

# Market Announcement

12 April 2023

---

## Avira Resources Limited (ASX: AVW) – Trading Halt

### Description

The securities of Avira Resources Limited ('AVW') will be placed in trading halt at the request of AVW, pending it releasing an announcement. Unless ASX decides otherwise, the securities will remain in trading halt until the earlier of the commencement of normal trading on Friday, 14 April 2023 or when the announcement is released to the market.

Manager, Listings Compliance

12 April 2023

## REQUEST FOR TRADING HALT

Avira Resources Limited (ASX: **AVW**) (**Avira** or the **Company**) requests a trading halt of its securities pursuant to ASX Listing Rule 17.1 in connection with the asx release dated 12 April 2023 and titled, *Diamond Drilling Intersects Massive Sulphide At Puolalaki*. The trading halt will allow the Company to prepare additional disclosure for the visual estimate of mineralisation contained in drill core.

The Company requests that the trading halt be effective immediately and remain in place until the earlier of the commencement of normal trading on Friday 14 April 2023, or the release of an announcement in respect to the additional disclosure.

The Company is not aware of any reason why the trading halt should not be granted.

For, and on behalf of, the Board of the Company, and authorised for release.

David Deloub  
Executive Director  
Avira Resources Limited

Shareholders and other interested parties can speak to Mr. Sonu Cheema if they have any queries in relation to this announcement: +618 6489 1600.

### **About Avira Resources Limited**

Avira Resources (AVW) is an ASX listed mining exploration company. In addition to the Poulalaki Project located in Northern Sweden, the Company holds two tenement packages within the Paterson Range province which is host to a number of substantial gold, copper and manganese mines and deposits, including the Telfer gold- copper mine. The Avira projects are situated in the Yeneena basin sedimentary rock formation that hosts both the Nifty and Maroochydore copper deposits and the Woody Woody Manganese mine.
