

## Canadian Projects Field Work & First Nations Engagement

**Equinox Resources Limited** (“**Equinox**” or the “**Company**”) is pleased to provide an update on the Company’s current field work programs and First Nations engagement at its Dome Lake and Larder Lake Projects in Ontario, Canada.

The Dome Lake Project comprises of 783 claims covering an area of 160km<sup>2</sup>, the project is located within the prospective Wabigoon Subprovince on the Eastern Margin of the Onaman-Tashota Greenstone Belt within the Willet Assemblage, whilst the Larder Lake project consists of 585 claims covering 121km<sup>2</sup> in Ontario and is located within the Quetico subprovince near the Case Batholith region, both projects are highly prospective for lithium occurrences.

The recent field works and meetings with local First Nations groups were extremely productive and will help expedite preliminary exploration programs for both projects, which are expected to commence in the second half of 2023.

### **Compliance Statement**

This announcement contains information on the Dome Lake and Larder Lake Projects extracted from ASX market announcements reported in accordance with the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves" (2012 JORC Code) and available for viewing at [www.eqnx.com.au](http://www.eqnx.com.au) or [www.asx.com.au](http://www.asx.com.au). EQN is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources (as that term is defined in the JORC Code) that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. ASX announcements are as follows: Canadian Lithium Projects Update 26 May 2023; Investor Presentation 28 March 2023; Equinox Expands Canadian Exploration Portfolio 16 February 2023 and Equinox Secures Australian and Canadian Exploration Areas 15 December 2022.

### **Forward-looking Statements**

Certain statements included in this release constitute forward-looking information. Statements regarding EQN's plans with respect to its mineral properties and programs are forward-looking statements. There can be no assurance that EQN's plans for development of its mineral properties will proceed as currently expected. There can also be no assurance that EQN will be able to confirm the presence of additional mineral resources, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of EQN's mineral properties. The performance of EQN may be influenced by a number of factors which are outside the control of the Company and its Directors, staff, and contractors.

These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the Company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of exploration sample, mapping and drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves and resources, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related to the company's prospects, properties and business strategy.

Except for statutory liability which cannot be excluded, each of EQN, its officers, employees and advisors expressly disclaim any responsibility for the accuracy or completeness of the material contained in these forward-looking statements and excludes all liability whatsoever (including in negligence) for any loss or damage which may be suffered by any person as a consequence of any information in forward-looking statements or any error or omission. EQN undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after today's date or to reflect the occurrence of unanticipated events other than required by the Corporations Act and ASX Listing Rules. Accordingly, you should not place undue reliance on any forward-looking statement.
