

15 May 2023

Correction to Department of Climate Change, Energy, the Environment and Water (DCCEEW) Notification

Australian Potash Limited (**ASX: APC** or the **Company**) advises that following the release to the Australian Securities Exchange of the Company's Corporate Update on Wednesday, 10 May 2023, it was brought to the Company's attention that the official 'Notification of referral decision and designated proponent – controlled action' (**Notice**) published on DCCEEW's website carried a date of decision of 1 May 2022, as opposed to 1 May 2023.

This is an error on the part of DCCEEW.

DCCEEW have now published a correction to the Notice reflecting the accurate date of decision as 1 May 2023 and this is available on their website at <https://epbcpublicportal.awe.gov.au/all-referrals>.

APC remains cognisant of, and committed to, its obligations under ASX's continuous disclosure rules.

The Company's Managing Director and CEO Matt Shackleton's most recent interview discussing the Corporate Update can be found on the Company's website at <https://www.australianpotash.com.au/site/investor-information/videos>.

This release was authorised by the Managing Director & CEO.
