Upcoming Suspension from Trading

Shareholders are advised that the ASX has confirmed that the securities of Danakali will be suspended from official quotation from the close of market on Monday 3 April 2023, which is 6 months from the date of the term sheet announcement on 3 October 2022.

Shareholder approval for the disposal of the Company's main undertaking was received at the general meeting held on 2 March 2023. As previously announced, a disposal by a listed entity of its main undertaking can raise issues under ASX Listing Rule 12.1 and 12.2, which oblige a listed entity to satisfy ASX on an ongoing basis that the level of its operations is sufficient, and its financial condition adequate, to warrant its continued quotation of its securities. As detailed in the Company's notice of meeting dated 1 February 2023, shareholders were notified that DNK would be required by ASX, within a period of 6 months from the date of announcement of the disposal to identify a new project or opportunity or risk being suspended from trading by ASX. The consequences of a disposal of its main undertaking are that any transaction DNK proposes to enter into may, if required by ASX, attract the application of Listing Rule 11.1.3 and as a result the Company may, if required by ASX, be required to re-comply with Chapters 1 and 2 of the ASX Listing Rules.

Please refer to ASX Guidance Note 12: Significant Change to Activities which provides further information on significant changes to activities and how the Listing Rules apply to those changes.

DNK's Plans Post Transaction Completion

Danakali is continuing its investigation of suitable projects for investment of a portion of the funds received from the Transaction with a view to meeting the requirements of Listing Rule 12.1 to return to official quotation upon application to ASX.

Having completed the Transaction well ahead of schedule, Dankali efforts focused on identification of new projects for investment will be increased. If the Company does not identify a suitable new project, the shares of DNK will remain suspended.

Distribution of Funds

As previously advised, DNK currently intends to distribute approximately 90% of the net proceeds to DNK shareholders. Shareholders are advised:

- Danakali intends to apply for an ATO ruling regarding the Australian tax treatment of any proposed distribution to shareholders;
- any proposed capital reduction or buy back will require shareholder approval; and
- any proposed distribution approved by shareholders is expected to occur in the year ending 30 June 2024.

At this stage, the Board has not made any formal decision regarding the proposed distribution and the form that that this may take. The Company will keep the market informed as to its intentions regarding distribution of funds in due course.
