

ASX ANNOUNCEMENT

24 April 2023

DURATEC UPGRADES FY23 GUIDANCE

Australian engineering, construction, and remediation contractor Duratec Limited (**Duratec** or the **Company**) (ASX: DUR) announces an upgrade of guidance for revenue and normalised EBITDA for FY23. The revised revenue range is now expected to be between \$465m and \$495m and normalised EBITDA \$36m to \$39m, up from of \$420m to \$460m and \$32m to \$35m (respectively) announced to the ASX on 28 February 2023.

The Company's 2H FY23 performance has been stronger than previously forecast, as a direct result of the Company's ability to convert key project awards to delivery in better-than-expected timeframes and a strong growth and profit contribution from Wilson's Pipe Fabrication. As such there has been a significant improvement to the 2H FY23 result, which is now reflected in the upgraded guidance.

In FY22, the Company reported revenue of \$310m and normalised EBITDA of \$19.3m.

The Company's current orderbook remains strong at \$495m, tenders of \$748m and pipeline, comprising tenders and identified opportunities, is \$2.6bn. The Company's cash generation remains effective and in line with the Company's expectations.

Duratec Managing Director, Phil Harcourt, said "We are very pleased to be delivering a strong result for FY23 and outperforming initial expectations through a combination of contributing factors. These include the recent approval of contract variation claims, commencement of recently secured projects, increased productivity and reduction in risk allowance on a number of projects and a stronger than anticipated contribution from Wilson's Pipe Fabrication. WPF is now expected to achieve revenue of ~\$30m and a gross margin in the high 20%'s for FY23, of which Duratec receives an 8-month contribution from date of acquisition. We continue to focus on maintaining and growing our order book, through the continually sourcing of identified opportunity and tendering at the required level to support the Company's growth into the future."

Authorised for release to ASX by the Board of Duratec Limited.
