About OpenLearning

OpenLearning is an Artificial Intelligence (AI) powered SaaS platform for lifelong learning.

The platform enables education providers to manage all aspects of online learning, harnessing the power of Generative AI to streamline course design, content authoring and education delivery for short courses, micro-credentials and online degrees.

OpenLearning is a trusted partner to more than 220 leading education providers, who have delivered tens of thousands of courses to over 3 million learners through its platform.

With a strong position in the Australian and Malaysian higher education sectors, and a growing presence in Indonesia and India, OpenLearning is revolutionising the way education is accessed and delivered globally.
