of this segment are those of the Group as a whole and are set out in the condensed consolidated statement of profit or loss and other comprehensive income. The segment assets and liabilities are those of the Group and are set out in the condensed consolidated statement of financial position.

3. Dividends

No dividends were paid or declared for the half-year ended 31 December 2022 and the directors have not recommended the payment of a dividend.

	2,339

- (i) The company has issued 120,000,000 performance rights on 28 December 2022 to directors in four different classes each with its own specific vesting conditions. The performance rights vest subject on the date that the vesting condition relating to the performance right has been satisfied.
- (ii) The company has issued 170,000,000 performance rights on 28 December 2022 to consultants in four different classes each with its own specific vesting conditions. The performance rights vest on the date that the vesting condition relating to the performance right has been satisfied.

Vesting conditions

Each Performance Right is a right of the holder to acquire one fully paid ordinary share in the capital of the Company subject to the below terms and conditions.

Class	Number of rights issued	Fair Value	Vesting Conditions
Class A	72,500,000	\$362,500 \$0.005 per right	The Company receiving a defined JORC 2012 compliant resource in the Inferred category (or higher) of not less than 500Mt of REE at a minimum grade of 500 ppm at any of the Company's projects, verified by an independent competent person.
Class B	72,500,000	\$362,500 \$0.005 per right	The Company receiving a defined JORC 2012 compliant resource in the Inferred category (or higher) of not less than 750Mt of REE at a minimum grade of 500 ppm at any of the Company's projects, verified by an independent competent person.
Class C	72,500,000	\$362,500 \$0.005 per right	The Company receiving a defined JORC 2012 compliant resource in the Inferred category (or higher) of not less than 1,000Mt of REE at a minimum grade of 500 ppm at any of the Company's projects, verified by an independent competent person.
Class D	72,500,000	\$362,500 \$0.005 per right	The Company receiving a defined JORC 2012 compliant resource in the Inferred category (or higher) of not less than 2,000Mt of REE at a minimum grade of 500 ppm at any of the Company's projects, verified by an independent competent person.
Total	290,000,000		

Management evaluates estimates and judgements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data.

For the reporting period, \$2,339 have been recognised as a share-based payment for these performance rights, being the fair value expensed over management's best estimate of the vesting period (5 years from issue date).

14. Contingent liabilities and contingent assets

There has been no significant change in contingent liabilities and/or contingent assets since the last annual report. Please refer to the 30 June 2022 annual financial report.

15. Subsequent events

On 20 February 2023, the Company entered into a one-year lease agreement with Mansted Investments Pty Ltd ATF Mansted Enterprises Superannuation to lease the premises at 25 Shelden Road, Chadwick WA 6450, to be used as a warehouse or storage.

No other matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect, the Company's operations, the results of those operations, or the Company's state of affairs in the future financial years.

16. Financial instruments

Fair value measurement

Measured at fair value on recurring basis

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy.

The three levels are defined based on the observe ability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following tables shows the levels within the hierarchy of financial assets and liabilities measured at fair value on a recurring basis. There have been no transfers between the levels of the fair value hierarchy during the half-year ended 31 December 2022.

31 Dec 2022 30 Jun 2022 Fair value Fair value Fair value Valuation hierarchy technique 485,397 463,717 Level 1 Market price 539 Level 2
