

Board Changes

The Board of Wellfully Limited (ASX: WFL) (“Wellfully” or “the Company”) is pleased to advise that Mr John Forrester has been appointed as Non-Executive Chairman of the Company, effective 18 May 2023.

About John Forrester

John has over 20 years’ experience in business development, operations and leadership across multiple sectors including ICT, finance and professional services throughout the Australian and Asian markets.

As Co-founder and Chief Operating Officer of an Australian SaaS eLearning and marketing startup, his wide breadth of experience has cultivated a strong passion for building highly scalable businesses, capital raising, the development and launching of several software solutions and the commercialisation of several international patents.

John has extensive experience in management positions in organisations, has worked extensively with executive teams to design and implement business strategies for performance and growth, brokering of deals and management of business relationships within Australasia.

Coinciding with Mr Forrester’s appointment, the Company advises Mr David Wheeler will step down as Chairman and Mr Andy Wortlock has resigned from his role as Non-Executive Director to focus on his other business interests and directorships.

The Board wishes to thank Mr Wortlock for his contribution to the Company and wish him all the best with his future endeavours.

This release has been issued with the authorisation of the Board.

ABOUT WELLFULLY

Wellfully is a fully integrated, science-based wellness company. In addition to its own-brand, RÉDUIT, the Company also offers a portfolio of proprietary technologies and supports partners by providing IP-protected market exclusivity, expertise in magnetic array design, feasibility and efficacy, and claims testing, engineering and production.

Wellfully's established operations via its wholly-owned business units are:

- The Innovation & R&D unit provides technology to the other business units of the Company, as well as licensing and development services to international partners.
- The Design & Technology and Supply-chain hub in Dongguan, China has the ability to rapidly develop and industrialize the Company's technologies and innovations in an agile, efficient, secure and cost-effective manner.
- The Digital Communications and Marketing & Sales units are focused on supporting Wellfully's own consumer brands.
- BodyGuard is the Company's therapeutic unit and develops advanced "direct to site of injury" patch products for the wellness and pain management sectors. This technology also has applications across supplement, healthcare, and musculoskeletal sectors.

ABOUT WELLFULLY'S TECHNOLOGIES

Wellfully has developed a number of physical enhancement technologies based on the interactions between ingredient molecules and weak atomic forces, positioning the Company as a world leader in the science of magnetic fields as they relate to drug or active-ingredient delivery.

The first of Wellfully's magnetic technologies was the Magnetic Microarray. Complex 3-D magnetic fields, produced by low-cost microarray film, influence the movement and penetration through the skin of drugs, active ingredients and formulations at the molecular level. This was licensed and commercialized in 2014.

The second magnetic technology, the Programmable Array technology, employs powered electromagnetic fields that can be altered to suit individual consumer's skincare needs. This was licensed for skincare applications in 2020.

The third magnetic technology uses magnetic fields to alter the wettability of a surface, substantially enhancing contact between liquid and solids. Magneto-Wetting underpins the Company's current developments in haircare, skincare and surface hygiene, in conjunction with Wellfully's recently developed Ultrasonic Misting technology. International patents have been filed.

FORWARD-LOOKING STATEMENTS

This announcement contains certain “forward-looking statements” concerning Wellfully. Where Wellfully expresses or implies an expectation or belief as to future events or results, such expectation or belief is expressed in good faith and believed to have a reasonable basis.

Forward-looking statements provided in this announcement are based on assumptions and contingencies which are subject to change without notice. Such forward-looking statements including statements regarding intentions, planned events and potential results are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance.

There can be no assurance that actual outcomes will not differ materially from these forward-looking statements, and there are risks associated with Wellfully and the industry which may affect the accuracy of the forward-looking statements. Wellfully does not undertake any obligation to release publicly any revisions to any forward-looking statements to reflect events or circumstances after the date of this announcement or to reflect the occurrence of unanticipated events, except as may be required under applicable securities laws.
